From Babylon to Eternity Bob Becking, Alex Cannegieter, Wilfred van der Poll, 2016-04-08 First Published in 2014 Generally readers have a negative idea of the Exile Psalm 137 has fuelled the idea that this was a time of sorrow and despair This image of the Exile influenced for instance Luther's ideas on the Babylonian Captivity of the Church The four essays in this volume deconstruct and reconstruct this image Bob Becking tries to recreate a history of the Exile On the basis of the available evidence this could be no more than a fragmented history nevertheless

showing that the fate of the exiles was not as bad as often supposed Anne Mareike Wetter reveals that the biblical image of exile is multi faceted She shows how a tradition of a people tied to their God given land was challenged by the reality of foreign occupation And how that people eventually succeeded in translating this experience appropriating it through a transformation into a counter tradition that enabled them to cope with the new situation without breaking entirely with their cultural and religious heritage Jewish ideas on exile are discussed by Wilfred van de Poll He concentrates on the use of the concept of galut which refers to the paradigmatic and identity shaping function of the dispersion of the people of Israel and showed that the Exile in Jewish thinking had become a permanent reality up until the present day From the perspective of intertextual reading Alex Cannegieter discusses four texts of varying ages and background Augustine Petrarch Luther and a Dutch sermon held after the end of the Second World War She explores the ways authors chose biblical texts to appropriate them a new context thereby changing the meaning of the new as well as the source texts
