Advice and Dissent Alan S. Blinder, 2018-03-27 A bestselling economist tells us what both politicians and economists must learn to fix America s failing economic policies American economic policy ranks as something between bad and disgraceful As leading economist Alan S Blinder argues a crucial cultural divide separates economic and political civilizations Economists and politicians often talk and act at cross purposes politicians typically seek economists advice only to support preconceived notions not to learn what economists actually know or believe Politicians naturally worry about keeping constituents happy and winning elections Some are devoted to an ideology Economists sometimes overlook the real human costs of what may seem to be the obviously best policy to a calculating machine In Advice and Dissent Blinder shows how both sides can shrink

the yawning gap between good politics and good economics and encourage the hardheaded but softhearted policies our country so desperately needs
