Petrified Utopia Marina Balina, Evgeny Dobrenko, 2011-07 Taken together these essays redefine the preconceived notion of Soviet happiness as the product of official ideology imposed from above and expressed predominantly through collective experience and provide evidence that the formation of the concept of individual happiness was not contained by the limitations of important state projects controlled by state policies and aimed toward the creation of a new society

V.F. Odoevsky Neil Cornwell, 2015-11-19 Odoevsky 1804 1869 was a leading writer musicologist popular educator and public servant in Russia close to the major historical events of his period and acquainted with many of the leading personalities from Pushkin to Glinka to Turgenev Tolstoy and Tchaikovsky as well as Berlioz and Wagner Based upon published and unpublished sources in Russia and the West Cornwell paints a portrait of one of Russia's central figures though little known in the West *Kniga o skudosti i bogatstve i drugie sochineniya* Ivan Tikhonovich Pososhkov, 1951

Mimesis Valery Podoroga, 2024-07-23 The politics of literature in the construction of worlds The Russian Revolution was a literary as well as political upheaval With a focus on the revolutionary works of Andrei Platonov and the futurist collective OBERIU leading Russian literary thinker Valery Podoroga shows how profoundly the Soviet experiment overturned the traditional expectations of fiction and poetry The production of this groundbreaking new work was inextricably interwoven with the political and historical debates of the time This volume expands on Podoroga's critical exploration of the analytic anthropology of literature Here he delves into the ways literature can be used in world building both in terms of what happens inside the narrative and how it reflects the external world He explores the function of the work outside of its time both as a means to project itself into the future and as a document of a former age How are we to read the past through these works of the imagination With an introductory essay from the author's daughter Ioulia Podoroga **Ancient**

Irrigation Systems of the Aral Sea Area Boris V. Andrianov, 2013-12-31 Ancient Irrigation Systems in the Aral Sea Area is the English translation of Boris Vasilevich Andrianov's work *Drevnie orositelnye sistemy priaralya* concerning the study of ancient irrigation systems and the settlement pattern in the historical region of Khorezm south of the Aral Sea Uzbekistan This work holds a special place within the Soviet archaeological school because of the results obtained through a multidisciplinary approach combining aerial survey and fieldwork surveys and excavations This translation has been enriched by the addition of introductions written by several eminent scholars from the region regarding the importance of the Khorezm Archaeological Ethnographic Expedition and the figure of Boris V Andrianov and his landmark study almost 50

years after the original publication **Agrarian Evolution in a Multiform Structure Society** V. G.

Rastyannikov,2024-12-06 India in the 1950s and 1960s with its diversity of economic structures and different levels of regional development offers a unique opportunity to explore a wide range of agrarian evolution within a multiform society Basing his study on an extensive survey of the existing literature as well as on fieldwork conducted in India the author analyses in his book **Agrarian Evolution in a Multiform Structure Society** first published in English in 1981 the roots of the Indian society and suggests future directions He argues that India like many Asian countries exhibits tendencies peculiar to an economy evolving on the basis of dependent capitalist development The author goes on to show how the state in seeking to ease the teething problems of development has assumed a decisive role expressed in terms of the nationalisation of certain sectors of private exploitative property and in the supersession of private interests by public ones The historically inevitable progress of Indian society is therefore a paradoxical one because its economy exists on the periphery of its system moulding structure world capitalism it has special problems reconciled only by state intervention this in turn makes the development of a capitalist society impossible The result is a unique study of a society which has assumed increasing importance in world affairs **The Origin of the Communist Autocracy** Leonard Schapiro,1987-06-18 **Political Thought From**

Machiavelli to Stalin E. A. Rees,2004-03-12 This is the first book in English to explore the relationship between Stalin's ideas and methods and the practices advocated by Machiavelli and those associated with Machiavellian politics It advances the concept of revolutionary Machiavellism as a way of understanding a particular strand of revolutionary thought from the Jacobins through to Leninism and Stalinism By providing a wide ranging survey of European political thought in the Nineteenth and early Twentieth century E A Rees locates the Bolshevik tradition within the wider European tradition **The Cambridge History of Russia: Volume 1, From Early Rus' to 1689** Maureen Perrie,Ronald Grigor Suny,2006 An authoritative history of Russia from early Rus to the reign of Peter the Great Historical Letters Petr Lavrovich

Lavrov,1967 **The Ashes of Babi Yar** Antonella Salomoni,2025-08-26 On September 29 and 30 1941 in one of the largest mass murders of the Holocaust German troops massacred 33 771 Jews at the vast gorge located near Kyiv known as Babi Yar Babij Jar During and after the war the territory was modified redesigned and converted in order to remove the physical signs of genocide including the exhumation and incineration of thousands of bodies In large part this erasure was the result of policies implemented by the Soviet regime which refused to accept that there had been a special war against Jews Beginning with an explication of the mass murders and their aftermath Antonella Salomoni examines the afterlife of a massacre whose physical remains were intentionally hidden She focuses especially on how the arts prose poetry music architecture and painting shaped a collective narrative that despite repression played a crucial role in preserving the history and memory of the genocide **The Reception of H.G. Reception of H G Wells in Europe Review **Spies and Commissars** Robert Service,2012-05-08 The early years of Bolshevik rule were marked by dynamic interaction between Russia and the West These years of civil war in Russia were years when the West strove to understand the new communist regime while also seeking to undermine it Meanwhile the Bolsheviks tried to spread their revolution across Europe at the same time they were seeking trade agreements that might revive their collapsing economy This book tells the story of these complex interactions in detail revealing that revolutionary Russia was shaped not only by Lenin and Trotsky but by an extraordinary miscellany of people spies and commissars certainly but also diplomats reporters and dissidents as well as intellectuals opportunistic businessmen and casual travelers This is the story of these characters everyone from the ineffectual but perfectly positioned Somerset Maugham to vain writers and revolutionary sympathizers whose love affairs were as dangerous as their politics Through this sharply observed expos e of conflicting loyalties we get a very vivid sense of how diverse the shades of Western and Eastern political opinion were during these years **Mikhail Bulgakov** Lesley Milne,1990-09-28 A full post glasnost critical biography of Mikhail Bulgakov 1891 1940
