Studies in Religion and the Everyday is a collection of essays addressing the contours of religious beliefs and practices in the context of everyday life in India. Events and processes in contemporary India especially post the 1990s have contributed to distinct modes of articulating religious practices. This volume is an attempt to historicize and problematize the categorization of religion as a universally held and analytically distinct feature of human life and seeks to understand the conditions historical political discursive and processes of authorization under which a particular set of practices values and dispositions constitutes the religious at a specific point in time. By bringing together studies that draw from diverse methodological and epistemological approaches the book will serve as a useful introduction to religion in India for the general reader and as an indispensable resource for students and researchers. The volume presents fresh perspectives on existing fields of study such as the city capital minorities secularization and the state no longer seen as distinct from religion but actively co-produced with religion in the context of the theoretical rubric of the everyday thereby marking a departure from approaching the question of religion solely through the lens of identity and conflict      Research in Education , 1973      Volcanic Reflections: a Bilingual Anthology of Contemporary Ecuadorian Poetry Ronald Haladyna, 2011-08-26

Volcanic Reflections: A Bilingual Anthology of Contemporary Ecuadorian Poetry is the third in a series of books that aspires to address a dearth of information in the English speaking world about South American poetry of the past thirty years. The nineteen outstanding poets included here represent a wide diversity of themes styles and perspectives in one of South America's smaller nations. All of them have published extensively have been recognized through literary awards and inclusion in national and international anthologies and continue writing and publishing today. For readers unfamiliar with Ecuador the Introduction provides a brief background of its geography history politics economy and society. This is followed by an ample selection of representative poems published previously in Spanish with translations in English on facing pages. The book concludes with a brief biographical sketch of each poet and an unprecedented bibliography of primary and secondary sources for those readers who might want to pursue further reading or research on any poet of interest.

Contemporary Uruguayan Poetry: A Bilingual Anthology and Exotic Territory: A Bilingual Anthology of Contemporary Paraguayan Poetry are two companion volumes that offer similar exposure to poetry that deserves to be better known in the English speaking world      **Urbanization and Its Impact in Contemporary China** Peilin Li, 2019-04-02
