**So You Want To Write a Book On Islam** Giacomo Latta, 2017-12-20 This book is nominally the results of an attempt to find a publisher willing to contract with the author for the printing of a thesis on the inability of Western liberal society to critique Islam without applying a politically correct glory to Islam bent to opinions and observations As the title suggests it is far easier to find a pro Islam book than one that even suggests that Islam needs to be placed under investigation even after declaring a tabula rasa where opinions on it are concerned Once the publishing problems have been identified and explained the book continues with the results of a study the author has performed on this religion which is difficult to treat as a religion when viewed through Western eyes The contents are a no holds barred record of everything attached to Islam in its early days and much of what has been proclaimed by Islamic scholars and religious pontificators in later years This is not an Islam for Dummies sequel It delves into all books

booklets really that compose the Koran It explains what is written with the aid of behind the scenes information since what is written in the Koran is not always explained When you are nothing less than the only living prophet of Allah then explanations are not required Clearly its sole author the prophet Muhammad felt he was not shown the kind and amount of respect that prophets of Allah deserve as he felt a need to explain why he did not practise what he preached Once you have finished this book and understand what Islam is all about you will be saying to yourself This is a religion **A Wonderful Country** Bill Magie,Dave Olesen,2008-01-09 When Bill Magie began taking canoe trips in the wild country along the Minnesota Ontario border there were places where the lakes were so crowded with logs heading to the mill that his group put their gear on a horse drawn wagon to portage to a spot where they could paddle There were other places where they could travel for two or three weeks and see no except an occasional Indian family Bill s stories originate from the Canoe Country today s Boundary Waters Canoe Area Wilderness Voyageur National Park and Quetico Provincial Park But they are not the dry facts of the past Some would argue that there are few facts to be found in these stories Instead they are full of the elements that still draw us to this wilderness area today wolf howls sparkling water storms solitude stillness adventurous undertakings relics of bygone days campfires and camaraderie Take this book on your next canoe trip and imagine Bill has joined you spinning tales of lumberjacks and trappers surveying the border flying bush planes when flying at all was a novelty camping before nylon and plastic and freeze dried food hunting and fishing when you succeeded or went hungry Find stories about the places you visit Curtain Falls Prairie Portage Granite River Knife Lake Basswood Saganaga and so many more And know that the spirit of those who have loved this place lives on as today s paddlers discover what a wonderful country this is Front flap **Liahona** ,1917 Messed Up!!
