Do the Math! John K. White, 2012-03-14 Our world has become more complicated and the notion of growth at any cost has led to constant economic uncertainty a permanently stressed out workforce and everyday stories of government and corporate corruption John K White argues that a better knowledge of basic systems is needed to understand the world we live in and one place to start is with counting and mathematics Without an understanding of mathematics we make poor personal financial choices and we can't make the important decisions about government bailouts oil supplies or global warming Do the Math uses creative examples borrowing liberally from the anecdotal and the academic from literature and the newspaper and from the stock market and the casino to provide a thought provoking guide to better understanding the world around us
