Suite Compostellane:

Suite compostelana Federico Mompou, 2003 *Répertitres* François Verschaeve, 2007 *A New Look at Segovia, His Life, His Music, Volume 2* Graham Wade, Gerard Garno, 2018-09-26 This second comprehensive and scholarly volume of over 500 pages on the life and work of Andres Segovia contains a biography of the years 1958-1987 and focuses on Segovia's rendition of Spanish Romantic and Contemporary Neo Classical masterpieces by Tregua, Albeniz, Granados, Llobet and Ponce. A special appendix in each volume presents the original scores for the Segovia editions discussed in the text, some of which have never been published, as well as modern editions of these pieces. Includes access to an online audio recording by Gerard Garno. *Canción y danza* Federico Mompou, 2002 Recording the Classical Guitar Mark Marrington, 2021-03-30

Recording the Classical Guitar charts the evolution of classical guitar recording practice from the early twentieth century to the present day, encompassing the careers of many of the instrument's most influential practitioners from the acoustic era to the advent of the CD. A key focus is on the ways in which guitarists' repertoire programmes have shaped the identity of the instrument, particularly where national allegiances and musical aesthetics are concerned. The book also considers the ways in which changing approaches to recording practice have conditioned guitarists' conceptions of the instrument's ideal representation in recorded form and situates these in relation to the development of classical music recording aesthetics more generally. An important addition to the growing body of literature in the field of phonomusicology, the book will be of interest to guitarists and producers as well as students of record production and historians of classical music recording.

Building an Award-winning Guitar Program Bill Swick, 2022 Building an Award-Winning Guitar Program is a practical guide to assist secondary and post-secondary music educators with the tasks involved in establishing a successful music program. With the rising interest in guitar, mariachi, rock, band, handbells, bluegrass, music technology, and so on, more and more music educators are being asked to teach innovative music classes. Author Bill Swick has crafted this book to help these educators build such innovative music programs from the ground floor, based on his years of experience as a music educator specialized in guitar. The book will assist music educators with classroom management, scheduling, structure, organization, fund-raising, festivals, travel, and other subjects related to teaching guitar in the classroom, but its principles are broadly relevant to any and all music educators hoping to create a unique program that stands out within their school district and state, attracting students, parents, educators, and administrators alike. Classical Music Alexander J. Morin, 2002

Encompassing more than five hundred classical composers, past and present, this listener's guide to classical music discusses the best recordings of symphonies, operas, choral pieces, chamber music, and more by the world's leading composers as performed by a variety of outstanding musicians and conductors, and includes essays on the classical repertoire, composers, instruments, and more. Original. *All Music Guide to Classical Music* Chris Woodstra, Gerald Brennan, Allen Schrott, 2005-09

Offering comprehensive coverage of classical music, this guide surveys more than eleven thousand albums and presents

biographies of five hundred composers and eight hundred performers as well as twenty three essays on forms eras and genres of classical music Original **The National Union Catalog** ,1963 **Suite compostelana** Federico Mompou,
