Sirens Michael Bull, 2020-02-06 Sirens are sounds that confront us in daily life from the sounds of police cars and fire engines to less often tornado warnings Ideologies of sirens embody the protective the seductive and the dangerous elements of siren sounds from the US Cold War public training exercises in the 1950s and 1960s to the seductive power of the sirens entrenched in popular culture from Wagner to Dizzee Rascal from Kafka to Kurt Vonnegut from Hans Christian Andersen to Walt Disney This book argues using a wide array of theorists from Adorno to Bloch and Kittler that we should understand siren sounds in terms of their myth and materiality and that sirens represent a sonic confluence of power gender and destructiveness embedded in core Western ideologies to the present day Bull poses the question of whether we can rely on sirens both in their mythic meanings and in their material

meanings in contemporary culture **Undercurrent: A Siren Novel** Tricia Rayburn, 2011-07-12 The sirens are back but Vanessa may be the biggest threat of all Nothing has been normal since Vanessa Sands learned that her sister was murdered by sirens femme fatales of the watery depths and that everything she believed about her family was a lie Her boyfriend Simon s been the only person Vanessa feels she can really trust But now there are some secrets she can t tell even him And when Vanessa finds herself in the sights of Parker Hawthorne Prep s resident charmer she needs someone to confide in more than ever Doubting her relationship with Simon unsure of Parker s intentions and of her own and terrified by what she s learned about herself Vanessa has never felt so alone But personal problems must be put aside because the Winter Harbor sirens are back for revenge Now Vanessa must face her past and accept that she is just like her enemies every bit as alluring every bit as dangerous The eagerly anticipated second novel of the Siren trilogy Undercurrent is a seductive paranormal romance that will leave you breathless **The Latinx Files** Matthew David Goodwin, 2021-05-14 In The Latinx Files Matthew David Goodwin traces how Latinx science fiction writers are reclaiming the space alien from its xenophobic legacy in the science fiction genre The book argues that the space alien is a vital Latinx figure preserving Latinx cultures by activating the myriad possible constructions of the space alien to represent race and migration in the popular imagination The works discussed in this book including those of H G Wells Gloria Anzald a Junot Diaz Andr M Carrington and many others often explicitly reject the derogatory correlation of the space alien and Latinxs while at other times they contain space aliens that function as a source of either enlightenment or horror for Latinx communities Throughout this nuanced analysis The Latinx Files demonstrates how the character of the space alien has been significant to Latinx communities and has great potential for future writers and artists *Pulse* Tricia Rayburn, 2012 The sirens are back but Vanessa may be the biggest threat of all Nothing has been normal since Vanessa Sands learned that her sister was murdered by sirens femme fatales of the watery depths and that everything she believed about herself and her family was a lie Vanessa has always told her boyfriend Simon everything But she worries that if he finds out who or what she truly is he ll run a mile To make things worse when Parker Hawthorne Prep s resident charmer shows an interest in her she can t resist the siren s urge to stray

when reading one and why Sterne's *Tristram Shandy* contrary to what has been previously said is not to be regarded as a musicalized fiction. In its historical part the study explores forms and functions of experiments with the musicalization of fiction in English literature. After a survey of the major preconditions for musicalization the increasing appreciation of music in 18th and 19th century aesthetics and its main causes exemplary fictional texts from romanticism to postmodernism are analyzed. Authors interpreted are De Quincey, Joyce, Woolf, A. Huxley, Beckett, Burgess and Josipovici. Whilst the limitations of a transposition of music into fiction remain apparent experiments in this field yield valuable insights into mainly a mimetic and formalist aesthetic tendencies in the development of more recent fiction as a whole and also show to what extent traditional conceptions of music continue to influence the use of this medium in literature. The volume is of relevance for students and scholars of English comparative and general literature as well as for readers who take an interest in intermediality or interart research.

Literature, Ethics, and Decolonization in Postwar France Daniel Just, 2015-02-09. Against the background of intellectual and political debates in France during the 1950s and 1960s Daniel Just examines literary narratives and works of literary criticism arguing that these texts are more politically engaged than they may initially appear. As writings by Roland Barthes, Maurice Blanchot, Albert Camus and Marguerite Duras show seemingly disengaged literary principles such as blankness, minimalism, silence and indeterminateness can be deployed to a number of potent political and ethical ends. At the time the main focus of this activism was the escalation of violence in colonial Algeria. The poetics formulated by these writers suggests that blankness, weakness and withdrawal from action are not symptoms of impotence and political escapism in the face of historical events but deliberate literary strategies aimed to neutralize the drive to dominate others that characterized the colonial project.

The Event Ilai Rowner, 2015-01-01. What is an event? From a philosophical perspective events are irregular occurrences, moments of change and interruption categorized by human perception, language and thought. While philosophers have pored over the subject of events extensively in recent years *The Event: Literature and Theory* seeks to ground it. What is literature's approach to the event? How does literature produce and give testimony to events? Ilai Rowner's study not only revisits some of the most important thinkers of our time including Maurice Blanchot, Gilles Deleuze, Jacques Derrida and Martin Heidegger it also develops a critical approach to literature that questions the meaning of the literary event through examinations of literary works by Marcel Proust, Louis Ferdinand Celine and T. S. Eliot. Rowner offers a new method of thinking about the particular characteristics of the event within literary works and defines the creative value of literature as the aspiration toward the un-happening within the happening. In this study the experience of literature as an act of both writing and reading becomes the struggle to capture the excessive movement of the event while also revealing the creative energy within that work of literature.
