**Sir Joseph Ward** Michael Bassett,2009 Sir Joseph Ward was an ambitious first generation New Zealander of Irish Catholic parents He spent more than half a century in local and central government politics influencing the directions taken in many areas of New Zealand life Political Life Writing in the Pacific Jack Corbett,Brij V. Lal,2015-07-29 This book aims to reflect on the experiential side of writing political lives in the Pacific region The collection touches on aspects of the life writing art that are particularly pertinent to political figures public perception and ideology identifying important political successes and policy initiatives grappling with issues like corruption and age old political science questions about leadership and dirty hands These are general themes but they take on a particular significance in the Pacific context and so the contributions explore these themes in relation to patterns of colonisation and the memory of independence issues elliptically captured by terms like culture and tradition the nature of self presented in Pacific life writing and the tendency for many of these texts to be written by outsiders or at least the increasingly contested nature of what that term means

**Coates of the Kaipara** Fay Hercock,2013-11-01 In the course of his political career Gordon Coates 1878 1943 experienced the extremes of popular adulation and contempt Handsome young and debonair with the common touch he was a successful minister in the early 1920s and seemed full of promise when he became Prime Minister in 1925 on the death of W F Massey Ten years later after serving as Minister of Finance in the coalition government during the Depression his reputation had sunk to its lowest ebb He went on to serve with distinction in the War Cabinet winning the confidence and respect of former Labour opponents Dying suddenly in 1943 he left many friends and supporters who to this day regard him as one of New Zealand s political giants Michael Bassett follows his successful biography of Sir Joseph Ward with an equally readable life of this younger Prime Minister It is one of the few scholarly biographies of a figure on the right of New Zealand politics With full access to the Coates family papers and to material gathered by other researchers Bassett is able to offer a thoughtful reassessment of the achievements and failures of Coates s political career He provides clear explanations of the sometimes complex issues drawing once again on his own familiarity with the pressures and pleasures of political life The study of the politician is combined with a fascinating account of the private man including his Northland origins his farming background his gallant military service in the First World War

his personal and family life and his character William Massey James Watson,2011-04-19 The Great War profoundly affected both New Zealand and its Prime Minister William Massey 1856 1925 Farmer Bill oversaw the despatch of a hundred thousand New Zealanders including his own sons to Middle Eastern and European battlefields In 1919 he led the New Zealand delegation to the Paris Peace Conference where it was represented both in its own right and as part of the British Empire This symbolised its staunch loyalty to Empire and the fact that it had its own particular interests Massey was largely satisfied with the Versailles Treaty as New Zealand gained a mandate over Western Samoa Germany forfeited its other Pacific colonies and control over Nauru s valuable phosphate deposits was shared between Britain Australia and New Zealand rather than simply being given to Australia He believed that the apparent confirmation of British power improved New Zealand s security and had little faith in the League of Nations However the opposition Labour Party came to believe the League could prevent a major war and made that a cornerstone of their foreign policy in government after 1935 Their belief that Versailles was unfair to Germany partly influenced them to favour negotiations with Hitler even after the outbreak of war in 1939 International Bibliography of the Social Sciences ,1994 The IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences **The Devil's Own War** Herbert Hart,2011-01-23 When Herbert Hart left his home town of Carterton in 1914 to serve as a major with the New Zealand Expeditionary Force he could not have imagined that he would return as a much decorated brigadier general His rise to leadership was swift as he commanded the Wellington Battalion during the closing stages of the Gallipoli campaign then went on to serve as a battalion and brigade commander on the Western Front between 1916 and 1918 During the whole of this period he kept a diary in which he recorded his experiences in the great battles on Gallipoli the Somme and Passchendaele Hart s diary is now widely regarded as one of the most important personal sources relating to the New Zealand Expeditionary Force His service on the Western Front is the principal focus of the diary Exceptionally well written it includes gripping descriptions of both combat and life behind the front line and on leave in France and the United Kingdom While Hart can appear remarkably detached at times he is also a very human observer of the events around him empathising with the plight of his men finding humour in the most unlikely situations and noticing unexpected details at moments of high tension This important book also has an introductory chapter on Hart s early life and a concluding chapter about his diverse and distinguished career after the war including his term as Administrator of Western Samoa from 1931 to 1935 *Going Public* Bronwyn Dalley,Jock Phillips,2001 This is a collection of essays in the rapidly growing field of public history The essays are short think pieces by leading writers and scholars which explore the connections between specific aspects of public history and the broader field of New Zealand history in general and show some new and challenging ways of looking at the past The contributions cover new media academic vs public history the Waitangi Tribunal Treaty claims research official war history government history the origins of

A. Wood, 2005 For much of the twentieth century New Zealand historians like most Western scholars largely took it for granted that as modernity waxed religion would wane Secularization the fading into insignificance of religion would distinguish the modern era from previous ages Until the 1980s only a handful of scholars around the world raised serious empirical and theoretical questions about a Grand Theory that had become central to the self understanding of the social sciences and of the modern world Heated debates since then and the unmistakable resurgence of world religions have raised fundamental questions about the empirical and theoretical adequacy of secularization theory and especially about how far it applies outside Europe This volume revisits New Zealand history when secularization is no longer taken for granted as the Only Big Story that illuminates
