Illustrated by Sheila Rose Diana Pullein THOMPSON, 1967 The Hidden River Diana Pullein-Thompson, 1960 **The Hidden River** Ruth Goetz, 1957 **The Hidden Rivers** Barrett Williams, ChatGPT, 2025-04-11 Dive into the mysterious and dynamic world of ocean currents with *The Hidden Rivers* an enlightening journey into the forces shaping our planet's climate weather and ecosystems This comprehensive guide unveils the science behind the unseen highways of the sea revealing their vital role in the Earth's natural systems Explore the foundation of ocean currents with insights into their formation and the scientific principles guiding their movements Delve into the complexities of surface currents influenced by winds and discover the deep ocean currents driven by thermohaline circulation profound phenomena that are fundamental to our planet's health *The Hidden Rivers* also explores how these currents interact with and regulate global climates distributing heat across the globe and connecting the ocean and atmosphere in powerful ways You'll uncover the regional impacts from the roaring Gulf Stream in the Atlantic to the influences of El Niño and La Niña in the Pacific In a world facing climate change understanding how these currents affect and are affected by our changing environment is crucial Learn about their impact on Arctic climates marine ecosystems and the delicate balance of coral reefs As ocean currents evolve they disrupt global weather systems alter storm tracks and contribute to rising sea levels in unexpected ways The book also examines mankind's role in these shifts highlighting the influence of greenhouse gases and climate change on the ocean's flow With the aid of modern technology we can now monitor and predict these changes with newfound precision Discover the latest advancements and research and explore the future possibilities and challenges in managing these vital systems Filled with case studies and examples *The Hidden Rivers* paints a vivid picture of how ocean currents intertwine with cultural and economic aspects from fishing economies to traditional knowledge Join this important conversation about our oceans future and be inspired to engage in global and local efforts to protect these hidden rivers of our world The hidden river Christopher Prescott, **A Hidden River** Anthony Pino, 2012-11 A Hidden River is a collection of stories and poems dealing with the themes of humanity's assault on its environment and on itself After long years of federal service the writer returned to California and found it overrun with industrial defense and residential development and obsessed with violence He responded to this condition with poems of fantastic revenge nostalgia and sorrow such as Plum Valley Joaquin and Me

Apricot and Red Cadillac Some stories and poems also deal with our society's violent disregard for human civility and the continuing presence of violence against other human societies These would include The Amazing Death of J J Finkelstein and An Ode to My Mexican Pot Any country willing to kill or disparage its own will certainly not stop at mauling others The War Bird and Mars 2003 are poems of dread anticipating prolonged exploitative war Pax Vobiscum The Hidden River ... A Play from the Novel by Storm Jameson Ruth Goetz, Augustus Goetz, Storm Jameson, 1957 **London's Hidden Rivers** David Fathers, 2024-10-24 A fantastic guide to exploring the hidden rivers of London London has many rivers but they are often hidden under centuries of development Rivers like the Walbrook the Fleet or the Effra have left their mark on the city and still form an important part of our subterranean world From the former watering hole by the Earl's Sluice where Canterbury pilgrims rested David Bowie rehearsed and Henry Cooper trained to the Gardens by the Westbourne where a young Mozart performed From Counter's Creek and its burial grounds of Kensal Green and Brompton to the River Effra and the West Norwood cemetery From the pipe carrying the River Tyburn over Baker Street Underground station to the grate in Farringdon through which the River Fleet can be heard and seen David Fathers shows the course of London's hidden rivers in a series of detailed guided walks illustrating the traces they have left and showing the ways they have shaped the city Each walk starts at the tube or rail station nearest to the source of the river and then follows it down to the Thames through parkland suburbia historic neighbourhoods and the vestiges of our industrial past London's Hidden Rivers contains over 120km of walks both north and south of the Thames Winding through the hills valleys and marshes that underlie the city every page is a revelation *The Hidden River and Adventure Ahoy!* Monica Marsden, 1948 **Hidden River** Adrian McKinty, 2005 A thriller that takes you to the heart of New York City's most bloody era A writer whose dialogue is as hard and true as the streets **The Hidden River** Michel A. Marx, 2012-09-25 Real adventures are not always coming out of the make believe book factories Instead the most fascinating and entertaining one are generated by the life The Hidden River is such a story A very young man caught in the infernal maelstrom of the World War two his struggle for survival in an environment of carnage destruction and hopelessness and of his discovery that sometimes challenges in life are the tools that makes us understand that we are more than we think we are His adventures are endless hard to believe but fascinating as they take us to a world few of us can imagine was existing Victories are not always won by cloak and dagger plot Sometime survival itself is the victory and endurance and resourcefulness are needed The war ended By a miraculous set of events he was able to come to the USA then meet Frank Lloyd Wright the famous Architect then go on with a normal life But his mental balance had been shattered and he was in need of healing and directions he went on another adventure the one of self discovery From Frank Lloyd Wright he had glimpsed the world of beauty harmony and creativity Not enough for him for he needed the reassurance that all was not misery and ugliness in the world A fateful meeting with Paramhansa Yogananda the great Yogi gave him the spiritual and mental direction he had been lacking The new adventure of his Recovery is the last part

of the book *Hidden Rivers* Yves Earhart, 2025-01-04 *Hidden Rivers* offers a fascinating exploration of Earth's subterranean waterways revealing how these concealed channels shape our planet's geology ecology and human development From sprawling urban aquifers to ancient desert paleochannels the book uncovers the crucial role these underground systems play in our global water cycle and modern civilization Through a blend of scientific research and engaging narrative readers discover how these hidden waterways some extending hundreds of kilometers continue to influence everything from city infrastructure to regional climate patterns The book skillfully progresses from fundamental concepts of groundwater movement and karst formation to in depth case studies of major underground river systems worldwide Using advanced research methods like ground penetrating radar and isotope tracking it presents compelling evidence of how these hidden waters shape our world Particularly intriguing are the revelations about ancient rivers beneath the Sahara Desert and the complex network of waterways flowing beneath major cities like Paris London and New York where they constantly interact with modern infrastructure This comprehensive work bridges the gap between technical hydrogeology and practical application making it invaluable for both professionals and curious readers The author's approach balances academic rigor with accessibility weaving historical discoveries with current scientific findings to demonstrate how understanding these hidden rivers is crucial for addressing contemporary challenges in water security urban development and environmental conservation Through carefully structured chapters readers gain a thorough understanding of these vital but often overlooked natural systems and their significance for our planet's future
