Social Service Politics In The United States And Britain:

Social Service Politics in the United States and Britain Willard C. Richan, 1981 **The Politics of Social Work** Fred W Powell, 2001-03-28 Fred Powell argues for social work as civic engagement promoting inclusion and justice through dialogue and trust His book is an impressive combination of deep scholarship and fresh up to date analysis of current issues Bill Jordan University of Exeter An illuminating discussion of the influence of postmodern trends on the practice of social work that also offers a bracing guide for the future of the profession Social work practice Powell argues needs to be anchored in a commitment to an inclusive idea of citizenship and especially the inclusion of the most vulnerable citizens Francis Fox Piven City University of New York This is an extraordinarily useful book for studies of social policy especially in its presentation of a condensed history of social work's relationship to social policy The book is well documented well written and challenging It stimulates more thought than is common in professional literature International Social Work The Politics of Social Work provides a major contribution to debates on the politics of social work at the beginning of the 21st Century It locates social work within wider political and theoretical debates and deals with important issues currently facing social workers and the organisations in which they work By setting the current crisis of identity social workers are experiencing in international context Fred Powell analyses the choices facing social work in postmodern society Fred Powell explores in this text contemporary and historical paradigms of social work from its Victorian origins to the development of reformist practice in the welfare state to radical social work responses to social exclusion the renaissance of civil society multiculturalism feminism and anti oppressive practice In conclusion he examines the options facing social work in the 21st century and argues for a civic model of social work based on the pursuit of social justice in an inclusive society The Politics of Social Work will be essential reading for students on qualifying and post qualifying social work courses as well as courses in sociology social policy social administration and politics [Encyclopedia of Social Welfare History in North America](#) John M. Herrick, Paul H. Stuart, 2004-12-15 The Encyclopedia of Social Welfare History in North America is a unique reference work that provides readers with basic information about the history of social welfare in Canada Mexico and the United States The intent of the encyclopedia is to provide readers with information about how these three nations have dealt with social welfare issues some similar across borders others unique as well as to describe important events developments and the lives and work of some key contributors to social welfare developments In choosing a continental focus editors John M Herrick and Paul H Stuart encourage readers to explore cross national and comparative work in the development of social welfare history The Encyclopedia defines social welfare broadly to include education informal mutual assistance the development of the social work profession and voluntary charitable activities as well as state supported public welfare activities The coverage is therefore broad and interdisciplinary including the fields of anthropology health sciences history political science social work and sociology Editors include specialists in the social welfare history of each nation and they have collaborated with scholars

from a variety of academic disciplines to prepare entries of varying length addressing these issues Associate editors for Canada and Mexico both authorities in the history of social welfare in those countries were responsible for recruiting expert contributors in their fields No other reference work takes this unique continental approach and as such this will be a much needed acquisition for any academic or large public library with a social science collection Beginning students as well as established scholars will find this an invaluable starting point for investigations into new areas of inquiry Topics Covered Canada Charity Child welfare Economic conditions and social welfare Economics tax policy Health Mental Health Policy Landmark social welfare legislation Mexico Poverty Race and Social Inequality Social Problems Social Security and Income Maintenance Social Welfare Reform Social Welfare Reformers Social Work United States Women and social welfare Associate Editors John Graham University of Calgary Enrique Ochoa California State University Los Angeles Ruth Britton University of Southern California Editorial Assistants Russell Bennett and Benson Chisanga University of Alabama

Disability and the Welfare State in Britain Jameel Hampton, 2016-07-01 Created during and after the Second World War the British Welfare State seemed to promise welfare for all but in its original form excluded millions of disabled people This book examines attempts in the subsequent three decades to reverse this exclusion It is the first to contextualise disability historically in the welfare state and under each government of the period It looks at how disability policy and perceptions were slow to change as a welfare issue which is very timely in today's climate of austerity It also provides the first major analysis of the Disablement Income Group one of the most powerful pressure groups in the period and the 1972 Thalidomide campaign and its effect on the Heath government Given the recent emergence of the history of disability in Britain as a major area of research the book will be ideal for academics students and activists seeking a better understanding of the topic

The Politics of Pensions Ann Shola Orloff, 1993 By offering a comparative institutional analysis of how state supported pensions for the elderly developed in Britain Canada and the United States Ann Shola Orloff makes a profound contribution to understanding the growth of modern social welfare policies It is not enough Orloff demonstrates to simply examine socioeconomic factors in the growth of the welfare state She argues that welfare policies are shaped as well by the political institutions and processes that are the legacy of state formation and expansion in given nations Orloff explains why when and how poor relief was replaced by modern social insurance legislation and pensions for the elderly in the first three decades of the twentieth century She analyzes the long term social and political transformations that laid the basis for modern social politics the spread of waged work the development of New Liberal ideologies and the expansion and transformation of state administrative capacities Combining original historical research with the analysis of secondary sources Orloff's work is an excellent example of the use of comparative and historical methods to answer questions about macropolitical transformation such as the origin of the welfare state The Politics of Pensions outlines an original interdisciplinary approach that will appeal to a wide variety of readers political sociologists interested in the state social

workers and specialists in old age policy and comparative researchers of all disciplines engaged in research on the welfare state *The Oxford Handbook of Modern British Political History, 1800-2000* David Brown, Robert Crawford, Gordon Pentland, 2018 The two centuries after 1800 witnessed a series of sweeping changes in the way in which Britain was governed the duties of the state and its role in the wider world Powerful processes from the development of democracy the changing nature of the social contract war and economic dislocation have challenged and at times threatened to overwhelm both governors and governed Such shifts have also presented challenges to the historians who have researched and written about Britain s past politics This Handbook shows the ways in which political historians have responded to these challenges providing a snapshot of a field which has long been at the forefront of conceptual and methodological innovation within historical studies It comprises thirty three thematic essays by leading and emerging scholars in the field Collectively these essays assess and rethink the nature of modern British political history itself and suggest avenues and questions for future research The Oxford Handbook of Modern British Political History thus provides a unique resource for those who wish to understand Britain s political past and a thought provoking long view for those interested in current political challenges

British Politics, Society and the State since the Late Nineteenth Century M. Smith, 1990-08-22 This stimulating new text reflects on the extraordinary political stability in Britain compared with much of continental Europe over the last hundred years It also provides a historical perspective on current political issues especially on the attempts of the present administration to reduce the state s involvement in welfare and in the funding of other public services In examining these areas the author argues that they have been shaped by the conflict between individualistic and collectivist ideas and until recently have been dominated by the latter Reinventing Human Services Kristine Nelson, Paul Adams, 2011-12-31 Dissatisfaction with a human services system that is unresponsive stigmatizing and ineffective has led to a ferment of experimentation in recent years Reinventing Human Services examines the historical and economic context of current efforts to reinvent human services showing the urgency and the difficulty of the task It draws on successful examples in Britain Canada and the United States to develop a new paradigm for social work practice one that integrates individual family and community levels of practice and reconceptualizes professional community relations The interdisciplinary team of authors includes scholars researchers and practitioners from the disciplines of economics urban planning communications criminal justice psychology marriage and family therapy education and social work **Gender and the Politics of Welfare Reform** Joanne L. Goodwin, 2007-12-01 The first study to explore the origins of welfare in the context of local politics this book examines the first public welfare policy created specifically for mother only families Chicago initiated the largest mothers pension program in the United States in 1911 Evolving alongside movements for industrial justice and women s suffrage the mothers pension movement hoped to provide justice for mothers and protection from life s insecurities However local politics and public finance derailed the policy and most women were required to earn Widows were more likely to receive pensions

than deserted women and unwed mothers And African American mothers were routinely excluded because they were proven breadwinners yet did not compete with white men for jobs Ultimately the once uniform commitment to protect motherhood faltered on the criteria of individual support and wage earning became a major component of the policy This revealing study shows how assumptions about women s roles have historically shaped public policy and sheds new light on the ongoing controversy of welfare reform

Religion and Politics in the United States Kenneth D. Wald, Allison

Calhoun-Brown, 2007 Religion and Politics in the United States Fifth Edition offers a comprehensive account of the role of religious ideas institutions and communities in American public life While maintaining that religion is too politically potent to be left out or consigned to the margins in accounts of American politics Wald and Calhoun Brown also argue against the common tendency to treat religion as the dominant force in politics today Early topics include the nature and persistence of religion in the United States its contribution to the Founding and the continuing debate over the role of religion in government and law Following a discussion of how religious factors encourage political action the book concludes by discussing basic political attitudes and behavior among members of mainstream American religious traditions and minority religious communities defined by ethnicity race gender and sexual orientation The new edition greatly expands coverage of various religious minorities with a new chapter on politics and religion among African Americans Latinos Muslim Americans Latter Day Saints Mormons and other faith traditions There is larger focus on how religion influences the politics of local communities

Social Work in the British Isles Malcolm Payne, Steven Shardlow, 2002

This ground breaking book provides invaluable insight into the diverse nature of social work practice within the British Isles The contributors explore key differences in social work s role and character and the legal systems and organisational structures in which it operates in the different regions

De Gruyter Handbook of Contemporary Welfare States Bent Greve, 2022-09-06

Globalisation regionalisation new technology demography voters expectations and re structuring of societies are expected to influence welfare state development for years to come This handbook analyses how different welfare state models and regimes will be able to cope with contemporary and future challenges providing a variety of evidence based tools that make it essential reading for students researchers and policy makers alike

National Social Service Systems; a Comparative Study and

Analysis of Selected Countries Dorothy Lally, 1971 Comparison of social administration and social service programmes in 27 countries covers institutional frameworks social planning functions financing social research the training of social workers international cooperation etc Bibliography diagram references and statistical tables

[America's Struggle against Poverty in the Twentieth Century](#) James T. Patterson, 2000-09-29 This new edition of Patterson s widely used book carries the story of battles over poverty and social welfare through what the author calls the amazing 1990s years of extraordinary performance of the economy He explores issues arising from the economic phenomenon increasing inequality and demands for use of an improved poverty definition

[Monthly Catalog of United States Government Publications](#) , 1981

Handbook of the

Politics of Labour, Work and Employment Gregor Gall, 2019 Providing a thorough overview of the political nature and dynamics of the world of work labour and employment this timely Handbook draws together an interdisciplinary range of top contributors to explore the interdependent relationship between politics and labour work and employment The Handbook explores the purpose roles rights and powers of employers and management workers and unions states and governments in the age of globalised neo liberalism *The Germans in South America* Clarence Henry Haring, 1920 **Lone Mothers in European Welfare Regimes** Jane E. Lewis, 1997 Based on a long term study of the policies of several European nations lone mothers this text reveals the contrasting attitudes in Europe towards lone mothers and how they have been categorized and treated Also examined is the role of men as both carers and cash providers *Research Grants Index* National Institutes of Health (U.S.). Division of Research Grants, 1967 *Canadian Family Policies* Maureen Baker, 1995-01-01 With poverty unemployment and one parent families on the rise in most Western democracies government assistance presents an increasingly urgent and complex problem This is the first study to explore Canada's family policies in an international context Maureen Baker looks at the successes and failures of social programs in other countries in search of solutions that might work in Canada Baker has chosen seven industrialized countries for her comparative study Australia France Germany The Netherlands Sweden the United Kingdom and the United States These countries experience social and economic strains similar to those felt in Canada and though they share certain policy solutions major differences in policy remain Baker considers which of the policies in these countries are most effective in reducing poverty enhancing family life and improving the status of women then applies her findings to the Canadian situation Bringing together research and statistics from the fields of demography political science economics sociology women's studies and social policy this rich multidisciplinary study provides a unique resource for anyone interested in Canadian family policy
