Sprache Im Gespräch:

Gadamer Donatella Di Cesare, 2009 English summary Hans Georg Gadamer 1900 2002 is one of the most representative figures of twentieth century philosophy What is his philosophical hermeneutics really about And how did it develop and change over the years Donatella Di Cesare recounts the life of the Marburg philosopher and retraces all the stages of his thought from his student days in his hometown to the dark hours of Nazism and the war years in Leipzig from the birth of hermeneutics in Heidelberg to its success in the United States and worldwide Gadamer's philosophy increasingly moved away from Heidegger and chose Plato's dialogue enabling him to develop his thoughts critically By forsaking a metaphysical foundation which did however not mean a renunciation of universality his philosophical hermeneutics accepts finiteness and at the same time is receptive to a ceaseless dialogue in the ongoing comparison with other major contemporary philosophical trends German description Hans Georg Gadamer 1900 2002 gehört zu den bedeutendsten Vertretern der Philosophie des 20.
