**Social Work Research with Minority and Oppressed Populations** Miriam Potocky,Antoinette Y Rodgers

Farmer,2014-02-04 Learn the latest and most effective strategies and ideas so you can accurately research oppressed and minority populations Social Work with Minority and Oppressed Populations Methodological Issues and Innovations provides social workers social work researchers and graduate students with new methodologies for researching topics related to minority and oppressed populations You will learn how to conduct research with such special populations as ethnic and racial minorities elders women and gay and bisexual men utilizing proven techniques that will yield more precise data and help retain participants in the research program A must for anyone involved in the field of social work Social Work with Minority and Oppressed Populations tackles the unique challenges you may face in conducting research with cross culture populations This valuable text offers innovative and practical techniques for this type of research including methodological issues addressed within the framework of operationalization and conceptualization measurement research design data collection and data analysis how using the anonymous enrollment technique can be applied to intervention research to engage and retain respondents in case studies how Rasch Analysis a statistical method may discern differences in the subjective experiences of members of different racial groups specific examples of how constituent involvement in research projects enhances access to respondents and increases the validity of data why social work practitioners as well as social work researchers must evaluate their knowledge attitudes and skills when dealing with cross cultural populations Discussions on ethical and political issues This compilation of research on methodological issues not only introduces you to new techniques for working with oppressed or minority populations but also creates new questions and areas of study such as how to develop culture specific instruments that better measure depression and its expression among African American and white populations Social Work with Minority and Oppressed Populations will provide you with the correct methods and strategies to research cross culture populations and enable you to address specific problems that different ethnic groups and minorities face

**Social Work Research with Minority and Oppressed Populations** Miriam Potocky,Antoinette Y Rodgers

Farmer,2014-02-04 Learn the latest and most effective strategies and ideas so you can accurately research oppressed and minority populations Social Work with Minority and Oppressed Populations Methodological Issues and Innovations provides social workers social work researchers and graduate students with new methodologies for researching topics related to minority and oppressed populations You will learn how to conduct research with such special populations as ethnic and racial minorities elders women and gay and bisexual men utilizing proven techniques that will yield more precise data and help retain participants in the research program A must for anyone involved in the field of social work Social Work with Minority and Oppressed Populations tackles the unique challenges you may face in conducting research with cross culture populations This valuable text offers innovative and practical techniques for this type of research including methodological issues

addressed within the framework of operationalization and conceptualization measurement research design data collection and data analysis how using the anonymous enrollment technique can be applied to intervention research to engage and retain respondents in case studies how Rasch Analysis a statistical method may discern differences in the subjective experiences of members of different racial groups specific examples of how constituent involvement in research projects enhances access to respondents and increases the validity of data why social work practitioners as well as social work researchers must evaluate their knowledge attitudes and skills when dealing with cross cultural populations Discussions on ethical and political issues This compilation of research on methodological issues not only introduces you to new techniques for working with oppressed or minority populations but also creates new questions and areas of study such as how to develop culture specific instruments that better measure depression and its expression among African American and white populations Social Work with Minority and Oppressed Populations will provide you with the correct methods and strategies to research cross culture populations and enable you to address specific problems that different ethnic groups and minorities face

**The Handbook of Social Work Research Methods** Bruce Thyer,2001 This volume is the definitive resource for anyone doing research in social work It details both quantitative and qualitative methods and data collection as well as suggesting the methods appropriate to particular types of studies It also covers issues such as ethics gender and ethnicity and offers advice on how to write up and present your research

**International Social Work Research** Tony Tripodi,Miriam Potocky-Tripodi,2006-07-27 With the constant exchange of international information now a permanent condition in the world social work scholars and students must be sensitive to the need for knowledge sharing between countries as well as to issues involved in obtaining and utilizing international knowledge Yet until now no book has juxtaposed these two growing streams of emphasis In this clearly written volume Tony Tripodi and Miriam Potocky Tripodi fill that gap presenting readers with the many prospects and great potential for international social work research The authors establish three discrete varieties of research supra national intra national and trans national and explore a wealth of issues and examples within each The easy to follow format helps readers learn how to define and distinguish each kind of research then provides actual applications of all three Examples draw on research from the world over and range from microcredit programs in India to migrant aid in Nicaragua to adoptees in Romania These unique features make it an ideal sequel to basic research texts in social work and supplement to texts on international social work but also an attractive addition to any faculty researchers bookshelf

*Best Practices for Social Work with Refugees and Immigrants* Miriam Potocky-Tripodi,2002 Rather than focusing on specific groups this book takes a pan cultural perspective that focuses on the common experiences of refugees and immigrants It presents a best practice for each problem area defined

*Research Techniques for Clinical Social Workers* M. Elizabeth Vonk,Tony Tripodi,Irwin Epstein,2007 This volume has long been an invaluable resource for students and practitioners of social work thoroughly presenting research concepts and skills

*Understanding and Assisting Low-Income Women with Cancer* Emma Jean Tedder, 2021-12-12 It is almost impossible for someone of middle class background who has never had cancer to fully understand the plight of low income women with cancer without first gaining the kind of insight that *Understanding and Assisting Low Income Women with Cancer* provides. The scope of *Understanding and Assisting Low Income Women with Cancer* ranges from the personal experience of four low income women with cancer to a more global view of poverty and cancer. You will gain valuable insight into the experiences of these women as they relate to treatment, environmental and financial circumstances, societal attitudes and familial relationships and roles. This informed view will give you the information necessary to offer the best possible care to these women. This book thoughtfully and intelligently discusses the interwoven psychosocial stressors that accompany poverty and their resultant impact on low income women with cancer, the ways in which poverty negatively influences longevity, the factors that often hamper the recovery of low income women with cancer, clients' points of view about what hurts and what helps, case management and support group planning for these women, three nonprofit community models for community support, the need for political action to protect low income women who are often forced by financial circumstances to live in heavily polluted areas. Using this valuable book as a guide will prepare you to offer comprehensive intervention that addresses the specific needs of these women and helps them develop a positive coping style that has been shown to inhibit tumor growth.

*Mental Health Services and Sectors of Care* Enola K. Proctor, Nancy Morrow-Howell, Arlene Stiffman, 2020-03-24 Through *Mental Health Services and Sectors of Care*, physicians, researchers and educators will find suggestions and guidelines for planning and implementing interagency projects that involve child welfare and juvenile justice agencies to improve the lives of children on the margins of our society. From this book you will discover how the child welfare system functions as the gateway to the receipt of mental health services for many children. With *Mental Health Services and Sectors of Care* you will gain insight into the possible reasons behind gender influenced behaviors and get ideas on how you can keep them from occurring in your classroom or clinical setting. From *Mental Health Services and Sectors of Care* you will discover how you can benefit from the experiences of seasoned professionals to make you a more successful social worker. This intelligent book provides you with valuable insights into how you can help meet the challenges of mental health services delivery, including examining the trend that many youths entering emergency shelter care facilities have had extensive involvement with other service systems, exploring the fact that the majority of children and youths in foster care have been identified as needing mental health services, understanding how treatment options for physicians treating depression in their patients are shaped by the gender of both the physician and the patient, integrating responsiveness into the public children's service system to address each child's individual mental health needs. Comprehensive and thorough, this important guide will help you understand the essential roles that medical and social services play in the care of those with mental disorders. *Mental Health Services and Sectors of Care* gives you the information you need to help you give patients adequate and

effective care

**An Historical Analysis of Skin Color Discrimination in America** Ronald E. Hall, 2010-03-10 Racism in America is most commonly studied as white racism against minority groups racial gender cultural Often overlooked in this area of study is the discrimination that exists within minority groups Through a detailed historical and sociological analysis the author breaks down these pernicious complex and often misunderstood forms of skin color discrimination their origins and their manifestations in modern world Shedding new light on these sensitive issues this volume will allow them to come to the forefront of academic research and open dialogue This comprehensive work will include coverage of skin color discrimination within racial ethnic sexual and gender minority groups and their particular forms and consequences An Historical Analysis of Skin Color will be an important work for researchers studying the Sociology of Race and Racism Gender Studies LGBT Studies Immigration or Social Work

Research as Resistance Leslie Allison Brown, Susan Strega, 2005 This book brings together the theory and practice of anti oppressive approaches to social science research It is a work that will have a place in the classroom as well as on the desks of researchers in agencies governments and private consulting practice The first section of the book is devoted to the ontological and epistemological considerations involved in such research including theorizing the self of the researcher The second section of the book offers exemplars across a range of methodologies including institutional ethnography narrative autobiography storytelling and Indigenous research and participatory action research This is a unique text in that it describes both theoretical foundations and practical applications and because all of the featured researchers occupy marginalized locations It is also firmly anchored in the Canadian context Integrating Gender in the Social Work Core Curriculum , 1999

**New Directions for Social Work Practice Research** Miriam

Potocky-Tripodi,1999 Academics in social work continue the practice research scholarship sparked in the 1970s by seminal articles that raised issues about accountability and case work effectiveness Five papers provide critical assessments of progress in the field The editors are at Florida International U and Ohio St

**Practising Social Work Research** Rick Csiernik,Rachel Birnbaum,Barbara Decker Pierce,2010-01-01 Research is as critical to social work practice as individual and group counseling skills policy analysis or community development Using an approach similar to those adopted in direct practice courses this book integrates research with social work practice and in so doing promotes an understanding and appreciation of the research process to social work students Sixteen case studies adapted from actual events and case files illustrate different research approaches including quantitative qualitative single subject and mixed methods Through these real life examples the authors demonstrate the processes of conceptualization operationalization sampling data collection and processing and implementation Designed to help the student and practitioner become more comfortable with the research process Practising Social Work Research uses a student centered approach that capitalizes on the strengths that social work students bring to assessment and problem solving

*Research Methods for Social Work* Antoinette Y. Farmer,G. Lawrence Farmer,2020-01-08 Research Methods for Social Work A Problem Based Approach is a comprehensive introduction to methods instruction that engages students innovatively and interactively Using a problem based learning PBL approach authors Antoinette Y Farmer and G Lawrence Farmer utilize case examples to achieve a level of application which builds readers confidence in methodology and reinforces their understanding of research across all levels of social work practice These case examples along with critical thinking questions research tips and step by step problem solving methods will improve student mastery and help them see why research is relevant With the guidance of this new and noteworthy textbook readers will transform into both knowledgeable consumers of research and skilled practitioners who can effectively address the needs of their clients through research Included with this title The password protected Instructor Resource Site formally known as SAGE Edge offers access to all text specific resources including a test bank and editable chapter specific PowerPoint slides

**Researching Violence, Democracy and the Rights of People** John Schostak,Jill Schostak,2009-12-16 This book explores what is at stake methodologically for researchers seeking to expand opportunities for people to become visible upon the public stages of debate decision making and action making audible their experiences of wrongs and injustices

**Understanding Social Work Research** Hugh McLaughlin,2007 Clear and accessible text containing reflective questions and practice examples illustrating the links between research and social work practice Essential reading for all social work trainees and will provide invaluable support for postgraduate students wishing to consolidate their understanding of social work research

Public Health Reports ,2002

*Roma Minority Youth Across Cultural Contexts* Radosveta Dimitrova,David Lackland Sam,Laura Ferrer Wreder,2021-09-07 This book explores Positive Youth Development PYD in Roma ethnic minority youth Standing apart from current volumes this book focuses on the Roma

ethnic minority one of the most marginalized and oppressed minority groups in Europe and on strengths and resources for optimal well being in the community The international and multidisciplinary contributors to this book address the complexities of Roma life in a variety of cultural settings exploring how key developmental processes and person context interactions can contribute to optimal and successful adaptation      **Special Population Issues** ,1982
