Operation Dark Heart Anthony Shaffer, 2024-05-01 The fascinating New York Times bestseller by a black ops team leader about what really went on and went wrong in Afghanistan Booklist Lt Col Anthony Shaffer led a black ops team on the forefront of the military efforts to block the Taliban s resurgence For a moment he saw us winning the war Then the military brass got involved He witnessed firsthand the tipping point when what seemed like certain victory turned into failure This wasn t the first time he had seen bureaucracy stand in the way of national security He had participated in Able Danger the aborted intelligence operation that identified many of the future 9 11 terrorists but failed to pursue them His attempt to reveal the truth to the 9 11 Commission would not go over well with the higher ups Operation Dark Heart made headlines when the Department of Defense bought the entire unredacted first printing The book s revised second printing includes redactions which according to the New York Times offer a rare glimpse behind the bureaucratic veil that cloaks information the government considers too important for public airing But Operation Dark Heart remains a stirring indictment against military bureaucracy and a culture of cover ups Takes you inside the espionage world a labyrinth of secret agencies that do not like to share secrets Army Times Frequently reads like an adventure novel Booklist A gripping account filled with amazing detail of an otherwise secret world Shaffer has the instincts of a thriller writer and the knowledge and perspective of the professional insider Operation Dark Heart is a fascinating page turner Doug Stanton New York Times bestselling

Modernizing Repression Jeremy Kuzmarov, 2012 A probing analysis of the impact of American policing operations abroad **Espionage and the United States During the 20th Century** Lt. Colonel Thomas H. Murray, PhD, 2014-09-04

The nineteenth century is no more We find in the century that The Song Is Ended but the Melody Lingers on We can see that espionage not only continues but continues at a rate that is greater than what we have experienced in the past While counterintelligence has continued to improve we have been unable to eliminate the threat because the nations that oppose us have also increased and improved their intelligence against us I seriously doubt that we have the patriotic motivation to help counterintelligence in stopping espionage This saddens me but since I am now in my eighty sixth year all I can leave you with is a phrase that has been part of our original national heritage Eternal vigilance is the price of liberty
