Sun Pin The Art Of Warfare:

The Complete Art Of War Tzu Sun, Pin Sun, 2007-03-16 Sun Tzu's Art of War is the most famous and the most thought provoking work of strategy ever written. The profound insights of this book have endured for over two thousand years and they continue to reward careful study. The Military Methods of Sun Pin, the great grandson of Sun Tzu, is a brilliant elaboration on his ancestor's work which has been lost for nearly two millennia. Presented here together for the first time are the greatest of the ancient Chinese classics of strategic thought. The Complete Art of War. The Sun family writings on strategy represent a unique contribution to our understanding of human affairs. By unveiling the complex, often unexpected interrelationships of armies locked in battle, their wisdom reveals the enduring principles of success in the struggle of life itself. With a unique index to the essential principles of strategy and Sawyer's thoughtful chapter by chapter commentaries, The Complete Art of War is designed to guide the reader to new insights into the nature of human conflict and a greater understanding of every field of human activity, from playing the game of politics to building a successful marriage, from closing a deal to managing a large organization and even from making war to making peace. The Art of War D E Tarver, 2002-04-19 Book One of The Warrior Series. Sun Tzu and Sun Pin's timeless strategic masterpieces are constantly analyzed and interpreted by leaders worldwide. For the first time ever, author D E Tarver explains the classic texts The Art of War by Sun Tzu and The Art of Warfare by Sun Pin in plain English. War is the perfect training ground for teaching Sun Tzu's ancient philosophies to attaining victory over an opponent. The Art of War outlines the steps for outwitting the enemy, be it an army of 10,000 or an unresponsive client. The Art of War teaches leaders strategies to attain victory by knowing when to stand up to an opponent and when to back down. How to be confident without being overly confident. Considering the cost of the campaign before launching an attack. Avoiding an opponent's strengths and striking his weaknesses. The one who is first to the field of battle has time to rest while his opponent rushes into the conflict weary and confused. The first will be fresh and alert. The second will waste most of his energy trying to catch up. Be the first to the battlefield with The Art of War.
