Smithers,1894 *Somewhere in the Night* Nicholas Christopher,2010-05-11 Film noir is more than a cinematic genre It is an essential aspect of American culture Along with the cowboy of the Wild West the denizen of the film noir city is at the very center of our mythological iconography Described as the style of an anxious victor film noir began during the post war period a strange time of hope and optimism mixed with fear and even paranoia The shadow of this rich and powerful cinematic style can now be seen in virtually every artistic medium The spectacular success of recent neo film noirs is only the tip of an iceberg In the dead on nocturnal jazz of Charlie Parker and Miles Davis the chilled urban landscapes of Edward Hopper and postwar literary fiction from Nelson Algren and William S Burroughs to pulp masters like Horace McCoy we find an unsettling recognition of the dark hollowness beneath the surface of the American Dream Acclaimed novelist and poet Nicholas Christopher explores the cultural identity of film noir in a seamless elegant and enchanting work of literary prose Examining virtually the entire catalogue of film noir Christopher identifies the central motif as the urban labyrinth a place infested with psychosis anxiety and existential dread in which the noir hero embarks on a dangerously illuminating quest With acute sensitivity he shows how technical devices such as lighting voice over and editing tempo are deployed to create the film noir world *Somewhere in the Night* guides us through the architecture of this imaginary world be it shot in New York or Los Angeles relating its elements to the ancient cultural archetypes that prefigure it Finally Christopher builds an explanation of why film noir not only lives on but is currently enjoying a renaissance *Somewhere in the Night* can be appreciated as a lucid introduction to a fundamental style of

American culture and also as a guide to film noir's heyday. Ultimately though as the work of a bold talent adeptly manipulating poetic cadence and metaphor it is itself a superb aesthetic artifact. **Machinists' Monthly Journal. Official Organ of the International Association of Machinists**, 1929. A Thief in the Night John Cornwell, 2001-05-01 A model of investigatory journalism and a small masterpiece of the genre. Anthony Burgess On the eve of September 28 1978 John Paul I died unexpectedly apparently of a heart attack after a reign of only 33 days. But within the Vatican there were serious disagreements about the time of death who found the body and the true state of the Pope's health prior to his death. These arguments led to rumors of foul play and conspiracy variously involving the KGB the Freemasons crooked financiers and Vatican officials. In 1987 the Vatican invited New York Times bestselling author John Cornwell to conduct a new independent investigation into the true circumstances of the Pope's death. In A Thief in the Night Life and Death in the Vatican Cornwell tells the story of his search including a startling theory about Pope Paul I's untimely demise and a chilling and unprecedented look inside one of the world's oldest most secretive institutions. As brilliantly written as a prize winning mystery story Andrew Greeley Brilliant this marvelous and compelling investigation has a terrible ring of truth.
