Six Patriotic Posters Postcards:

Six Patriotic Posters Postcards James Spero, 1990-11 Excellent full color reproductions of famous WW I and II posters by Christy Flagg and Leyendecker including Flagg's I Want YOU for U S Army Bookseller & Stationer and Office Equipment Journal, 1915 *Complete Catalog of Books in All Fields* Dover Publications, Inc, 1997 *Open Letters* Alison Rowley, 2013-12-11 During the fin de siècle and early revolutionary eras picture postcards were an important medium of communication for Russians of all backgrounds In *Open Letters* the most comprehensive study of Russian picture postcards to date Alison Rowley uses this medium to explore a variety of aspects of Russian popular culture The book is lavishly illustrated with more than 130 images most of which have never been published before Through her examinations of postcards Rowley addresses a diverse range of topics how landscape postcards conveyed notions of imperialism the role of postcards in the rise of celebrity culture depictions of the body on erotic and pornographic postcards how postcards were employed to promote differing interpretations of the First World War and the use of postcards by revolutionary groups seeking to overthrow the Tsarist government Rowley determines the extent to which Russia was embedded in Europe wide cultural trends by situating the Russian case within a larger European context John Heartfield and the Agitated Image Andrés Mario Zervigón, 2012-12-01 Working in Germany between the two world wars John Heartfield born Helmut Herzfeld 1891 1968 developed an innovative method of appropriating and reusing photographs to powerful political effect As a pioneer of modern photomontage he sliced up mass media photos with his iconic scissors and then reassembled the fragments into compositions that utterly transformed the meaning of the originals In *John Heartfield and the Agitated Image* Andrés Mario Zervigón explores this crucial period in the life and work of a brilliant radical artist whose desire to disclose the truth obscured by the mainstream press and imperial propaganda made him a de facto prosecutor of Germany's visual culture Zervigón charts the evolution of Heartfield's photomontage from an act of antiwar resistance into a formalized and widely disseminated political art in the Weimar Republic Appearing on everything from campaign posters to book covers the photomonteur's notorious pictures challenged well worn assumption and correspondingly walked a dangerous tightrope over the political social and cultural cauldron that was interwar Germany Zervigón explains how Heartfield's engagement with montage arose from a broadly shared dissatisfaction with photography's capacity to represent the modern world The result was likely the most important combination of avant garde art and politics in the twentieth century A rare look at Heartfield's early and middle years as an artist and designer this book provides a new understanding of photography's role at this critical juncture in history Postcards from the Nursery Dawn Cope, Peter Cope, 2000 A tribute to legions of unsung children's illustrators **Germany, Propaganda and Total War, 1914-1918** David Welch, 2000 Adolf Hitler writing in *Mein Kampf* was scathing in his condemnation of German propaganda in the First World War declaring that Germany had failed to recognize propaganda as a weapon of the first order This despite the fact that propaganda had been regarded arguably for

the first time as an intrinsic part of the war effort David Welch has written the first book to fully examine German society politics propaganda public opinion and total war in the Great War Drawing on a wide range of sources from posters newspapers journals film parliamentary debates police and military reports and private papers Welch argues that the moral collapse of Germany was due less to the failure to disseminate propaganda than to the inability of the military authorities and the Kaiser to reinforce this propaganda and to acknowledge the importance of public opinion in forging an effective link between leadership and the people **Teachers College Record** ,1918 *American Woman Suffrage Postcards* Kenneth Florey,2016-04-29 American women s suffrage activists were fascinated with suffrage themed postcards They collected them exchanged them wrote about them used them as fundraisers and organized postcard day campaigns The cards they produced were imaginative and ideological advancing arguments for the enfranchisement of women and responding to antisuffrage broadsides Commercial publishers were also interested in suffrage cards recognizing their profit potential Their products though were reactive rather than proactive conveying stereotypes they assumed reflected public attitudes often negative towards the movement Cataloging approximately 700 examples this study examines the visual rhetoric of suffrage postcards in the context of the movement itself and as part of the general history of postcards **Meanjin Vol 81, No 1** Meanjin Quarterly,2022-03-16 embracing anger is a political act This is not a personal project but a social one being passive and perpetually afraid of your power reinforces the status quo and I am no longer interested in that Anger is a complex emotion which is exactly why my child brain suppresses it and exactly why we as a society are afraid of it Anger teaches us that not everything has to be either or In a profound and personal essay Lucia Osborne Crowley writes on learning to embrace anger as a multi faceted emotion Anger can be an act of caring anger can be a force for personal power and inter personal good anger she says can sit alongside love and hope and connection rather than being their opposite Guy Rundle studies the rise of the Knowledge Class the laptop tapping workers at the core of the west s new economy and details the challenge and opportunity this growing group poses for traditional progressive politics Na ama Carlin found her first pregnancy challenging a minefield of existential and practical complication Then she was diagnosed with aggressive breast cancer Author Alice Pung writes on the vexed politics of diversity in the Australian publishing industry Futurist Mark Pesce is anxious about the social implications of the Facebook metaverse but that s just the tip of the iceberg Critic and curator Chris McAuliffe looks at the hidden and very complicated history of the Australian flag El Gibbs writes on the hidden pandemic of living with both covid and disability Other essays from Declan Fry Martin Langford Gemma Carey Madeleine Gray Jill Giese Bruce Buchan and more Memoir from Alice Bishop Alexander Wells Dominic Gordon and Hannah Preston New fiction from Jennifer Mills Ouyang Yu and Christopher Raja New poetry from Adam Aitken Lucy Dougan Ashleigh Synnott Stephen Edgar Svetlana Sterlin Junie Huang and more Reviews from Millie Bayliss Imogen Dewey Hasib Hourani Thabani Tshuma and Rosie Ofori Ward **Cartoons Magazine** ,1918 *Propaganda Postcards of World War II* Ron Menchine,2000 Here s World War II as

it has never been seen before The propaganda of the war years reflects the mood of the nations involved The stories behind propaganda postcards are fascinating bits of history often overlooked in textbooks These are the real thing showing how the Axis and Allies demonized their enemies and glorified their heroes More than 300 postcards from over 20 nations and Menchine's incisive commentary provide a provocative glimpse into the emotional climate of the peoples affected by the war whether they were on the battlefield or on the production line *Teachers College Record*, 1900 **Imagining the Unimaginable** Aaron J. Cohen, 2008-06-01 World War I had a profound influence on the aesthetics and politics of Russian culture perhaps even more than the revolution Looking at how the war changed Russian culture especially visual art Cohen shows how the wartime environment allowed iconoclastic modern art to flourish **Beauty and the Beast** Arnold Arluke, Robert Bogdan, 2010-11-05 From fairy tales to photography nowhere is the complexity of human animal relationships more apparent than in the creative arts Art illuminates the nature and significance of animals in modern Western thought capturing the complicated union that has long existed between the animal kingdom and us In *Beauty and the Beast* authors Arluke and Bogdan explore this relationship through the unique lens of photo post cards This visual medium offers an enormous and relatively untapped archive to compellingly document their subject **Queer Necropolitics** Jin Haritaworn, Adi Kuntsman, Silvia Posocco, 2014-02-03 This book comes at a time when the intrinsic and self-evident value of queer rights and protections from gay marriage to hate crimes is increasingly put in question It assembles writings that explore the new queer vitalities within their wider context of structural violence and neglect Moving between diverse geopolitical contexts the US and the UK Guatemala and Palestine the Philippines Iran and Israel the chapters in this volume interrogate claims to queerness in the face of death both spectacular and everyday *Queer Necropolitics* mobilises the concept of necropolitics in order to illuminate everyday death worlds from more expected sites such as war torture or imperial invasion to the mundane and normalised violence of racism and gender normativity the market and the prison industrial complex Contributors here interrogate the distinction between valuable and pathological lives by attending to the symbiotic co-constitution of queer subjects folded into life and queerly abjected racialised populations marked for death Drawing on diverse yet complementary methodologies including textual and visual analysis ethnography and historiography the authors argue that the distinction between war and peace dissolves in the face of the banality of death in the zones of abandonment that regularly accompany contemporary democratic regimes The book will appeal to activist scholars and students from various social sciences and humanities particularly those across the fields of law cultural and media studies gender sexuality and intersectionality studies race and conflict studies as well as those studying nationalism colonialism prisons and war It should be read by all those trying to make sense of the contradictions inherent in regimes of rights citizenship and diversity *Art Nouveau Postcards* Giovanni Fanelli, Ezio Godoli, 1987 *Garden Life*, 1913 **Rethinking the Russo-Japanese War, 1904-5**, 2007-05-17 Despite the growing number of publications on the Russo-Japanese War an

abundance of questions and issues related to this topic remain unsolved or call for a reexamination This 30 chapter volume the first in the two volume project Rethinking the Russo Japanese War provides a comprehensive reexamination of the origins of the conflict the various dimensions of the nineteen month conflagration the legacy of the war and its place in the history of the twentieth century Such an enterprise is not only timely but unique It has benefited from a multinational team of thirty two scholars from twelve nations representing a broad disciplinary background The majority of them focus on topics never researched before and without exception provide a novel and critical view of the war This reexamination is of course facilitated by a century long perspective as well as an impressive assortment of primary and secondary sources many of them unexplored and in a number of cases unavailable earlier Baltimore and Ohio Employes Magazine ,1941
