**Smuggling in Cornwall And Devon** Lisa Newcombe,1989      **The History of Smuggling and the Preventive Service** M. C. Purseglove,Dr. A. Kennerley,2000      *Crime and Punishment in Eighteenth Century England* Frank McLynn,2013-06-17 McLynn provides the first comprehensive view of crime and its consequences in the eighteenth century why was England notorious for violence Why did the death penalty prove no deterrent Was it a crude means of redistributing wealth      The Seventeenth-Century Customs Service Surveyed William B. Stephens,2016-03-03 In January 1682 William Culliford a loyal and experienced officer in the King s customs service began an extraordinary journey under Treasury orders to investigate the integrity and efficiency of the customs establishments of southwest England and south Wales as part of a drive to maximize the Crown s income from customs duties on which it relied for much of its revenue Starting at Bristol Culliford eventually completed this daunting task in Cornwall over two years later in the spring of 1684 His report on each of the ports he inspected the primary source for this book revealed widespread smuggling and fraud in the context of a customs service both lacking in efficiency and riddled with corruption The book documents the varied frauds and wide ranging abuses uncovered and their facilitation by customs officers only too ready to collude with smugglers dishonest merchants and seamen and to accept bribes to ignore tax evasion It describes too Culliford s assessment of the administrative practices of each port inspected and his judgment on the levels of probity and efficiency of individual officers detailing his recommendations for procedural improvements and the treatment of the corrupt and incompetent and incidentally of those suspected of political and religious dissent Additionally the book presents a body of statistical data on the customs revenue actually collected at individual ports in the 1670s and 1680s and surveys the extent and nature of the maritime trade of the ports Culliford examined It thus not only throws light on the history of the customs service but provides a rare insight into the interactions of economic social and political issues in the later seventeenth century and makes a valuable contribution to the particular histories of the ports and maritime districts visited by this energetic and tenacious investigator

Fisherman's Friends Port Isaac's Fisherman's Friends,2011-09-01 For the past two decades ten men from Cornwall s Port Isaac have met on the village quayside every Friday summer evening to sing rousing sea shanties and traditional folk songs for little more than free beer Then in March 2010 everything changed when stardom came to this bunch of friends who had sought neither fame nor fortune Within weeks of a record producer hearing their passionate harmonic singing they had a million pound deal and were booked to appear at Glastonbury By the end of that month a world tour was underway and Ealing Films had bought the rights to their story Their first commercially produced album went gold almost immediately and they have now played live to hundreds of thousands of people raising the roof everywhere with ballads such as The Cadgwith

Commended in Class 6 Non Fiction History and Creative Arts of the Holyer an Gof Awards 2011 Although the popular myth of Cornish wrecking is well known within British culture this book is the first comprehensive systematic inquiry to separate out the layers of myth from the actual practices Weaving in legal social and cultural history it traces the development of wreck law the right to salvage goods washed on shore and explores the responses of a coastal populace who found their customary practices increasingly outside the law especially as local individual rights were being curtailed and the role of centralised authority asserted This groundbreaking study also considers the myths surrounding wrecking showing how these developed over time and how moral attitudes towards wrecking changed Overall the picture of evil wreckers deliberately luring ships onto the rocks is dispelled to be replaced by a detailed picture of a coastal populace poor and gentry alike who were involved in a multi faceted sophisticated coastal practice and who had their own complex popular beliefs about the harvest and salvage of goods washing ashore from shipwreck CATHRYN J PEARCE holds a PhD in Maritime History from Greenwich Maritime Institute A former associate professor of history with the University of Alaska Anchorage s Kenai Peninsula College she is now with University Campus Suffolk where she continues to research on the relationship of coastal people with the sea
