Six Weeks at Heppenheim Elizabeth Gaskell, 2004-06 That has never been our way in Germany There are people employed by the Government to examine the vines and report when the grapes are ripe It is necessary to make laws about it for as you must have seen there is nothing but the fear of the law to protect our vineyards and fruit trees there are no enclosures along the Berg Strasse as you tell me you have in England but as people are only allowed to go into the vineyards on stated days

Elizabeth Gaskell Patsy Stoneman, 1987 When Patsy Stoneman's Elizabeth Gaskell first appeared in 1987 it was welcomed as the first major full length feminist study of Gaskell Victorian Studies Though long out of print it is still widely used and cited in university contexts making it certain that this augmented edition will be equally welcome This pioneering study described as a model of feminist criticism The Year's Work in English Studies reveals Gaskell as an important social analyst who deliberately challenged the Victorian disjunction between public and private ethical values maintaining a steady resistance to aggressive authority and advocating female friendship rational motherhood and the power of speech as forces for social change Since 1987 Gaskell's work has risen from minor to major status Despite a wealth of subsequent gender oriented criticism however Stoneman's combination of psychoanalytic and political analysis which Choice found thought provoking in 1987 remains challenging in its use of modern motherhood theories This new edition therefore presents the original text unchanged except for bibliographical updating together with a new critical Afterword Patsy Stoneman's extensive new Afterword offers detailed evaluation of all the Gaskell criticism published between 1985 and 2004 which has a bearing on her subject and thus provides both a wide ranging debate on the social implications of motherhood and an invaluable survey of Gaskell criticism over the last twenty years This edition with an updated bibliography and index will bring a well known classic to a new audience while also offering a uniquely comprehensive overview of current Gaskell studies Book jacket

The Split Subject of Narration in Elizabeth Gaskell's First Person Fiction Anna Koustinoudi, 2011-12-16 The Split Subject of Narration in Elizabeth Gaskell's First Person Fiction analyzes a number of Elizabeth Gaskell's first person works through a post modern perspective employing such theoretical frameworks as psychoanalytic theory narratology and gender theory It attempts to explore the problematics of Victorian subjectivity bringing into focus the ways in which both her realistic and Gothic texts undercut and interrogate post Romantic

assumptions about an autonomous and coherent speaking and or narrating subject The essential argument of the book is that the mid nineteenth century narrating I in its communal voyeuristic and Gothic manifestations emerges as painfully divided lacking unstable ailing and hence unreliable pre figuring at the same time later forms of self conscious narration in fiction Furthermore it is also exposed as performative one that can be seen as a simulacrum without an original and consequently at odds with post Romantic empiricist assumptions about the factuality centrality and rationality of the human subject while at the same time clinging to illusions of autonomy Plagued by its own self awareness the narrating I is alienated both from itself as well as from those it attempts to represent including its own narrated counterpart To this effect it argues that throughout a trajectory of configurations psychic investments and imaginary identifications embedded in and conditioned by the workings of desire and ideology both of which underpin discursive and representational practices narrative subjectivity in Gaskell s first person fiction manifests itself as the product of a misrecognized encounter between the subject who narrates and that which is being narrated Both are essentially unable to see their split character and the alienating chasm opened up between them for the former on the level of narration and for the latter on a thematic level

Six Weeks at Heppenheim, the Original Classic Short Story Elizabeth Gaskell, 2015-03-24 After I left Oxford I determined to spend some months in travel before settling down in life My father had left me a few thousands the income arising from which would be enough to provide for all the necessary requirements of a lawyer s education such as lodgings in a quiet part of London fees and payment to the distinguished barrister with whom I was to read but there would be small surplus left over for luxuries or amusements and as I was rather in debt on leaving college since I had forestalled my income and the expenses of my travelling would have to be defrayed out of my capital I determined that they should not exceed fifty pounds
