Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1970 *Going Too Far* Robin Morgan, 2014-11-11 The personal papers of one of feminism's most passionate leaders with a new preface by the author As an activist for social justice Robin Morgan has acquired a reputation for strong convictions and a life affirming way of expressing them through writing Nowhere is this more evident than in *Going Too Far* which takes us behind the scenes in Morgan's life and in the women's movement until 1977 We watch the development of an organizer who is a complex thinker while Morgan evolves as a mother leader writer and activist Morgan's keen eye is trained on all aspects of modern feminism and this is reflected in the juxtaposition of the journal entries and letters of her personal life with the essays and polemics that shape her public persona Her opinions on marriage love religion pornography and art are as utterly fresh and timely today as they were decades ago Her growing wisdom and depth of perception are apparent in the book's progression and her last chapters focused on what she terms the metaphysics of feminism will change a reader's world view for the better and forever *The Beholding* Kenneth Pitchford, 2005-12-19

Research Libraries, 1979 **The Iris and Other Poems** John Thomas, 1902 **Mother Hubble's Cupboard and Other Poems About Inner and Outer Space** Sandra Lindow, 2025-08-15 The book title referencing Mother Hubble is really just a springboard into a pool filled with matter

including dark matter holes in matter ordinary human beings and a little bit of everything else that matters Beyond the poems a series of notes explains something of where the poems come from but of course not all David C Kopaska Merkel author of Unwelcome Guests and Risk Assessment Reading Mother Hubble's Cupboard by Sandra Lindow is like sitting in the overlap of a dozen different planet's busy orbits watching them whizz by except instead of planets they are physics ecology sensuality folklore and more Oh and also sometimes planets The first section casts the Hubble Telescope as the titular Mother Hubble and more than just a tool she's a character a photographer documenting the mysteries of space with an artist's eye The poetry balances the desire to look up and out and understand with the impulse look back towards the past to name and emotionally process our place in the universe for example the Royal Astronomy's Society nickname of the Unicorn Black Hole not to mention dwarf stars universal soup universal trees and even metaphors new to Lindow's collection like the universe as a Russian Matreshka doll And as much as the book wanders far beyond our planet and our solar system and even further Lindow still remembers to bring us home occasionally As she says the great blue beast you ride She's all you have Ride gently Amelia Gorman Field Guide to Invasive Species of Minnesota **Poetry** Harriet Monroe, 1967 **University of California Union Catalog of Monographs Cataloged by the Nine Campuses from 1963 Through 1967: Authors & titles** University of California (System).
