Social Perspectives On Pregnancy And Childbirth For Midwives Nurses And The Caring Professions

Benny Goodman, Tim Ley

Social Perspectives On Pregnancy And Childbirth For Midwives Nurses And The Caring Professions:

Social Perspectives on Pregnancy and Childbirth for Midwives, Nurses and the Caring Professions Julie Kent, 2000 This book explores contemporary issues around pregnancy and childbirth using a feminist sociological approach It goes beyond biological accounts of pregnancy and childbirth to examine the social processes

The Social Context of Birth Caroline Squire, 2009 Providing an understanding of the impact of social circumstance on women giving birth their babies and families in the 21st century this title explains to midwives and other health professionals how social issues such as domestic violence race and poverty can affect the birth progress

Social Perspectives on Pregnancy and Childbirth for Midwives, Nurses and the Caring Professions Julie Kent, 2000 This book explores contemporary issues around pregnancy and childbirth using a feminist sociological approach It goes beyond biological accounts of pregnancy and childbirth to examine the social processes

EBOOK: Epidemiology Graham Moon, Myles Gould, 2000-08-16 This accessible and clearly structured book offers a comprehensive insight into the methods and principles of epidemiological study alongside an analysis of the broad context in which epidemiological work is undertaken Chapters on sources of epidemiological data on epidemiological study designs and on basic statistical measures for epidemiological studies are used to introduce the reader to the traditional underpinnings of epidemiological work Attention then shifts to a wider canvas Consideration is given to the critical reading of epidemiological research both as a way of demonstrating how different aspects of epidemiological study come together in published work and as the basis for a discussion of the centrality of epidemiological research in the development of evidence based health care The key facets of evidence based health care are assessed A more discursive and critical assessment of epidemiology is also presented in which attention is drawn to the need to develop alternative epidemiologies which draw on lay knowledge and recognise the socio political context of factors influencing health status The book concludes with a description of the everyday practice of epidemiology in a UK health authority context

Social Perspectives on Pregnancy and Childbirth for Midwives, Nurses and the Caring Professions Julie Kent, 2000

Psychology and Sociology in Nursing Benny Goodman, Tim Ley, 2012-07-31 This book explores the sociology and psychology relevant to nursing and explains why it is so important to understand these subjects in order to be a good nurse It has been written specifically for nursing students and explains clearly the key concepts in both disciplines that they need to grasp Chapters move from the individual to wider societal issues and look at the psychological and sociological basis of professional values interpersonal relationships nursing practice decision making leadership and management and teamwork Each of the field of is explored to show the specific application of these disciplines to each

Epidemiology Moon, Graham, Gould, Myles, 2000-08-01 This text offers a comprehensive insight into the methods and principles of epidemiological study alongside an analysis of the broad context in which epidemiological work is undertaken

Emotions in Midwifery and Reproduction Billie Hunter, Ruth Deery, 2008-10-28 With contributions from a range of leading international authors this stop and make you think book explores the many

contemporary issues surrounding emotion work in reproductive healthcare The editors forerunners in their field have brought together both theoretical and clinical aspects to challenge readers to consider the significance of this important topic in their day to day work Using examples of maternity care and infertility settings from the UK and beyond and with an emphasis on personal reflection throughout the book explores the subjects of Emotional well being Client practitioner relationships Infertility Loss Breast feeding Motherhood Emotions in Midwifery and Reproduction underlines the importance of emotions and how they are managed experienced and negotiated in clinical settings addressing issues that are frequently overlooked in the drive for efficiency and effectiveness in the health service It is stimulating reading for all midwifery and nursing students and practitioners looking to understand their patients and their own emotional needs **Nursing and Midwifery in Britain Since 1700** Anne Borsay,Billie Hunter,2012-05-15 Nurses and midwives both qualified and in training have a lively interest in how their professions have developed A stimulating collection of research based essays this book explores and compares the distinct histories of nursing and midwifery in Britain from the beginning of the eighteenth century to the modern day **EBOOK: Research Into Practice 2/E** Pamela Abbott,Roger Sapsford,1997-03-16 Praise for the first edition of Research Into Practice and Research Methods for Nurses and the Caring Professions These books provide a good introduction for the uninitiated to reading and doing research Abbott and Sapsford provide a clearly written and accessible introduction to social research One of their aims is to de mystify research and in this they succeed admirably After reading the text and the articles in the reader and working through the various research exercises readers should have a clear appreciation of how to evaluate other people s research and how to begin their own David Field Journal of Palliative Medicine This is a thoroughly revised and up dated edition of the bestselling reader for nurses and the caring professions It offers carefully selected examples of research all concerned in some way with nursing or the study of health and community care It illustrates the kind of research that can be done by a small team or a single researcher without large scale research grants The editors have chosen papers which show a great diversity of approaches differing in emphasis on description or explanation different degrees of structure in design and different appeals to the authority of science or the authenticity of emphatic exploration They show the limitations typical of small scale projects carried out with limited resources and the experience of applied research as it occurs in practice as opposed to how it tends to look when discussed in textbooks The chapters have been organized into three sections representing three distinct types of social science research observing and participating talking to people and asking questions and controlled trials and comparisons Each section is provided with an editorial introduction Features Thoroughly revised and up dated edition of bestselling text New articles in line with latest trends in nursing and other practitioner research with more stress on evidence based practice action research and self evaluation New user friendly format Very well known authors in the field *Oxford Handbook of Midwifery* Janet Medforth,2006 This volume provides midwives with everything they need for successful practice It contains practical

guidance on various aspects of the midwife's role and covers the vast majority of scenarios you will ever encounter

Social Theory, Health and Healthcare Orla McDonnell, Maria Lohan, Abbey Hyde, 2009-06-30 Health research education and provision have become increasingly interdisciplinary over the last few years leading health professionals to broaden their knowledge beyond technical aspects of care Practitioners now need a clear understanding of how society can affect health and an appreciation of how societal structures can drive healthcare practices In a clear systematic and accessible style this timely text looks at the social context of health and healthcare by Analysing a wide range of classic and contemporary theories Identifying the relevance of each theory to health Showing how theory has been used in research Outlining the impact of theory on health and health provision Specifically written for health professionals and those engaged in health studies research this book will help students and practitioners alike understand the sociology of health and illness and enable them to critically assess health issues policies and practices Women's Health and Social Change Ellen Annandale, 2008-07-14 Shortlisted for the BSA Sociology of Health and Illness Book Prize 2009 In this important text Ellen Annandale provides a comprehensive and persuasive analysis of the contemporary social relations of gender and women's health outlining what an adequate feminist analysis of women's health might look like **The Sociology of Healthcare** Sarah Earle, Gayle Letherby, 2008-03-28 A comprehensive collection of classic and contemporary readings in the sociology of health The Sociology of Healthcare will stimulate debate reflexive practice and critical thinking in applied sociology and is aimed at the teaching and learning needs of both lecturers and students **Choice, Control and Contemporary Childbirth** Julie Jomeen, Lura L. Pethtel, 2019-01-22 Current maternity policy advocates choice and control for women in maternity care and promotes women as active childbirth consumers and decision makers However evidence that women receive true choice within contemporary maternity services is lacking and continued and pervasive barriers to choice continue to have profound consequences for many Choice Control and Contemporary Childbirth explores the narrative childbirth experiences of a group of women outlining current policy and providing an overview of the relevant discourses to which women are exposed when making choices for maternity care This book is unique in presenting narratives that reveal varying identities for women across their maternity experience illustrating how maternity choices are simultaneously promised and constrained It provides practitioners service providers and policymakers in maternity care and all those with an interest in birth provision with profound insights into both women's experiences of childbirth and how choices can be better facilitated in future Maternal choice and control are a challenge in contemporary society with the changing demography of the population the rising birth rate and financial constraints Collecting this diverse information in one publication is timely and an invaluable resource for the practising and academically active midwives obstetricians and health service managers From the Foreword by Tina Lavender **Assessment, Supervision and Support in Clinical Practice** Ci Ci Stuart, 2007-01-01 A book for all the mentors and assessors of clinical practice in the nursing and midwifery professions

who have the crucial task of ensuring that the clinical practice of students attains the standards required for professional registration

Intrapartum Care Denis Walsh, Soo Downe, 2013-05-07 Intrapartum care has undergone profound changes over the past fifty years Essential Midwifery Practice Intrapartum Care takes a broad sweep to examine these changes and their intersection with midwifery in particular their impact on the midwife's role during labour and birth It is an invaluable guide for all midwives Essential Midwifery Practice Intrapartum Care addresses a wide range of topics including the evolution of intrapartum care debates about knowledge and childbirth education It looks at birth environments labour rhythms working with pain normal birth unusual labours and complementary therapies Written by key experts and providing guidance on best practice this unique and diverse text will bring readers up to date with the latest research and reflection in their specialist fields Written by key experts in their respective fields coming together for the first time Provides comprehensive examination of normal birth practice Evidence based bringing you up to date with the latest research

Midwifery Helen Baston, 2020-08-18 Midwifery The Basics provides an engaging and authentic insight into the midwife's world It explores the role of the midwife as a clinician and professional showing how midwives can support women both to achieve a healthy full term pregnancy and a smooth transition to motherhood This book begins with a discussion of the context of birth and parenthood placing midwifery in its broader social context Topics covered include the midwife as an autonomous professional becoming a midwife pre conceptual and antenatal care intrapartum care postnatal care and the specialist midwife Midwifery The Basics uses the voices of mothers fathers and midwives to illustrate the complex world of becoming being and supporting parents This is an essential introduction for students at undergraduate and A Level who are approaching midwifery for the first time

The Sociology of Health and Illness Sarah Nettleton, 2020-11-10 Sarah Nettleton's The Sociology of Health and Illness has become a cornerstone text popular with students and academics alike for its rigorous and accessible overview of the field Building on these strengths the fourth edition integrates fresh insights from the current literature with the core tenets of traditional medical sociology providing students with a thorough grounding in the sociology of health and illness The text covers a diversity of topics and draws on a wide range of analytic approaches spanning issues such as the social construction of medical knowledge the analysis of lay health beliefs concepts of lifestyles and risk the experience of illness and the sociology of the body It also explores matters that are central to health policy such as professional patient relationships health inequalities and the changing nature of health care work A new chapter has been added on the sociology of mental health other chapters have been updated with illustrative examples and questions for discussion Written for students of the social sciences this book will also appeal to students taking vocational degrees such as nursing medicine and public health who require a sociological grounding in the area Thoroughly revised and fully updated this fourth edition will prove invaluable to anyone looking for a clear and engaging introduction to contemporary debates within the sociology of health and illness

Joints and Connective Tissues Kerryn Phelps, Craig Hassel, 2012-10-31 Joints

and Connective Tissues General Practice The Integrative Approach Series In order to diagnose and manage the patient presenting with musculoskeletal symptoms it is important to distinguish whether the pathology is arising primarily in the so called hard tissues such as bone or the soft tissues such as cartilage disc synovium capsule muscle tendon tendon sheath It is also important to distinguish between the two most common causes of musculoskeletal symptoms namely inflammatory and degenerative

Enjoying the Melody of Expression: An Mental Symphony within **Social Perspectives On Pregnancy And Chilbirth For Midwives Nurses And The Caring Professions**

In some sort of used by monitors and the ceaseless chatter of quick conversation, the melodic elegance and emotional symphony produced by the prepared word often disappear in to the back ground, eclipsed by the relentless noise and interruptions that permeate our lives. Nevertheless, nestled within the pages of **Social Perspectives On Pregnancy And Chilbirth For Midwives Nurses And The Caring Professions** a marvelous literary treasure full of natural thoughts, lies an immersive symphony waiting to be embraced. Crafted by an outstanding composer of language, this interesting masterpiece conducts viewers on a mental trip, skillfully unraveling the concealed melodies and profound impact resonating within each cautiously constructed phrase. Within the depths of the emotional review, we shall discover the book is central harmonies, analyze its enthralling publishing type, and submit ourselves to the profound resonance that echoes in the depths of readers souls.

Social Perspectives On Pregnancy And Childbirth For Midwives Nurses And The Caring Professions Introduction

In the digital age, access to information has become easier than ever before. The ability to download Social Perspectives On Pregnancy And Childbirth For Midwives Nurses And The Caring Professions has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Social Perspectives On Pregnancy And Childbirth For Midwives Nurses And The Caring Professions has opened up a world of possibilities. Downloading Social Perspectives On Pregnancy And Childbirth For Midwives Nurses And The Caring Professions provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Social Perspectives On Pregnancy And Childbirth For Midwives Nurses And The Caring Professions has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Social Perspectives On Pregnancy And Childbirth For Midwives Nurses And The Caring Professions. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Social Perspectives On Pregnancy And Childbirth For Midwives Nurses And The Caring Professions. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Social Perspectives On Pregnancy And Childbirth For Midwives Nurses And The Caring Professions, users should also consider the potential security risks associated with online platforms. Malicious actors

may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Social Perspectives On Pregnancy And Childbirth For Midwives Nurses And The Caring Professions has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
