Sociological Images Glenn Currier, Currier, 1993-11 **Understanding Social Images** Marcus Banks, David Zeitlyn, Chihab El Khachab, 2025-06-01 Marcus Banks was one of the scholars who changed the way visual anthropology and visual methods were regarded in social and cultural anthropology This collection of Banks essays considers the role of collaboration in the making of ethnographic films and makes the case for slow research It discusses the meaning of anthropological research in film archives and illustrates how to analyse a wide range of visual material like maps diagrams and enigmatic photographs It situates Banks work in contemporary visual anthropology and Howard Morphy's Afterword explores how Banks work helped illuminate his own collaboration with the filmmaker Ian Dunlop in aboriginal Australia

Generating Images of Stratification Thomas J. Fararo, Kenji Kosaka, 2013-03-09 Generating Images of Stratification is a self contained presentation of a theoretical research program that deals with a significant explanatory problem relating to social inequality and that constructs generative theoretical models in doing so In more detail Self contained presentation In respect to the background sociological facts and theoretical ideas and also the formal methods the book provides clear and simple accounts accompanied by examples A theoretical research program The emphasis is on theory development involving a series of theoretical models constructed within a core framework of principles and methods Deals with a significant explanatory problem relating to social inequality We know from research that how people perceive the stratification system of a society depends upon their position in that system So the problem is What process generates this regularity and thereby explains empirical generalizations about the social structuration of images Constructs generative theoretical models The book is an extended presentation of generative theory in sociology a formal method of producing effective theoretical explanations Generating Images of Stratification is of interest to mathematical sociologists and formal theorists in sociology sociologists interested in social stratification methodologists both in sociology and in other fields philosophers of social science and theoretical scientists and mathematicians who are interested in applying their analytical tools to social science topics **Business and Sociology** T.F. Honour, R.M. Mainwaring, 2024-10-21 Business and Sociology 1982 is a sociological perspective on business that examines industrialisation capitalism organisation management work and industrial relations It approaches the subject with an acknowledgment of its capitalist nature rather than organisational or industrial nature

Our Social World Jeanne H. Ballantine, Keith A. Roberts, Kathleen Odell Korgen, 2016-11-30 Inspire your students to develop their sociological imaginations in Our Social World Focused on deep learning rather than memorization this book encourages readers to analyze evaluate and apply information about the social world to see the connection between the world and personal events from a new perspective and to confront sociological issues on a day to day basis Organized around the Social World Model a conceptual framework used across chapters to see the complex links between various micro to macro levels of the social system students will develop the practice of using three levels of analysis and to view sociology as

an integrated whole rather than a set of discrete subjects The Barbie Phenomenon, Volume 1 Jo Coghlan, Lisa J. Hackett, Huw Nolan, 2025-09-10 This book offers a comprehensive analysis of Barbie's role in shaping societal perceptions of identity, gender, race, and sexuality. It traces Barbie's journey from a post-war American doll reflecting stereotypical ideals to a significant cultural icon whose image both reflects and influences complex contemporary discussions on identity. By situating Barbie in her historical and social context, this book explores how this iconic doll has navigated and at times challenged shifting societal norms. Structured thematically, this book dedicates each chapter to specific aspects of Barbie's influence, from her portrayal of femininity and body image to her evolving representations of race and sexuality. By examining Barbie's diverse career roles and responses to beauty standards, this book encourages readers to consider both the empowerment and the limitations embedded in her narrative. It also critically addresses efforts to diversify Barbie's image, questioning whether these initiatives genuinely engage with diverse communities or commodify inclusivity for commercial appeal. Aimed at scholars and students in fields such as gender studies, sociology, and cultural studies, this book draws from multidisciplinary insights to enhance the reader's understanding of Barbie's impact. Its rigorous theoretical framework and balanced perspective make it an essential resource for those interested in consumer culture, identity formation, and media representations. By engaging with Barbie's complex legacy, this book provides a timely and thought-provoking contribution to discussions about the intersections of identity, representation, and popular culture. **LEGO Studies** Mark Wolf, 2014-11-13 Since the Automatic Binding Bricks that LEGO produced in 1949 and the LEGO System of Play that began with the release of Town Plan No. 1 in 1955, LEGO bricks have gone on to become a global phenomenon and the favorite building toy of children as well as many an AFOL (Adult Fan of LEGO). LEGO has also become a medium into which a wide number of media franchises, including Star Wars, Harry Potter, Pirates of the Caribbean, Batman, Superman, Lord of the Rings, and others, have adapted their characters, vehicles, props, and settings. The LEGO Group itself has become a multimedia empire, including LEGO books, movies, television shows, video games, board games, comic books, theme parks, magazines, and even MMORPGs. **LEGO Studies: Examining the Building Blocks of a Transmedial Phenomenon** is the first collection to examine LEGO as both a medium into which other franchises can be adapted and a transmedial franchise of its own. Although each essay looks at a particular aspect of the LEGO phenomenon, topics such as adaptation, representation, paratexts, franchises, and interactivity intersect throughout these essays, proposing that the study of LEGO as a medium and a media empire is a rich vein barely touched upon in Media Studies. A Sociological Image of the City Silvia Blitzer Golombek, 1993 What does a ten or eleven-year-old child think when driving past a group of picketers? How do youngsters react when they walk by a homeless person sleeping on the sidewalk? Does a police officer inspire respect and admiration in all children? More importantly, which variables account for any differences in the meanings children attach to these situations? In this sociological exploration into children's worlds, they are the active social agents defying the traditionally passive role assigned to them in the socialization process. As boys and

girls from three public Baltimore schools express their fears and pleasures about urban life traditional theories of stratification and conflict are put to the test in a non conventional arena the sociology of Childhood

The Other Side of Empathy Jade E. Davis,2023-06-30 In The Other Side of Empathy Jade E Davis contests the value of empathy as an affective or critical tool Whether focusing on technology colonialism or racism she shows how empathy can obscure relationships of dominance control submission and victimization arguing that these histories taint the whole concept of empathy Drawing on digital archives of photographs memoirs newspapers interviews and advertisements regarding

nineteenth century ethnographic museums and human zoos Davis shows how empathetic responses erase culpabilities from those institutions that commodify difference She also contends that empathy's mediation through digital technology cannot lead to more ethical actions as technology only connects representations of people rather than the people themselves In empathy's place Davis proposes mutual recognition as a way to see and experience others beyond colonial modes of empathy Davis illustrates that moving beyond empathy allows for a more nuanced understanding of the colonial past and its ongoing impact while providing for a more meaningful affective engagement with the world **Filmic Sociology** Joyce

Sebag, Jean-Pierre Durand, 2024-01-09 This book is an exploration of the intellectual resources offered by the hybridisation of sociology and cinema practicing sociology or other human sciences through images and sound In the age of the image the book invites sociological research not only through the discipline's approach but also through the joint learning of techniques shooting and sound recording derushing editing etc and film writing Using concrete examples the authors analyse what it means to think through the image explain the different phases of making a sociological documentary and question through sociological film the representations of reality and more specifically what remains invisible in the social world The result is a reflective look at the theories and practices presented to better equip the sociologist filmmaker Illustrated with numerous photographs that mark the history of documentary photography and film the book is intended for both teachers researchers and students in all disciplines of the humanities and social sciences who practice video and photography or wish to discover their uses Students in documentary and film schools as well as students on information and communication programs will also benefit from the book *The Family*, 1925 Readings in Sociology to Accompany An Introduction to Sociology

Jerome Davis, Harry Elmer Barnes, 1927 The Academic Writer Lisa Ede, 2010-12-27 Written in Lisa Ede's accessible supportive style *The Academic Writer* is an affordable brief guide to the essentials of academic writing and research By framing writing situations in terms of the writer reader text and medium the text helps students think rhetorically and make effective choices as they write Abundant student models advice on writing in the disciplines and attention to visuals and design make this text a perfect introduction to college writing at a great price **Politics for the Love of Fandom** Ashley Hinck, 2019-03-13 *Politics for the Love of Fandom* examines what Ashley Hinck calls fan based citizenship civic action that blends with and arises from participation in fandom and commitment to a fan object Examining cases like Harry Potter fans fighting for fair trade YouTube fans donating money to charity and football fans volunteering to mentor local youth Hinck argues that fan based citizenship has created new civic practices wherein popular culture may play as large a role in generating social action as traditional political institutions such as the Democratic Party or the Catholic Church In an increasingly digital world individuals can easily move among many institutions and groups They can choose from more people and organizations than ever to inspire their civic actions even the fandom for children's book series Harry Potter can become a foundation for involvement in political life and social activism Hinck explores this new kind of engagement and its

implications for politics and citizenships through case studies that encompass fandoms for sports YouTube channels movies and even toys She considers the ways in which fan based social engagement arises organically from fan communities seeking to change their world as a group as well as the methods creators use to leverage their fans to take social action The modern shift to networked fluid communities Hinck argues opens up opportunities for public participation that occurs outside of political parties houses of worship and organizations for social action Fan based citizenship performances help us understand the future possibilities of public engagement as fans and creators alike tie the ethical frameworks of fan objects to desired social goal such as volunteering for political candidates mentoring at risk youth and promoting environmentally friendly policy Politics for the Love of Fandom examines the communication at the center of these civic actions exploring how fans nonprofits and media companies manage to connect internet based fandom with public issues Cities of the Mind Lloyd Rodwin, Robert M. Hollister, 2013-06-29 Curious about the images of the city that have been evolving in the different social sciences we did what academics often do in such a situation we set up a seminar on Images of the City in the Social Sciences From the start we counted on the help of specialists in other fields to pursue their interests Of the persons who agreed to participate all but two came from the United States and their analyses in the main reflect the experience of Western countries and the United States In our formal instructions to our collaborators we took for granted that a variety of images of the city could be found or inferred in their fields of expertise We asked them to identify these images and their functions to explain how and why they have changed over time and to relate these images to the distinct intellectual traditions and techniques analytical or otherwise in their respective fields The definition of image was left to the judgment of the participants *Handbook of Feminist Research* Sharlene Nagy Hesse-Biber, 2012 The second edition of the Handbook of Feminist Research Theory and Praxis presents both a theoretical and practical approach to conducting social science research on for and about women The Handbook enables readers to develop an understanding of feminist research by introducing a range of feminist epistemologies methodologies and methods that have had a significant impact on feminist research practice and women's studies scholarship The Handbook continues to provide a set of clearly defined research concepts that are devoid of as much technical language as possible It continues to engage readers with cutting edge debates in the field as well as the practical applications and issues for those whose research affects social policy and social change It also expands on the wealth of interdisciplinary understanding of feminist research praxis that is grounded in a tight link between epistemology methodology and method The second edition of this Handbook will provide researchers with the tools for excavating subjugated knowledge on women's lives and the lives of other marginalized groups with the goals of empowerment and social change
