Socialist Thought A Documentary History:

Socialist Thought Albert Fried, Ronald Sanders, 1964 *Socialist Thought; a Documentary History, Ed. by Albert Fried and Ronald Sanders* Albert Fried, Ronald Sanders, 1964 Socialist thought Albert Fried, 1964 *Socialist Thought* Albert FRIED (and SANDERS (Ronald)), 1964 Socialist Thought. A Documentary History. Ed. by A. Fried and R. Sanders, 1964

A Documentary History of Russian Thought William J. Leatherbarrow, Derek Offord, 1985 **Socialist Thought** Albert Fried, Ronald Sanders, 1992 Readings on socialism emphasizing utopian socialists and Marx demonstrate that socialist aspirations throughout history have been as varied as the individuals expressing them A HISTORY OF POLITICAL THOUGHT SUBRATA MUKHERJEE, SUSHILA RAMASWAMY, 2011-08-09 This lucidly written text in its second edition continues to provide a comprehensive study of the classical political tradition from Plato to Marx The book elucidates the fascinating evolution of the history of political ideas through the works of thirteen key political thinkers which includes Plato Aristotle Machiavelli Hegel and Marx The text highlights the decline and revival of classical political theory and portrays the clash of universalism vs localism in the classical tradition It focuses on the recent interpretations of the classical texts for instance feasibility of the ideal State in Plato civic humanism and republicanism in Machiavelli the radicalism of Locke and the contributions to the woman s cause by John Stuart Mill The text is intended for the undergraduate and postgraduate students of Political Science of various universities and for all those who are appearing for the civil services examinations NEW TO THIS EDITION Inclusion of two important liberal thinkers Mary Wollstonecraft the founder of liberal feminism and Immanuel Kant a de ontological liberal Addition of an Appendix on John Rawls who is credited as a seminal thinker of contemporary times having played a crucial role in the revival of normative political theory **Left Americana** Paul Le Blanc, 2017-03-27 From the Marxist tinged anarchism of the Haymarket martyrs to the Occupy Wall Street movement these essays give a vibrant sense of the central role of the Left in social movements and struggles of the past and present and highlights some of the amazing individuals whose unstoppable energies generated remarkable transformations Left Americana considers both the limitations and successes of Christian socialists Communists Maoists Trotskyists and the New Left activists of the sixties and seventies in creating profound social and political change Paul Le Blanc is a professor of History at La Roche College and author of Choice Award winning book A Freedom Budget for All Americans **Political Science Abstracts** IFI/Plenum Data Company staff, 2013-11-11 Political Science Abstracts is an annual supplement to the Political Science Government and Public Policy Series of The Universal Reference System which was first published in 1967 All back issues are still available *Revolutionary Democracy* Soma Marik, 2018-03-09 In this wide ranging and insightful work Soma Marik defends the legacy of the Bolshevik Revolution arguing against many of its detractors that the early communist regime was centrally concerned with both the liberation of women and the expansion of democracy Soma Marik teaches Women s Studies and History at Jadavpur University **Emma Goldman, Vol. 2** Emma Goldman, 2008-07-16 Emma

Goldman A Documentary History of the American Years reconstructs the life of Emma Goldman through significant texts and documents These volumes collect personal letters lecture notes newspaper articles court transcripts government surveillance reports and numerous other documents many of which appear here in English for the first time Supplemented with thorough annotations multiple appendixes and detailed chronologies the texts bring to life the memory of this singular pivotal figure in American and European radical history Volume 2 Making Speech Free 1902 1909 extends many of the themes introduced in the previous volume including Goldman s evolving attitudes toward political violence and social reform intensified now by documentary accounts of the fomenting revolution in Russia and the legal opposition toward anarchism and labor organizing in the United States Always an impassioned defender of free expression Goldman s launch of her magazine Mother Earth in 1906 signaled a desire to bring radical thought into wider circulation and its pages brought together modern literary and cultural ideas with a radical social agenda quickly becoming a platform for her feminist critique among her many other challenges to the status quo With abundant examples from her writings and speeches this volume details Goldman s emergence as one of American history s most fiercely outspoken opponents of hypocrisy and pretension in politics and public life

From Marx to Lenin David W. Lovell, 1984-07-19 This study is a contribution to the debate begun just after the October Revolution concerning the relationship between Marx s project and Soviet society It focuses however only on the political aspects of the matter to what extent was early Soviet authoritarianism the necessary outcome of Marx s works Since Lenin s practice and theory largely determined and justified the early political character of the Soviet state we may ask whether Lenin was implementing Marx s project or a project of his own design Lenin influenced by debates within Social Democracy and by the experience of the Russian revolutionary tradition used a one sided interpretation of Marx s work to build and defend a transition which was fundamentally authoritarian Marx was not causally responsible for the theoretical foundation of Soviet authoritarianism

Events That Formed the Modern World Frank W. Thackeray, John E. Findling, 2012-05-31 This comprehensive five volume set contains readable essays that describe and interpret the most important global events since the European Renaissance some accompanied by related document excerpts and primary source materials What were the effects of the Age of Exploration on today s ethnic groups and social structure How did the development of moveable type pave the way for Facebook and Twitter Why is the Reformation so critical for understanding today s religious controversies This set will help readers answer these questions by exploring the most significant historical events of the modern world This five volume set covers times from the Renaissance to the present Each volume focuses on a specific historic period and examines 12 events within those time frames that changed the world Each entry provides an introduction that lays out factual material in a chronological manner an in depth essay interpreting the event s significance and an annotated bibliography of the most important current works on the topic Select entries are followed by primary sources pertaining to the event under consideration such as diary entries Targeted to both general readers as well as entry

level university students this book also directly supports high school and undergraduate curricula allowing students to identify and contextualize events in order to think critically about their causes aftermath and legacy *A Documentary History of Communism in Russia* Robert V. Daniels,2001-02-01 An extensive revision of the valued but unobtainable 1960 edition Nearly 300 key documents are now readily available in translation **To Heal Humankind** Adam

Gaffney,2017-07-06 The human right to healthcare has had a remarkable rise It is found in numerous international treaties and national constitutions it is litigated in courtrooms across the globe it is increasingly the subject of study by scholars across a range of disciplines and perhaps most importantly it serves as an inspiring rallying cry for health justice activists throughout the world However though increasingly accepted as a principle the historical roots of this right remain largely unexplored *To Heal Humankind The Right to Health in History* fills that gap combining a sweeping historical scope and interdisciplinary synthesis Beginning with the Age of Antiquity and extending to the Age of Trump it analyzes how healthcare has been conceived and provided as both a right and a commodity over time and space examining the key historical and political junctures when the right to healthcare was widened or diminished in nations around the globe *To Heal Humankind* will prove indispensable for all those interested in human rights the history of public health and the future of healthcare

The Politics and Poetics of Ameen Rihani Nijmeh Hajjar,2010-05-30 Ameen Rihani 1876 1940 was an influential Arab American thinker writer and political activist and was one of the most prominent humanist intellectuals of the twentieth century He was born in Freike Lebanon and emigrated to the United States at the age of 12 He was recognized in his time as a leading figure in the world of Arab American literature a pioneer of the mahjar literary movement Arabic Lebanese migration literature and of contemporary Arabic prose poetry A prolific writer he published nearly 30 books in English alone In his writing and political activism Rihani s prime concern was engagement and mutual respect between the Arab world and the West a concern which bears striking relevance to global affairs today Undertaking a comprehensive reading of Rihani s Arabic and English published works including his creative writings essays correspondence and historical and travel books Nijmeh Hajjar examines the dialectical link between Rihani s life experiences in the Arabworld Europe and the USA with his ideas and activism The book highlights Rihani s progressive secular humanist vision his concerns about the need for Arab societies to achieve progress liberal democracy and social justice and his emphasis upon a mutual respect between the Arab world and the West particularly the USA Great Britain and France This fascinating illustration of an Arab American encounter contributes to post and neo colonial discourse and provides a balancing counterpoint to the predominant ideological clash of civilisations paradigms *The Politics and Poetics of Ameen Rihani* furthers our understanding of the Arab Islamic world and its relationship with the West which remains one of the most important issues of our times *The Social Democratic Dilemma* S. Thomson,2000-05-26 This book examines the development of social democratic parties in Western Europe and suggests that instead of viewing a single model in the past it was more accurate to consider a Northern and

Southern European version Each model varied in its characteristics yet each retained an adherence to the same core values But now a new version of social democracy is emerging that is characterised by an advocacy of the tenets of neo liberalism

Anti-Leftist Politics in Modern World History Philip B. Minehan, 2021-11-04 Systemic and political hostility against the left real and contrived has been a key yet under recognized aspect of the history of the modern world for the past two hundred years By the 1820s the new exploitative and destabilizing character of capitalist industrial production and its accompanying market liberalizations began creating necessities among the working classes and their allies for the new self protective politics of socialism But it is evident that for the new economic system to sustain itself such oppositional politics that it necessitated had to be undermined if not destroyed by whatever means necessary Through the imperialism of the later 19th century and with significant variations this complex and often highly destructive dialectical syndrome expanded worldwide Liberals conservatives extreme nationalists fascists racists and others have all repeatedly come aggressively and violently into play against socialist oppositions In this book Philip Minehan traces the patterns of such hostility and presents numerous crucial examples of it from Britain France Germany and the United States the British in India European fascism the United States and Britain as they operated in China and Indochina from Kenya Algeria and Iran and from Central and South America during the Cold War In the final chapters Minehan addresses the post Cold War US led triumphalist wars in the Middle East the ensuing refugee crises neo fascism and anti environmentalist politics to show the ways that the syndrome within which anti leftist antagonism emerges in its neoliberal phase since the 1970s remains as self destructive and dangerous as ever

This Great Beast R. Catley, W. Cristaudo, 2018-12-07 First published in 1997 this volume follows Catley and Cristaudo as they defend Western Civilization against all comers against the rest of the world especially the Third World and against its own internal irritants the scribblings of the intelligentsia by idealist philosophers feminists greens post moderns multiculturalists Orientalists anti nationalists socialists and Keynesians most of them tenured academics in the arts and social sciences As academic political scientists themselves they have done time in a number of the ideological prisons they attack and they write about those states of mind with experienced cynicism As in *Paradise Lost* the devil gets all the best tunes The identification of civilization s enemies is wildly sometimes hilariously politically incorrect
