Six Months To Oblivion:

Six Months to Oblivion Werner Girbig, 1975 Six Months to Oblivion Werner Girbig, Richard Simpkin, 1975 Beretter om nedkmpningen af de tyske jagerflystyrker gennem de sidste seks m neder af 2 verdenskrig med fokus p Operation Bodenplatte den 1 januar 1945 **Angels Zero** Robert Brulle, 2015-09-29 Robert V Brulle who flew seventy ground support missions with the 366th Fighter Group links his daily experiences in the cockpit not only with the battles in which he participated but also with events in the wider European theater Combining anecdotes from his personal diary research in US and German records and interviews with participants from both sides Brulle details a combat career that began just after D Day when he flew column cover for Allied troops as they chased the German military out of France He then describes the brutal six week H rtgen Forest campaign during which his fighter group lost 15 pilots and 18 aircraft He also tells how the otherwise bitterly fought Battle of the Bulge provided the 366th with an opportunity to successfully engage 60 Luftwaffe airplanes in a dogfight directly over their airfield Angels Zero combines both personal and historical detail to vividly re create a lesser known aspect of the air war in Europe **Oblivion's Galaxy - The Complete Trilogy** Dylan McFadyen, 1900 First Lieutenant Shaara was dead this morning Her captain is furious at her She wasted company resources getting herself killed and it s coming out of her paycheck Now she s sitting across from the first other human being she s seen in six years His name is Adnan He claims to come from Earth but that s impossible Earth died a long time ago If Adnan s telling the truth he and the decaying ship the captain pulled him off are nearly a thousand years old Wherever he s from he s Shaara s responsibility now Which is the last thing she needs But it s either that or the captain sells Adnan into slavery Shaara knows what that would mean Most humans do And something inside her won t let her abandon Adnan to it revenant memories stabbed awake by the look in his eyes Facing those memories won t be easy It d be far easier to ignore the feeling driving her forward Far easier to let it all go to hell and drift back to sleep Until a shadowy new faction starts stoking the fires of war They re looking for Adnan Earth s last survivor holds the key to unleash a terrible indiscriminate vengeance on the galaxy that wronged them Who they are is a mystery to everyone but Shaara Hard as she s tried to forget she knows them all too well Which means she s the only one who can stop them The question is does she want to Maybe the galaxy s earned a little vengeance The first book in the trilogy Oblivion s Cloak won First Place in the Space Opera category at the 2023 Cygnus Awards **Oblivion's Cloak** Dylan McFadyen, 2022-12-03 First Lieutenant Shaara was dead this morning Her captain is furious at her She wasted company resources getting herself killed and it s coming out of her paycheck Now she s sitting across from the first other human being she s seen in six years His name is Adnan He claims to come from Earth but that s impossible Earth died a long time ago If Adnan s telling the truth he and the decaying ship the captain pulled him off are nearly a thousand years old Wherever he s from he s Shaara s responsibility now Which is the last thing she needs But it s either that or the captain sells Adnan into slavery Shaara knows what that would mean Most humans do And something

inside her won't let her abandon Adnan to it; revenant memories stabbed awake by the look in his eyes. Facing those memories won't be easy. It'd be far easier to ignore the feeling driving her forward. Far easier to let it all go to hell and drift back to sleep. Until a shadowy new faction starts stoking the fires of war. They're looking for Adnan, Earth's last survivor, holds the key to unleash a terrible indiscriminate vengeance on the galaxy that wronged them. Who they are is a mystery to everyone but Shaara. Hard as she's tried to forget, she knows them all too well. Which means she's the only one who can stop them. The question is: does she want to? Maybe the galaxy's earned a little vengeance. **Oblivion's Triumph** Dylan McFadyen, 2023-08-24

Shaara is running out of friends. The sacrifices she and Warden made two years ago bought the League time, not victory. The war against the Undying has left them exhausted, drained of everything but hope and precious little of that. The simple fact is that the Undying are going to win. Warden knows it. Shaara knows it. The Undying, sure as hell, know it. Until out of the black the Eternal comes to Shaara with an offer she can't refuse, however much she'd like to. The threat he warned her about two years ago is real, and now it's come calling. It cares nothing for their little war. All life in the galaxy, Undying or not, will end if it spreads unchecked. Shaara and the Eternal have little choice but to work together to destroy it. At least for now. But people on both sides aren't happy with an alliance, however temporary. Some of them are willing to risk all that lives just for a shot at power and revenge. If Shaara can't find a way to defeat them, she and the few friends she has left will lose more than their lives. They'll lose everything. *Oblivion's Blade* Dylan McFadyen, 2023-04-21

Shaara never asked to be in charge. Since taking command of the mysterious AI warship Warden and the eccentric mercenary company that calls him home, she's only accepted jobs that let her conscience sleep at night. The trouble is those jobs don't pay too well. After more than a year of fighting for the downtrodden, the exploited, and the oppressed, the Wardens' coffers are running dry. So when they get a suspicious but lucrative offer from a pariah republic on the fringe of galactic politics, Shaara ignores the warning voice in her head and accepts. Of course the voice is right; it usually is. The contract takes the Wardens to the edges of explored space, there in the vast darkness beyond the galactic core a great and terrible force is gathering, a foe far deadlier than they've ever fought. The galaxy's not ready to face it. Has Shaara saved them all from Gaeus Nemesis just to die another day? What's more, this new enemy holds the key to another mystery. As they fight for their lives, Shaara and Corax are forced to ask themselves a question they hoped they'd never have to: How much do they really know about Warden? And can they trust him? *The Chronicles of Arcanilius* Antonia Rapheal, 2017-10-30 *Oblivion's Children* Jim Wegrzyn, Roland James, 2001

Robots are merely machines until they escape the bounds of programming and reveal that spark called free will. Yet that gift of consciousness may be only an illusion, a facade of elaborate imitation. Not even Turing's test can prove otherwise. But there is a way they can show their soul. If they were asked to help save humankind, could they? If so, would they?
