Garner,2016-10-27 Country music an original American artform has been around since before the recording industry began and long before a singer even had the opportunity to sing into a microphone From the early beginnings in the hills of Appalachia to the rise of Hank Williams Patsy Cline and the more recent megastars including Garth Brooks and Carrie Underwood country music has proven to have staying power It is one of the most popular styles of music in the world today garnering more sales and downloads currently

than any other genre Many talented individuals are aspiring to sing country music and are determined to turn it into a successful career Because of this growing popularity there is a need to educate interested singers with information and methods that will give them the best possible chance at either having a career as a artist working in the industry as a background vocalist or session singer or simply realizing their potential in country music Kelly K Garner s *So You Want To Sing Country* is a book devoted to briefly reviewing the rich heritage of country singing and thoroughly examining the techniques and methods of singing in a country style Additional topics of discussion will include country song types and structure instrumentation performing on stage and in the studio and career options in country music Additional chapters by Scott McCoy and Wendy LeBorgne and Matthew Edwards address universal questions of voice science and pedagogy vocal health and audio enhancement technology The *So You Want to Sing* series is produced in partnership with the National Association of Teachers of Singing Like all books in the series *So You Want to Sing Country* features online supplemental material on the NATS website Please visit www.nats.org to access style specific exercises audio and video files and additional resources

So You Want to Sing Folk Music Valerie Mindel, 2017-02-27 So many who love to sing are drawn to the immediacy and essential simplicity of the music we commonly call folk Folk music in fact can serve as the perfect entry point for those just starting on their singing careers because of the ways in which it sidesteps the strictures of classical forms without giving up the fundamentals of professional singing techniques In *So You Want to Sing Folk Music* singer and writer Valerie Mindel demystifies this sprawling genre looking at a variety of mainly traditional American musical styles as well as those of the folk revival that continues in various forms to this day The aim is to help the fledgling singer better understand the scope of folk music and find his or her voice in the genre looking at the how of creating a vocal sound that reflects a folk based style The book looks at specific repertoires and ways of approaching them in terms of both working up material and performing it It also looks at some of the realities of folk music in the twenty first century that affect both amateurs and professionals Additional chapters by Scott McCoy Wendy LeBorgne and Matthew Edwards address universal questions of voice science and pedagogy vocal health and audio enhancement technology The *So You Want to Sing* series is produced in partnership with the National Association of Teachers of Singing Like all books in the series *So You Want to Sing Folk Music* features online supplemental material on the NATS website Please visit www.nats.org to access style specific exercises audio and video files and additional resources
