Skouras, king of Fox Studios; the controversial unauthorized biography of the giant at 20th Century Fox Studios and his behind-the-scenes manipulations C. Curti,1967 **Skouras, King of Fox Studios** Carlo Curti,1967

This is the inside story of some of the exciting headlines of Hollywood Back cover *Twentieth Century-Fox* Peter Lev,2013-03-15 When the Fox Film Corporation merged with Twentieth Century Pictures in 1935 the company posed little threat to industry juggernauts such as Paramount and MGM In the years that followed however guided by executives Darryl F Zanuck and Spyros Skouras it soon emerged as one of the most important studios Though working from separate offices in New York and Los Angeles and often of two different minds the two men navigated Twentieth Century Fox through the trials of the World War II boom the birth of television the Hollywood Blacklist and more to an era of exceptional success which included what was then the highest grossing movie of all time *The Sound of Music* Twentieth Century Fox is a comprehensive examination of the studio s transformation during the Zanuck Skouras era Instead of limiting his scope to the Hollywood production studio Lev also delves into the corporate strategies distribution models government relations and technological innovations that were the responsibilities of the New York headquarters Moving chronologically he examines the corporate history before analyzing individual films produced by Twentieth Century Fox during that period Drawn largely from original archival research Twentieth Century Fox offers not only enlightening analyses and new insights into the films and the history of the company but also affords the reader a unique perspective from which to view the evolution of the entire film industry

The Hollywood Studio System Douglas Gomery,2019-07-25 Despite being one of the biggest industries in the United States indeed the World the internal workings of the dream factory that is Hollywood is little understood outside the business The Hollywood Studio System A History is the first book to describe and analyse the complete development classic operation and reinvention of the global corporate entitles which produce and distribute most of the films we watch Starting in 1920 Adolph Zukor Head of Paramount Pictures over the decade of the 1920s helped to fashion Hollywood into a vertically integrated system a set of economic innovations which was firmly in place by 1930 For the next three decades the movie industry in the United States and the rest of the world operated by according to these principles Cultural social and economic changes ensured the dernise of this system after the Second World War A new way to run Hollywood was required Beginning in 1962 Lew Wasserman of Universal Studios emerged as the key innovator in creating a second studio system He realized that creating a global media conglomerate was more important than simply being vertically integrated Gomery s history tells the story of a tale of two systems using primary materials from a score of archives across the United States as well as a close reading of both the business and trade press of the time Together with a range of photographs never before published the book also features over 150 box features illuminating aspect of the business **Hollywood's Embassies** Ross Melnick,2022-04-26 Winner 2024 Culbert Family Book Prize International Association for Media and History Winner 2022

Richard Wall Memorial Award Theatre Library Association Beginning in the 1920s audiences around the globe were seduced not only by Hollywood films but also by lavish movie theaters that were owned and operated by the major American film companies These theaters aimed to provide a quintessentially American experience Outfitted with American technology and accoutrements they allowed local audiences to watch American films in an American owned cinema in a distinctly American way In a history that stretches from Buenos Aires and Tokyo to Johannesburg and Cairo Ross Melnick considers these movie houses as cultural embassies He examines how the exhibition of Hollywood films became a constant flow of political and consumerist messaging selling American ideas products and power especially during fractious eras Melnick demonstrates that while Hollywood s marketing of luxury and consumption often struck a chord with local audiences it was also frequently tone deaf to new social cultural racial and political movements He argues that the story of Hollywood s global cinemas is not a simple narrative of cultural and industrial indoctrination and colonization Instead it is one of negotiation booms and busts successes and failures adoptions and rejections and a precursor to later conflicts over the spread of American consumer culture A truly global account Hollywood s Embassies shows how the entanglement of worldwide movie theaters with American empire offers a new way of understanding film history and the history of U S soft power Twentieth Century Fox

The Hollywood Book of Breakups James Robert Parish, 2010-12-20 Half of all marriages end in divorce and then there are the really unhappy ones Joan Rivers Do you suppose that the person who first said Life is stranger than fiction might have had Hollywood marriages in mind Why watch a romantic film starring a leading man and a leading lady when their real life romances are so much more interesting It seems that a celebrity's latest film can have a considerably longer life span in the theater than his or her marriage du jour One would almost think that Tinseltown has come to embrace divorce as an accepted pastime Some celebrities have seemingly collected spouses over the years systematically adding notches in their belts of divorces Cases in point Zsa Zsa Gabor nine Lana Turner eight Elizabeth Taylor nine and Mickey Rooney eight This list appears to make Jennifer Lopez a mere novice with only three marriages two divorces and one terminated engagement to date In *The Hollywood Book of Breakups* James Robert Parish looks at scores of hot Hollywood romances that eventually fell apart From the decade long union of Tom Cruise and Nicole Kidman to the just for show nuptials of Rock Hudson and Phyllis Gates to the four and a half year marriage of Brad Pitt and Jennifer Aniston to the other woman divorce of Debbie Reynolds and Eddie Fisher Parish covers it all from the burning embers to the fizzling fires of Hollywood breakups You couldn't make this stuff up and James Robert Parish doesn't need to Hollywood writes its own drama when it comes to scandalous breakups
