Social Casework A Therapeutic Approach:

Social Casework R. K. Upadhyay, 2003 This Immensely Practical And Comprehensive Book Covers Theoretical As Well As Practical Aspects Of Social Casework And Anyone Interested In Learning And Enriching His Casework Practice Will Benefit From It

Casework, a Psychosocial Therapy Mary E. Woods, Florence Hollis, 1990 Textbook

Social Work Treatment Francis J. Turner, 2017-03-23 First published in 1974 Social Work Treatment remains the most popular and trusted compendium of theories available to social work students and practitioners It explores the full range of theoretical approaches that drive social work treatment and knowledge development from psychoanalysis to crisis intervention A treasure trove of practice knowledge the text equips professionals with a broad array of theoretical approaches each of which shine a spotlight on a different aspect of the human condition Emphasizing the importance of a broad based theoretical approach to practice it helps readers avoid the pitfalls of becoming overly identified with a narrow focus that limits their understanding of clients and their contexts This sweeping overview of the field untangles the increasingly complex problems ideologies and value sets that define contemporary social work practice The result is an essential A to Z reference that charts the full range of theoretical approaches available to social workers regardless of their setting or specialty

The Therapeutic Relationship in Systemic Therapy Carmel Flaskas, Amaryll Perlesz, 2018-04-19 Anyone following the recent developments of systemic thinking will be aware that activity has not been restricted to Europe and America Systemic therapists and writers from both Australia and New Zealand are now making a major impact on the field particularly in the way they explore therapy as an exchange between real people with gender and with ethical values and embedded within specific cultural experiences These people are challenging the traditional way we see clients and the context of therapy Over the years systemic therapists have theorized extensively about the client family as a system and have more recently addressed the use of self in therapy but there has been very little attention paid to the therapeutic relationship between the two

A Community Reinforcement Approach to Addiction Treatment Robert J. Meyers, William R. Miller, 2001-08-23 The community reinforcement approach CRA to treating alcohol and other drug problems is designed to make changes in the client's daily environment to reduce substance abuse and promote a healthier lifestyle It is of proven effectiveness and should be more widely used This 2001 book presents research on the effectiveness of the CRA for a clinical readership It includes the original study comparing CRA with traditional treatments of alcohol dependence and summarizes other trials with alcohol cocaine and heroin users The CRA program provides basic guidelines for clinicians focusing on communication skills problem solving and drink refusal strategies and addresses the needs of the client as part of a social community Combining practical advice on such matters with a scientific survey of CRA in use this book offers a treatment approach to all involved with the support and treatment of those with alcohol and drug problems

The Origins of Family Psychotherapy Murray Bowen, 2013-03-28 Family therapy has become a well established treatment modality across many mental health disciplines including clinical social work psychology psychiatry nursing and counseling This book tells the story of how family therapy began based on the work of one of the pioneers of family theory and therapy Murray Bowen M D Bowen s psychiatric training began at the Menninger Foundation in 1946 It was during the later part of his eight years at Menninger s that he began his transition away from conventional psychoanalytic theory and practice Bowen left Menninger s in 1954 and began a historic family research program at the National Institutes of Mental Health NIMH in Bethesda Maryland This program called the Family Study Program involved hospitalizing entire families on a specialized research ward He was interested in families with a child diagnosed with

schizophrenia There were two central findings of Bowen's four year project The first was the concept that the family could be conceptualized and treated as an emotional unit The second was family psychotherapy which began as staff family daily meetings on the inpatient unit The findings of Bowen's project remain part of mainstream mental health practice today From that project Bowen went on to develop his well known eight interlocking theoretical concepts that continue to be highly influential both in mental health and business Bowen's project also significantly transformed the therapeutic relationship The psychotherapist tried to achieve a balance when working with the families by making emotional connections while staying out of intense emotional reactions They also worked diligently to avoid psychologically replacing parents This book details the story of how these transformative changes came about by highlighting the original papers of the project *Encyclopedia of Canadian Social Work* Francis J. Turner, 2005-09-07 Annotation Covers over 500 topics important to Canadian social work Written by a highly diverse group of experts and covering all aspects of the field nation wide Alcoholism Treatment and Rehabilitaiton National Institute of Mental Health (U.S.), 1973 Treatment In Crisis Situtions Naomi Golan, 1998-10 Treatment Approaches in the Human Services is a new series of books by distinguished social work practitioners and educators prepared under the general editorship of Francis J Turner Its objective is to present both the theoretical basis and the direct practice implications of the various thought systems upon which clinicians draw in their work and to make this rich accumulation of theory and methods accessible not only to social workers but to practitioners in other helping professions as well The books are also intended for the student professional the senior scholar and the teacher of professionals providing a bridging resource between practice and theory development Each volume in the series analyzes the conceptual base of a particular intervention strategy or set of therapeutic procedures identifies its theoretical origins compares it to other thought systems and explains and describes in concrete detail how it is applied in practice Further it identifies the areas of on going and needed research to make that approach an even more useful tool to the clinician
