PANS Pediatric Autoimmune Neuropsychiatric Disorder Associated with Strep is a debilitating disorder that currently affects one out of two hundred children It s a frightening diagnosis and condition that can literally change the life of a child and their parents overnight We know because we lived this nightmare The fear and uncertainty of searching for recovery is something we know well We also know what it is like to suffer in silence We are neither doctors nor healthcare providers We are parents of a child diagnosed with PANDAS who fought for his recovery and thankfully won the battle Our son completely recovered from PANDAS and has lived PANDAS free for close to 10 years This book is his true story of healing and the story of how we got here It is a product of ten years of personal research reading everything I could find and asking more questions than I can count It is part personal journal and part reference guide I wrote it to help bring awareness and practical solutions to this condition that is affecting way too many children and to bring you hope This book is meant to tell you our true story of real recovery to help open your mind to alternative wellness and to provide you with hope that PANDAS PANS does not have to be permanent for you either if you give the body the tools to put this disorder back in order If you are like so many others and your child is still languishing and has not received recovery through the conventional medical route I encourage you to read this book This book is for you if you or someone you know is living with a child with PANDAS PANS you are ready to fight for your child s recovery or you just need some encouragement and an infusion of hope This is our true story of real recovery renewal and restoration This is our story of PANDAS HOPE for HEALING **The Bob Hope Films** James L.

Neibaur,2005-01-10 Bob Hope got his start in show business when he was in his twenties remained active past the age of 90 and lived to be 100 His longevity was remarkable especially when one considers that he was active in vaudeville radio motion pictures and television He excelled in each of these popular forms of entertainment but his films are the most genuine testaments to his timeless comedy His smart quips fast pace and breezy manner were perfect ingredients for the brand of comedy that was popular during World War II and the years immediately following the war This book begins with a discussion of Bob Hope s early career and the short films that he starred in and then covers each of the Hope films beginning with The Big Broadcast of 1938 The Hope films the author says do not have deep subtexts or clever cinematic innovations but provide clever uplifting entertainment that continues to inspire laughter and offer solid examples of the humor that made Americans smile during and after World War II Cast and credit information is provided for each film The Agricultural
