Spring Laughter:

Laughter from Realism to Modernism Alberto Godioli, 2017-12-02 As best exemplified by the works of Pirandello Svevo Palazzeschi and Gadda Italian modernist fiction is particularly rich in bizarre and ludicrous characters whose originality is often derided by a uniform society On the other hand laughter can also be used by the author or by the misfits themselves as a reaction to the levelling pressure of social life Pirandello's umorismo Svevo's irony Palazzeschi's controdolore and Gadda's satire are all good cases in point Looked at from this perspective early 20th century Italian fiction can set the basis for an innovative reflection on broader comparative themes What is the role of laughter and individual diversity in international Modernism How is modernist eccentricity related to the representations of originality in the 18th and 19th centuries from Sterne to Balzac and Dostoevsky And what does it tell us about the fear of homogenisation as a crucial aspect of the modern social imaginary Building on the analysis of a large corpus of short stories and other major works by the Italian authors at issue as well as on a series of previously undetected intertextual links with the classics of European Realism this book is the first systematic attempt at answering such questions Alberto Godioli is Teaching Fellow in Italian at the University of Edinburgh

Laughter in Ancient Rome Mary Beard, 2024-03-05 What made the Romans laugh Was ancient Rome a carnival filled with practical jokes and hearty chuckles Or was it a carefully regulated culture in which the uncontrollable excess of laughter was a force to fear a world of wit irony and knowing smiles How did Romans make sense of laughter What role did it play in the world of the law courts the imperial palace or the spectacles of the arena *Laughter in Ancient Rome* explores one of the most intriguing but also trickiest of historical subjects Drawing on a wide range of Roman writing from essays on rhetoric to a surviving Roman joke book Mary Beard tracks down the giggles smirks and guffaws of the ancient Romans themselves From ancient monkey business to the role of a chuckle in a culture of tyranny she explores Roman humor from the hilarious to the momentous to the surprising But she also reflects on even bigger historical questions What kind of history of laughter can we possibly tell Can we ever really get the Romans jokes

Conversational Narrative Neal R. Norrick, 2000-01-01 This book investigates the forms and functions of storytelling in everyday conversation It develops a rhetoric of everyday storytelling through an integrated approach to both the internal structure and the contextual integration of narrative passages It aims at a more complete picture of oral narrative through analysis of a wider range of natural data including personal anecdotes told for humor put down stories told for self aggrandizement family stories retold to ratify membership and so on as well as marginal stories and narrative like passages to delineate the boundaries of conversational storytelling and to test the analytical techniques proposed Using transcriptions of stories from everyday talk Norrick explores disfluencies formulaicity and

repetition as teller strategies and listener cues alongside global phenomena such as retelling and narrative macrostructures. He also extends his analysis to narrative jokes from conversation and to narrative passages in drama, namely Shakespeare's *Romeo and Juliet* and Beckett's *Endgame*. *St. Nicholas*, Mary Mapes Dodge, 1925. **Moments Without Names**, Morton Marcus, 2002.
