Harwood-Nuss' Clinical Practice of Emergency Medicine Allan B. Wolfson, Robert L. Cloutier, Gregory W. Hendey, Louis J. Ling, Jeffrey J. Schaidler, Carlo L. Rosen, 2014-10-27 Harwood Nuss Clinical Practice of Emergency Medicine presents a clinically focused and evidence based summary of emergency medicine Chapters are templated to include the clinical presentation differential diagnosis evaluation management and disposition with highlighted critical interventions and common pitfalls Management and disposition are especially critical in the emergency department and their emphasis is unique to Harwood Nuss Often a diagnosis can not be made given the constraints of an ED evaluation thus effective management of the patient with or without

a confirmed diagnosis is key Also distinct to Harwood Nuss is the High Risk Chief Complaints section which covers the key presentations in the ED chest pain abdominal pain shortness of breath altered mental status When patients present in the ED they don t present with a known diagnosis this chapter walks the physician through possible differential diagnoses and the evaluation and management of these patients so that they can be stabilized and treated quickly and effectively The Ethics of Group Psychotherapy Virginia Brabender, Rebecca MacNair-Semands, 2022-04-19 The Ethics of Group Psychotherapy provides group psychotherapists with the ethical and legal foundation needed to engage in effective decision making in their everyday group practices This text provides readers with a framework for understanding ethical dilemmas through a review of major models of ethical thinking including principlism feminism and the ethics of care and virtue ethics The authors use this foundation to explore those problems emerging most routinely in group practice among which are safeguarding members personal information protecting members autonomy and helping members to process differences particularly those related to privilege and oppression in a way that furthers interpersonal relations and social justice Throughout the text practical tools such as using assessments to aid in member selection and tracking progress and outcome through measurement based care are offered that bolster the group psychotherapist s effectiveness in ethical decision making Featuring questions for discussion and items to assess the reader s master of the material this text will be a valuable tool in classroom and small group learning **Grief After Suicide** John R. Jordan, John L. McIntosh, 2011-01-19 A suicide leaves behind more victims than just the individual And yet there are very few professional resources that provide the necessary background research and tools to effectively work with the survivors This edited volume addresses the need for an up to date professionally oriented summary of the clinical and research literature on the impact of suicide bereavement on survivors

Treatment Of Suicidal People Robert A. Neimeyer, John T. Maltzberger, Antoon A. Leenaars, 2013-02-01 Treatment of suicidal people takes three forms prevention strategies to avert conditions leading to suicide intervention treatment and care during the crisis and postvention response after the event has occurred Unlike other current literature here the focus is on the state of the art of intervention This type of examination is essential because suicidal people themselves are in need of such treatments crisis intervention psychotherapy psychopharmacology and hospitalization Written by professionals in the field the Treatment of Suicidal People allows readers to participate in a learning experience First is a case presentation of an individual Arthur Inman and his long road toward suicide as chronicled in his personal diary The second section puts forth guidelines for the evaluation of suicide risk and crisis intervention A focus on more sustained efforts in psychotherapy is next a theme which is continued in the fourth part by addressing psychiatric issues that are essential for treatment of highly disturbed and lethal patients The following section examines a number of clinical and legal issues that transcend any one population of suicidal people and any particular treatment approach or context And lastly the volume returns to Arthur Inman with case consultations providing alternative perspectives and recommendations on his treatment Suicide and related

forms of self injurious behaviour can be circumvented if the involved professionals are sufficiently trained in assessment and prevention
