Mind's Garden is worth the price of this book alone. The 30 Seeds are guidelines that have been helpful in my journey of personal and spiritual growth. Planting these life-enhancing seeds into the gardens of our minds enables us to become more conscious, aware, loving, and compassionate. This is simply the best psychological self-help book I've ever read. I've already recommended this book to my friends. An excellent read. Patricia Pollard, M.P.A., Administrator from Health Sciences Personnel Brody School of Medicine, East Carolina University, Greenville, NC.

Button Therapy Book: Good for Self-Helpers and Professionals. Goodwin has written a very readable book which includes a thorough compilation of respected authors, therapists, and philosophers. Those views augmented with his many years of counseling experience provide a useful theoretical and practical book for both the mental health professional as well as the individual seeking a good self-help reference and guide, including inventories in the appendix.

Stephen K. Creech, Ph.D., Mental Health Professional and Musician from Winterville, NC.

Button Therapy: I was excited to see three decades of counseling theories, approaches, and strategies in mind-body therapy brought together in one resource that is readable and accessible for either the lay reader or counseling professional. This book is unique because it combines psychological research with very usable self-assessments and self-help techniques that can be applied in the real world. The element that I found most helpful are the 30 Seeds for Your Mind's Garden in Chapter 21. This presents a summary and cognitive guideline of living life most effectively to its fullest potential.

Mark Stebnicki, Rh.D., LPC, CRC, CDMS, Professor and Director, Rehabilitation Counselor Education Program, East Carolina University, Greenville, NC.

A Fantastic Book: A super way to learn how to deal with all the Buttons and Button Pushers in your life. Learn to be a happier, healthier, and hopefully a better person all around.

Ned Petrak, Financial Advisor, Goldsboro, NC.

CONGRATULATIONS! Congratulations, Dr. Goodwin. You've done a wonderful job. I like the holistic nature of this cognitive behavior therapy model. The vast majority of clients I have worked with see themselves as pawns in this world, being blown from one situation to the other with minimal control. They often experience their emotions and actions as responsive to external forces rather than behavioral choices over which they have control. The Button Therapy Book teaches that the locus of most situations is internal and therefore under our control. Most of us are spiritually empty. I am very positive that they will be able to fill that spiritual void by reading The Button Therapy Book. I will recommend this book to any mental health professional I know.

Agyenim A. Boateng, M.S., CRC, CCAS, LPC, Mental Health Professional from Pinehurst, NC.

An Excellent Guide To Feeling Good: The Button Therapy Book provides techniques that will immediately lift your spirits and help you develop a positive outlook on life. Everyone has Buttons and Button Pushers. Dr. Goodwin provides a framework to recognize the cognitions, i.e., thoughts, beliefs, etc., attached to Buttons that produce negative results. Through the 21 Button removal strategies described in the book, empowerment is accessible. A great tool box for those working in the mental health field as well as for anyone seeking personal growth. If you have the desire to dance to the music of the universe instead of dancing every time somebody pushes your Buttons, buy it, read it, you deserve it.

Sharon Williams from Washington, NC.

B. Quisenberry,1993 **American Journal of Dental Science** ,1890 **Jesus Deorthodoxed** Stephen Clopton,2023-06-12 Having grown up in church there was always something about the gospel that didn't quite click for me I am sure most can relate to the narrative of good vs evil heaven vs hell or even God vs the devil and this is true the thing about truth is that it has many facets I always felt like there is more in the bible that isn't being talked about Most can relate to a scripture jumping off of the page and becoming real to you because it was heard in a way that it hasn't been heard before This book is an embodiment of that experience I live in a suburb of Tulsa and in 2001 I was in a car accident that put me in a coma for 6 weeks I then was in wheel chair and rehab for about 3 months learning how to walk again and everything that comes with being autonomous This is where the scriptures I had heard and read my whole life were starting to be understood from a place of completion The Bible was like a new book because I started to understand that I wasn't trying to follow its directions to get God to do something that hasn't been done He has already done everything and I am trying to keep myself in a position to receive what has always been available This book will not change Jesus and His death burial and resurrection from being the main thing It will solidify the fact that Gentiles have never been under the Law of Moses and they are the only ones that can accuse themselves The only thing we need to be concerned with is Jesus being a new High Priest and keeping His one commandment **Sins, Stones & Glass Houses** G. Pen's On Fire Clifton Perry,2025-01-02

Soon after my incarceration at San Quentin prison for a capital offense I was diagnosed as suffering from bipolar and borderline personality disorder Later I was also diagnosed with multiple personality disorder After being told this news instead of rejecting this analysis I decided to embrace my mental illness and do all I could to become aware of how important mental wellness is for me and for others too This decision resulted in my confronting many of my past behaviors One day while doing some writing exercises in prison I began to notice some of the works I had written and I thought to myself Cliff man your pen is on fire like it has flames shooting off the paper It was at this moment that I decided not to shy away from my mental illness but embrace it in a creative direction and I started collecting my poems for possible publication Looking over the wide range of poetry I chose to title my work Pens on Fire The Multiple Personalities of a Poet Realizing that society often views mental illness as a stigma I began to believe that I could use my experiences to help others like me Through my poetry I could reach out to those who are or will be identified as mentally ill I now spent half of my twenty eight year on death row at San Quentin in the prison s mental health program and have learned so much about my well being I want people who are hurting those who have been labeled different or anyone who needs encouragement to seek help By the grace of God I trust these poems will bring you healing comfort and inspiration
