Sport In South Asian Society Past And Present:

Sport in South Asian Society Boria Majumdar, J. A. Mangan, 2005 Linking sport to the emergence and growth of modern Asian society this collection of articles offers a clear original and highly readable history of politics culture and sport in the world's most populous region

The Politics of Sport in South Asia Subhas Ranjan Chakraborty, Shantanu Chakrabarti, Kingshuk Chatterjee, 2013-09-13 Behind the spectacle of entertainment sport is a subject with political issues at every level These issues range from the social with divisions created along gender and class lines to the use of sport to pursue diplomatic and statecraft goals In addition some sports are positioned and promoted as national events both in public opinion and in the media This book seeks to explore some aspects of the notion of power in sport in south Asia and among south Asians abroad The first two chapters deal with the internal societal dimensions of the politics of sport the next three relate to the politics inside the sporting world in the subcontinent and its bridge with the broader arena of the society through the media while the last five relate to the use of sports in statecraft consensus building and international politics This book was based on two special issues of the International Journal of the History of Sport Sport, Culture and History Brian Stoddart, 2013-09-13 In addition to being an internationally recognised pioneer of sports history Brian Stoddart has also been a leading thinker and influence in the field That influence has crossed several areas of history sociology business politics and media aspects of sports studies and has drawn deeply upon his own training in Asian studies His work has been characterised by cross disciplinary work from the outset and has encompassed some very different geographical areas as well as crossing from academic outlets to media commentary As a result his influential work has appeared in many different locations and it has been difficult for a wide variety of readers to access it fully and easily This volume draws together in the one place for the first time some of his most important academic and journalistic work Importantly the pieces are drawn together by an intellectual autobiographical commentary that locates each piece in a wider social and cultural framework This book was previously published as a special issue of Sport in Society Sport's Relationship with Other Leisure Industries Benjamin Litherland, Dion Georgiou, 2017-01-12 This innovative and timely volume of essays critically interrogates the shared histories between sport and a variety of leisure entertainment and cultural pursuits Sport's Relationship with Other Leisure Industries Historical Perspectives spans the bowling greens of early modern England to the postmodern exhibition halls of contemporary Las Vegas and considers examples from Europe North America and India Utilizing a range of historical methods and sources they describe how sport has interacted with a broad range of leisure forms including tourism shopping theatre circus carnival and film The collection takes into account the economic cultural geographic and political interactions sport has forged and poses a series of questions about how sport has been forged in contemporary consumer capitalism about the manner in which it has been shaped by space and place and the ways in which entrepreneurs sportspeople and artists have represented sporting competition The collection will help both students and scholars

conceptualise sporting networks and will be of interest to those working in multiple fields This book was previously published as a special issue of *Sport in History* *Routledge Companion to Sports History* S. W. Pope, John Nauright, 2009-12-17 This book describes how the field of sports history has matured dramatically over the past decade and expands on what this means for sports historians today The specially commissioned essays addressing a range of thematic and regional contexts that make up this companion make it a uniquely valuable resource *Sport in the Cultures of the Ancient World* Zinon Papakonstantinou, 2013-09-13 Sport has been practised in the Greco Roman world at least since the second millennium BC It was socially integrated and was practised in the context of ceremonial performances physical education and established local and international competitions including most famously the Olympic Games In recent years the continuous re assessment of old and new evidence in conjunction with the development of new methodological perspectives have created the need for a fresh examination of central aspects of ancient sport in a single volume This book fills that gap in ancient sport scholarship When did the ancient Olympics begin How is sport depicted in the work of the fifth century historian Herodotus What was the association between sport and war in fifth and fourth century BC Athens What were the social and political implications of the practice of Greek style sport in third century BC Ptolemaic Egypt How were Roman gladiatorial shows perceived and transformed in the Greek speaking east And what were the conditions of sport participation by boys and girls in ancient Rome These are some of the questions that this book written by an international cast of distinguished scholars on ancient sport attempts to answer Covering a wide chronological and geographical scope ancient Mediterranean from the early first millennium BC to fourth century AD individual articles re examine old and new evidence and offer stimulating original interpretations of key aspects of ancient sport in its political military cultural social ceremonial and ideological setting This book was previously published as a special issue of the *International Journal of the History of Sport* **Football: From England to the World** Dolores Martinez, Projit B. Mukharji, 2013-10-31 This book is a fascinating journey through a series of scholarly articles The journey begins by tracing one of the most significant stories in the popularization of Association Football In the next leg of the journey it charts the diverse and changing face of the modern British game It then moves on to the global spread of the game from England and its domestication and appropriation in its new homes across the planet It also investigates the exchanges which are increasingly taking place between these new homes of football In the concluding pieces football s global experience is compared with the attempts at globalizing baseball and drawing out the larger patterns that inform football s global experience This book was published as a special issue in *Soccer and Society* *Encoding the Olympics* Luo Qing, Giuseppe Richeri, 2013-09-13 Encoding the Olympics assembles a uniquely representative international team of media experts to provide a comprehensive review of the global impact of media and cultural communications associated with the Beijing 2008 Olympics Commissioned by the IOC this pioneering comparative study the largest in Olympic Games research provides a ground breaking panoramic cross cultural perspective on media responses to the leading

sports event of the modern world The representative team that undertook the study includes media commentators and political analysts sport and media journalists Sinologists and observers of the Asian Pacific Rim academics in Olympic Studies and media and communication studies scholars of the cultural and sociology studies of sport and festival and events managers Encoding the Olympics provides a unique encyclopaedic study that will serve as a versatile resource at several levels as a textbook or source reference for academic institutions media public relations agencies that facilitate the work of inter cultural exchange organisations and international communication departments of multinational enterprises and international NGOs This volume analyses global media responses to a mega sport event on a scale never before attempted This book was previously published as a special issue of the International Journal of the History of Sport

American National Pastimes - A History Mark Dyreson,Jaime Schultz,2016-04-14 When the colonies that became the USA were still dominions of the British Empire they began to imagine their sporting pastimes as finer recreations than even those enjoyed in the motherland From the war of independence and the creation of the republic to the twenty first century sporting pastimes have served as essential ingredients in forging nationhood in American history This collection gathers the work of an all star team of historians of American sport in order to explore the origins and meanings of the idea of national pastimes of a nation symbolized by its sports These wide ranging essays analyze the claims of particular sports to national pastime status from horse racing hunting and prize fighting in early American history to baseball basketball and football more than two centuries later These essays also investigate the legal political economic and culture patterns and the gender ethnic racial and class dynamics of national pastimes connecting sport to broader historical themes American National Pastimes chronicles how and why the USA has used sport to define and debate the contours of nation This book was published as a special issue of the International Journal of the History of Sport

Soft Power Politics - Football and Baseball on the Western Pacific Rim Rob Hess,2017-07-05 Soft Power Politics Past and Present Football and Baseball on the Western Pacific Rim illustrates the momentous expanse and moment of sport in the Asia Pacific region and through these essays dealing with two of the most prodigious global team sports confronts various cultural clashes that Samuel Huntington would ensure the end of civilisation They also demonstrate the power sport has to change the world and to inspire and unite people globally All who sail under the flag of Sport as ingenuous as it may seem to the host of cynics that abounds believe that dialogues that emerge from arguments included in this text represent communication of the highest order and have the potential to produce the cohesion that can close some of those cracks that Huntington said would open up along what he called the fault lines between civilisations This book was published as a special issue of the International Journal of the History of Sport
