MLM Success Secrets- NLP techniques for multilevel marketing success , Help! I'm a Military Spouse--I Want a Life Too! Kathie Hightower,Holly Scherer,2005-09 Often military spouses say I love my spouse I m super proud of and support my spouses service to our country and still I struggle with how to make this military life work for me This book helps you learn how to make this life work for you as you support your spouse This is not a book about being

the perfect military spouse It s about what you can do to make this military life work well for you based on who you are as a unique individual Learn how to keep your energy and joy up your stress down and apply the research done on happiness to your very own unique military life Based on many years of interviews with spouses from all services here s how to go from surviving to thriving in this challenging but very enriching lifestyle MLM: Moms Losing Money Mary Kate Lewis,2020-02-08 Multi level marketing companies are a scam Actually they are worse than a scam They are tearing down relationships by turning your friends and your family into customers Ever heard the expression Never mix business with family There is a reason for that By adding transactions to your relationships it complicates matters especially when one or more of you end up losing money I grew up around multi level marketing companies and always assumed I would become a representative one day I m a natural salesperson and leader so it seemed like a great fit I couldn t wait to turn 18 so that I could sign up But somewhere along the way I started to realize that this business model does not work in the favor of the representatives I did more research and found out that nearly everyone who pursues this business will lose money I continued to research and that s when I started this book I interviewed some former representatives and found common themes of regret money wasted and time lost As I continued to read other people s stories I became passionate about spreading the word MLMs are a scam Unfortunately I do not see these companies going away through government regulation If anything the government is protecting these business It will be up to us as individuals to open our eyes to the scam that they are and stop joining and supporting them
