J. F. Bosher

Sir Edward Watkin 1819-1901:

Sir Edward Watkin, 1819-1901 John Neville Greaves, 2005 J. F. Bosher, 2010-04 During the century 1850-1950 Vancouver Island attracted Imperial officers and other Imperials from India the British Isles and elsewhere in the Empire Victoria was the main British port on the north west Pacific Coast for forty years before the city of Vancouver was founded in 1886 to be the coastal terminus of the Canadian Pacific Railway These two coastal cities were historically and geographically different The Island joined Canada in 1871 and thirty five years later the Royal Navy withdrew from Esquimalt but Island communities did not lose their Imperial character until the 1950s P 4 of cover **British Businessmen and Canadian Confederation** Andrew Smith, 2008-07-16 Andrew Smith discusses the role of British investors in Canadian Confederation covering the period from the construction of the Grand Trunk Railroad in the 1850s to Canada's purchase of Rupert's Land in 1869-70 He describes how some investors lobbied the British government for the policies that made Confederation possible working closely with the Fathers of Confederation many of whom were participants in the same trans Atlantic crony capitalist system British factory owners with classical liberal beliefs however disliked Confederation because they believed it would delay the political independence of the North American colonies something they saw as beneficial *Amazing & Extraordinary London Underground Facts* Stephen Halliday, 2012-02-01 This is a fascinating and useful reference to the history of the London Underground that reveals new insights into the history of the iconic transport system the perfect gift for commuters tourists and railway enthusiasts alike For anyone who has lived worked visited or even passed through London the tube is one of the iconic and defining characteristics of the city *Amazing Extraordinary London Underground Facts* takes you from the famous roundel symbol and standing on the right of the escalators to the instantly recognizable and hugely influential route map This title helps to discover the tales of the building of the first lines in the mid nineteenth century and the steam trains that ran along them the ever expanding network of routes the abandoned ghost stations the notorious incidents and colorful characters that have all played a part in the amazing and extraordinary history of the London Underground **Fleeting Cities** Alexander C.T. Geppert, 2025-03-11 Imperial expositions held in fin de siècle London Paris and Berlin were knots in a world wide web Conceptualizing expositions as meta media *Fleeting Cities* constitutes a transnational and transdisciplinary investigation into how modernity was created and displayed consumed and disputed in the European metropolis around 1900 The Subterranean Railway Christian Wolmar, 2012-11-01 Since the Victorian era London's Underground has had played a vital role in the daily life of generations of Londoners Christian Wolmar celebrates the vision and determination of the 19th century pioneers who made the world's first and still the largest underground passenger railway one of the most impressive engineering achievements in history From the early days of steam to electrification via the Underground's contribution to 20th century industrial design and its role during two world wars the story comes right up to the present with its sleek driverless trains and the wrangles over the future of the system This book

reveals London's hidden wonder in all its glory and shows how the railway beneath the streets helped create the city we know today **Fleeting Cities** A. Geppert, 2010-11-03 Imperial expositions held in fin de siècle London Paris and Berlin were knots in a world wide web Conceptualizing expositions as meta media Fleeting Cities constitutes a transnational and transdisciplinary investigation into how modernity was created and displayed consumed and disputed in the European metropolis around 1900 *The Little Book of the London Underground* David Long, 2010-12-26 Did You Know In 1884 the Circle Line opened and was described in The Times as a form of mild torture which no person would undergo if he could conveniently help it According to one psychologist Tube commuters can experience greater levels of stress than a police officer facing a rioting mob or even a fighter pilot going into a dogfight Underground trains have only twice been used to transport deceased people in coffins William Gladstone and Dr Barnardo Some of the most bizarre items handed in to lost property include 250lb of sultan's a 14ft canoe a child's garden slide a harpoon gun a pith helmet an artificial leg someone's brother's ashes and a sealed box containing three dead bats WITH well over a billion passengers a year more than 250 miles of track literally hundreds of different stations and a history stretching back at least 160 years the world's oldest underground railway might seem familiar but how well do you actually know it This book offers a feast of Tube based trivia for travellers and lovers of London alike *Transport Policy: Learning Lessons from History* Colin Divall, Julian Hine, 2017-05-15 The key aim of this volume is to demonstrate ways in which an understanding of history can be used to inform present day transport and mobility policies This is not to say that history repeats itself or that every contemporary transport dilemma has an historical counterpart rather the contributors to this book argue that in many contexts of transport planning a better understanding of the context and consequences of past decisions and processes could lead to more effective policy decisions Collectively the authors explore the ways in which the methods and approaches of historical research may be applied to contemporary transport and policy issues across a wide range of transport modes and contexts By linking two bodies of academic research that for the most part remain separate this volume helps to inform current transport and mobility policies and to stimulate innovative new research that links studies of both past and present mobilities

When Hitler Took Cocaine and Lenin Lost His Brain Giles Milton, 2016-01-05 Obscure and addictive true tales from history told by one of our most entertaining historians Giles Milton The first installment in Giles Milton's outrageously entertaining series History's Unknown Chapters colorful and accessible intelligent and illuminating Milton shows his customary historical flair as he delves into the little known stories from the past There's the cook aboard the Titanic who pickled himself with whiskey and survived in the icy seas where most everyone else died There's the man who survived the atomic bomb in both Hiroshima and Nagasaki And there's many many more Covering everything from adventure war murder and slavery to espionage including the stories of the female Robinson Crusoe Hitler's final hours Japan's deadly balloon bomb and the emperor of the United States these tales deserve to be told **When Lenin Lost His Brain** Giles

Milton,2015-03-26 In this marvellous collection of fascinating footnotes Giles Milton delves into the little known stories from history Covering everything from adventure war murder and slavery to espionage including the stories of the female Robinson Crusoe Hitler s final hours Japan s deadly balloon bomb and the emperor of the United States these tales deserve to be told

Fascinating Footnotes From History Giles Milton,2015-09-24 Giles Milton is a man who can take an event from history and make it come alive an inspiration for those of us who believe that history can be exciting and entertaining

Matthew Redhead The Times Did you know that Hitler took cocaine That Stalin robbed a bank That Charlie Chaplin s corpse was filched and held to ransom Giles Milton is a master of historical narrative in his characteristically engaging prose

Fascinating Footnotes From History details one hundred of the quirkiest historical nuggets eye stretching stories that read like fiction but are one hundred per cent fact There is Hiroo Onoda the lone Japanese soldier still fighting the Second World War in 1974 Agatha Christie who mysteriously disappeared for eleven days in 1926 and Werner Franz a cabin boy on the Hindenburg who lived to tell the tale when it was engulfed in flames in 1937

Fascinating Footnotes From History also answers who ate the last dodo who really killed Rasputin and why Sergeant Stubby had four legs

Peopled with a gallery of spies rogues cannibals adventurers and slaves and spanning twenty centuries and six continents Giles Milton s impeccably researched footnotes shed light on some of the most infamous stories and most flamboyant and colourful characters and animals from history

Previously published in four individual epub volumes When Hitler Took Cocaine When Stalin Robbed a Bank When Lenin Lost His Brain and When Churchill Slaughtered Sheep

Creating Capitalism James Taylor,2014 The growth of joint stock business in Victorian Britain re evaluated showing in particular the resistance to it

Winner of the Economic History Society s Best First Monograph award 2009 The emergence of the joint stock company in nineteenth century Britain was a culture shock for many Victorians Though the home of the industrial revolution the nation s economy was dominated by the private partnership seen as the most efficient as well as the most ethical form of business organisation

The large impersonal company and the rampant speculation it was thought to encourage were viewed with suspicion and downright hostility This book argues that the existing historiography understates society s resistance to joint stock enterprise it employs an eclectic range of sources from newspapers and parliamentary papers to cartoons novels and plays to unearth this forgotten economic debate

It explores how the legal system was gradually restructured to facilitate joint stock enterprise a process culminating in the limited liability legislation of the mid 1850s This has typically been interpreted as evidence for the emergence of new positive attitudes to speculation and economic growth but the book demonstrates how traditional outlooks continued to influence legislation and the way in which economic reforms were driven by political agendas

It shows how debates on the economic culture of nineteenth century Britain are strikingly relevant to current questions over the ethics of multinational corporations

James Taylor is Senior Lecturer in British History at Lancaster University

Railways, Urban Development and Town Planning in Britain: 1948-2008 Russell Haywood,2016-03-23 This book provides a critical

overview of the relationships between planning and railway management and development during the key period in the 20th Century when the railway was in public ownership 1948 94 It assesses the strength of the relationships when working in collaboration with the private sector The book then focuses on the interplay between planning and railway since privatization in 1994 and points to best practice for the future in institutional structures and policy development to secure improved outcomes

Twentieth Century Industrial Archaeology Michael Stratton,Barrie Trinder,2014-04-04 This book examines the industrial monuments of twentieth century Britain Each chapter takes a specific theme and examines it in the context of the buildings and structure of the twentieth century The authors are both leading experts in the field having written widely on various aspects of the subject In this new and comprehensive survey they respond to the growing interest in twentieth century architecture and industrial archaeology The book is well illustrated with superb and unique illustrations drawn from the archives of the Royal Commission on the Historical Monuments of England It will mark and celebrate the end of the century with a tribute to its remarkable built industrial heritage

The Letters of Richard Cobden Anthony Howe,2007-11-22 The first of four volumes this book provides a unique insight into the career of one of Britain s leading nineteenth century politicians Richard Cobden 1804 1865 moved rapidly from business success in Manchester into the worlds of local national and international politics providing a case study in social mobility in the Industrial Revolution He travelled extensively visiting the United States the Near East and the continent writing influential pamphlets before undertaking the campaign against the British Corn Laws for which he remains best known Drawing on material from Britain Europe and the United States the letters are accompanied by notes and an introduction by Anthony Howe explaining the unusual history of the letters and re assessing Cobden s importance in their light But the letters reveal not only Cobden the anti corn law crusader but provide us with a greater understanding of wider aspects of middle class politics and culture in their formative period in Britain and Europe Together these four volumes provide a unique source on British liberalism in its European and international contexts throwing new light on issues such as the repeal of the Corn Laws the British radical movements the Crimean War the Indian Mutiny and the American Civil War

Nineteenth-Century Travels, Explorations and Empires, Part I Vol 2 Peter J Kitson,William Baker,Indira Ghose,Susan Schoenbauer Thurin,2021-12-16 A collection of writings on travels undertaken in the Victorian era The texts collected in these volumes show how 19th century travel literature served the interests of empire by promoting British political and economic values that translated into manufacturing goods

The Liberal Unionist Party Ian Cawood,2012-08-14 The Liberal Unionist party was one of the shortest lived political parties in British history It was formed in 1886 by a faction of the Liberal party led by Lord Hartington which opposed Irish home rule In 1895 it entered into a coalition government with the Conservative party and in 1912 now under the leadership of Joseph Chamberlain it amalgamated with the Conservatives Ian Cawood here uses previously unpublished archival material to provide the first complete study of the Liberal Unionist party He argues that the party was a

genuinely successful political movement with widespread activist and popular support which resulted in the development of an authentic Liberal Unionist culture across Britain in the mid 1890s The issues which this book explores are central to an understanding of the development of the twentieth century Conservative party the emergence of a national political culture and the problems both organisational and ideological of a sustained period of coalition in the British parliamentary system

Rise to Greatness, Volume 1: Colony (1000-1867) Conrad Black, 2017-03-07 Masterful ambitious and groundbreaking this is a major new history of our country by one of our most respected thinkers and historians a book every Canadian should own From the acclaimed biographer and historian Conrad Black comes the definitive history of Canada a revealing groundbreaking account of the people and events that shaped a nation The first of three volumes spanning from the year 1000 to 1867 and beginning with Canada's first inhabitants and the early explorers this masterful history challenges our perception of our history and Canada's role in the world taking on sweeping themes and vividly recounting the story of Canada's development from colony to dominion to country Black persuasively reveals that while many would argue that Canada was perhaps never predestined for greatness the opposite is in fact true the emergence of a magnificent country against all odds was a remarkable achievement Brilliantly conceived this major new reexamination of our country's history is a riveting tour de force by one of the best writers writing today *Rise to Greatness* Conrad Black, 2014 Controversial newspaper publisher and historian Conrad Black has written a definitive history of Canada This is a revealing account of the people and events that shaped a nation Spanning from 874 to 2014 and beginning with Canada's first inhabitants and the early explorers this masterful history challenges our perception of our history and Canada's role in the world From Champlain to Carleton Baldwin and Lafontaine to MacDonald Laurier and King from Canada's role in peace and war to Quebec's quest for autonomy Black takes on sweeping themes
