Social Problems Issues Opinions And Solutions:

Social Problems Brian J. Jones, Bernard J. Gallagher, Joseph A. McFalls, 1988-01-01 **Hate Crimes** Valerie Jenness, Kendal Broad, In addressing a timely set of questions about the politics and dynamics of inter group violence manifest as discrimination this volume explores such issues as why injuries against some groups of people Jews people of color gays and lesbians and sometimes women and those with disabilities capture notice while similar acts of bias motivated violence against others continue to go unnoticed Throughout the authors develop a compelling argument about the social processes through which new social problems emerge social policy is developed and diffused and new cultural forms are institutionalized **Making Hate A Crime** Valerie Jenness, Ryken Grattet, 2001-08-15 Violence motivated by racism anti Semitism misogyny and homophobia weaves a tragic pattern throughout American history Fueled by recent high profile cases hate crimes have achieved an unprecedented visibility Only in the past twenty years however has this kind of violence itself as old as humankind been specifically categorized and labeled as hate crime Making Hate a Crime is the first book to trace the emergence and development of hate crime as a concept illustrating how it has become institutionalized as a social fact and analyzing its policy implications In Making Hate a Crime Valerie Jenness and Ryken Grattet show how the concept of hate crime emerged and evolved over time as it traversed the arenas of American politics legislatures courts and law enforcement In the process violence against people of color immigrants Jews gays and lesbians women and persons with disabilities has come to be understood as hate crime while violence against other vulnerable victims octogenarians union members the elderly and police officers for example has not The authors reveal the crucial role social movements played in the early formulation of hate crime policy as well as the way state and federal politicians defined the content of hate crime statutes how judges determined the constitutional validity of those statutes and how law enforcement has begun to distinguish between hate crime and other crime Hate crime took on different meanings as it moved from social movement concept to law enforcement practice As a result it not only acquired a deeper jurisprudential foundation but its scope of application has been restricted in some ways and broadened in others Making Hate a Crime reveals how our current understanding of hate crime is a mix of political and legal interpretations at work in the American policymaking process Jenness and Grattet provide an insightful examination of the birth of a new category in criminal justice hate crime Their findings have implications for emerging social problems such as school violence television induced violence elder abuse as well as older ones like drunk driving stalking and sexual harassment Making Hate a Crime presents a fresh perspective on how social problems and the policies devised in response develop over time A Volume in the American Sociological Association's Rose Series in Sociology **Status, Power, and Legitimacy** Morris Zelditch, 2018-04-17 Status Power and Legitimacy presents methodological theoretical and empirical essays by Joseph Berger and Morris Zelditch Jr two of the leading contributors to the Stanford tradition in the study of microprocesses This three part volume brings together major

contributions to the development of this tradition in addition to a number of newly written essays published here for the first time Berger and Zelditch integrate the essays and relate them to a larger body of theory and research as they explore the importance of a generalizing orientation in sociology Their view of theory as flux and process the blending of social process with theory building produces a picture of the social world in line with the great tradition of George Herbert Mead Max Weber and Georg Simmel Status Power and Legitimacy explores the relation between the scope of a theory and testing applying and developing it the relation between abstract general theories and empirical generalizations and how to use an understanding of this relation to construct theories that are neither historically nor culturally bound In the first part Berger and Zelditch discuss strategies of theory construction the development of abstract general theories of social processes and the different ways in which theories grow Status processes are the focus of the second part which includes the formation of reward expectations the role of status cues in interaction the evolution of status expectations and the application of status characteristics theory to male female interaction Lastly the authors dissect power and legitimacy the effect of expectations on power the legitimation of power and its effect on the stability of authority and legitimation under conditions of dissensus This volume is a fine theoretical effort of great depth and breadth Berger and Zelditch review the background of each paper place the new concepts and principles introduced by each paper in context and examine subsequent research generated by the paper They carve out new research areas in the social world of class status power and authority This volume will be of interest to those in the fields of sociology and in particular social theory

Policy Studies Review Annual Bertram H. Raven,1979-01-01 The Tyranny of Opinion Russell Blackford,2018-10-18 We live in an age of ideology propaganda and tribalism Political conformity is enforced from many sides the insidious social control that John Stuart Mill called the tyranny of the prevailing opinion and feeling Liberal or left minded people are often more afraid of each other than of their conservative or right wing opponents Social media and call out culture makes it easier to name shame ostracize and harass non conformists and destroys careers and lives How can we oppose this regaining freedom and our sense of ourselves as individuals The Tyranny of Opinion identifies the problem defines its character and proposes strategies of resistance Russell Blackford calls for an end to ideological purity policing and for recommitment to the foundational liberal values of individual liberty and spontaneity free inquiry diverse opinion and honest debate *Methods for Policy Research* Ann Majchrzak,1984-09 The analysis of policies with a view to changing them is the subject of this book Written by an expert on policy research it shows ways of presenting alternatives to policy makers with the emphasis on communicating the value and applicability of the research that backs up the policy options The author employs a pragmatic approach that deals with real world issues and which presents the processes involved in a step by step manner Welfare in Review ,1969 *The Oxford Handbook of Innovation Management* Mark Dodgson,David M. Gann,Nelson Phillips,2014 While innovation is widely recognised as being critical to organisational success and the well being of societies it requires careful management to ensure that innovation processes have the best possible impact This volume provides a wide range of perspectives on the nature of innovation management and its influences **Business And Society: Issues And Cases In The Indian Context** Mathew Manimala,Princy Thomas,Neetha Mahadev,2024-02-28 There are many theories on why managers do not as a behavior or should not as a value supplement profit orientation with people centrism and planet sensitivity In practice

managers do not supplement profit orientation with considerations for people and the planet unless they have the tools and know how to make that possible This book seeks to address that by focusing on the normative dimension of organizational development There are two competing norms for developing an organization first as a profit oriented business enterprise and second as a people centric planet sensitive profit oriented business or social enterprise The performance of a business is a concern for all stakeholders With the growing realization of the importance of indirect stakeholders like the society and the planet it is increasingly important to raise awareness about the social and environmental responsibilities of businesses and organizations This book is a must read for academics researchers practitioners and policymakers who are concerned about the triple bottom line Planet People Profit performance of businesses which is critical for their long term sustainability It covers topics pertaining to the relationship between business and society including social entrepreneurship and corporate social responsibility among others and draws from real life case studies on social initiatives
