Deardorff, 2000-09-30 This guide to the available literature on sports in American culture during the last two decades of the 20th century is a companion to Jack Higg s *Sports A Reference Guide* Greenwood 1982 The types of individual or team sports included in this volume include those that are viewed as physical contests engaged in for physical emotional spiritual or psychological fulfillment With a focus on books alone chapters review the available literature regarding sports and each concludes with a bibliography Academic journals likely to contain articles on the topics discussed are listed at the end of each chapter Twelve chapters discuss sports and American history business and law education ethnicity and race gender literature philosophy and religion popular culture psychology science and technology sociology and world history This reference and guide to further research will appeal to scholars of popular culture and sports An index and two appendixes are included one listing important dates in American sports from 1980 through 2000 and one listing sports halls of fame museums periodicals and websites [The Handbook of Sports Medicine and Science](#) Joel M. Stager, David A. Tanner, 2008-04-30 The long awaited new edition of *Swimming* updates the highly successful first edition edited by Costill Maglishco and Richardson which was published in the early 1990s The Second Edition contains less material on how to swim and more on the physics of swimming It contains information on the latest methods of analyzing swim performances It presents current sports science knowledge specifically relevant to coaching swimmers at club county or national level Covering characteristics of swimming including important

concepts in propulsion functional anatomy physiology biochemistry biomechanics and psychology The Handbooks of Sports Medicine and Science present basic clinical and scientific information in a clear style and format as related to specific sports events drawn from the Olympic Summer and Winter Games Each Handbook is written by a small team of authorities coordinated by an editor who has international respect and visibility in the particular sport activity Their charge is to present material for medical doctors who work with athletes team coaches who have academic preparation in basic science physical therapists and other allied health personnel and knowledgeable athletes Each volume represents up to date information on the basic biology of the sport conditioning techniques nutrition and the medical aspects of injury prevention treatment and rehabilitation *Gyldendals Idrætspsykologi*, 2007 Habilidades psicológicas de los Entrenadores de Fútbol Antonio Mendoza Pérez, 2007-05-10 Desde nuestro punto de vista una de las grandes aportaciones de la Psicología del Deporte ha sido su contribución al desarrollo de una nueva concepción del entrenamiento deportivo que ha pasado de tener un enfoque unilateral centrado en la técnica a una visión global en la que se incorporan todos los elementos que intervienen ya sea directa o indirectamente en el proceso y donde ya no es suficiente la aplicación correcta de la técnica y la táctica ahora las estrategias juegan un papel destacado si queremos conseguir el éxito en el deporte En este sentido tanto los planteamientos metodológicos como la preparación psicológica del entrenador juegan un papel destacado Estas son las cuestiones que nos van a ocupar en el presente libro y que nos van a servir para identificar las habilidades psicológicas a desarrollar las habilidades de dirección de equipos los rasgos de personalidad más destacados y las características psicológicas de los entrenadores de fútbol
