Salecker, E Salecker, 2007-10-09 Most often remembered for its role in the air war against Germany no book has ever before been devoted to the B 17 s Pacific operations The author combines technical and operational detail with eyewitness accounts by crews and commanders to present a fascinating account of a famous aircraft at war *The Banking Almanac, Directory, Year Book and Diary* , 1880 *Diary of an Aztec* Jordan Walker, 2013-12-20 In this historical fiction journal we get to look at life through the Aztecs The life of an Aztec is not what we imagine it was like It is common knowledge that the Aztecs terrorized other tribes and sacrificed thousands of people to their blood thirsty gods but what did they do behind the scenes Were the Aztecs truly as heartless and murderous as was the common belief Are those assumptions true or do they derive from those who despised this great and powerful empire If this is true then there is only one question left what did the world look like through the eyes of an Aztec ***The Ladies' and Gentlemen's Diary, Or, United States Almanac, and Repository of Science and Amusement ...*** Melatiah Nash, 1819 ***Oxford University Pocket Diary 2013-2014 HB*** , 2013-08 A slimline diary available in dark blue boards with marker ribbon Indispensable for all those connected with the University of Oxford containing dates of degree days dates of terms details of university officers departments and institutes religious dates national holidays trains airports coaches and much more Detailed double page spread map of main university area map of routes to Oxford map of National Rail network London Underground map ***Royal Navy List, Diary, and Navy Handbook*** , 1901 ***The Lost Book of Sun Yatsen and Edwin Collins*** Patrick Anderson, 2016-11-25 Sun Yatsen 1866 1925 occupies a unique position in modern Chinese history he is equally venerated as the founding father of the nation by both the mainland Communist government and its Nationalist rival in Taiwan The first president of the Republic of China in 1911 12 the peasant born yet Western trained Dr Sun was also a dedicated political theorist constantly in search of the ideal political and constitutional blueprint to underpin his incomplete revolution A decade before the public emergence in Japan of his Three Principles of the People and weeks before even his first slim publication in 1897 Kidnapped in London Sun was already hard at work in the Reading Room of the British Museum planning his most ambitious book yet a comprehensive political treatise in English on the tyrannical misgovernment of the Chinese nation by the Manchus of the Qing Dynasty Started then

abandoned twice over destined never to be completed let alone published we can only conjecture what title this revolutionary book might have had The Lost Book of Sun Yatsen and Edwin Collins is the first study of this lost work in all scholarship Western or Chinese It draws its originality and its themes from three primary sources all presented here for the first time The first is a series of interconnected lost writings co authored by Sun Yatsen between 1896 and 1898 The second is the mass of lost political interviews with and articles dedicated to Sun Yatsen and his politics first published in the British press in the aftermath the dramatic world famous rescue of Sun from inside the Chinese Legation in London in 1896 The third source is the Apostle of the Simple Life for Children the Anglo Jewish Rabbi Edwin Collins 1858 1936 a devotee and practitioner of Jean Jacques Rousseau s mile and the New Education movement it inspired who became Sun s writing collaborator of choice during his years of political exile from China Drawing on this wealth of neglected material Patrick Anderson s book offers a genuinely fresh perspective on Sun Yatsen and his political motivations and beliefs J.M.W. Turner: Standing in the Sun Anthony Bailey, 2013-09-05 Joseph Mallord William Turner is arguably Britain s greatest and most mysterious painter whose range of work encompasses seascape and landscape immensely powerful oil paintings and intimate watercolours His friend and colleague C R Leslie remembered him thus Turner was short and stout and had a sturdy sailor like walk He might be taken for the captain of a river steamboat at first glance but a second would find more in his face than belongs in any ordinary mind There was that peculiar keenness of expression in his eye that is only seen in men of constant habits of observation The son of a Covent garden barber and a woman who died in Bethlehem Hospital Turner achieved fame and fortune during his lifetime Although he possessed a wide ranging imagination he was an often incoherent speaker and writer and his muddled will produced much discord it is a wonder that despite avaricious relatives and incompetent lawyers so many of his works are now in the hands of the nation and publicly proclaim his genius In this previously unavailable biography Anthony Bailey has drawn upon archival material scholarly literature and research as well as studying many of Turner s sketchbooks paintings and watercolours Uncovering fresh material as well as pulling together previously known facts Bailey sheds new light on this complicated and secretive artistic figure **Allies against the Rising Sun** Nicholas Evan Sarantakes, 2009-10-27 In the annals of World War II the role of America s British allies in the Pacific Theater has been largely ignored Nicholas Sarantakes now revisits this seldom studied chapter to depict the delicate dance among uneasy partners in their fight against Japan offering the most detailed assessment ever published of the U S alliance with Great Britain Australia New Zealand and Canada Sarantakes examines Britain s motivations for participating in the invasion of Japan the roles envisioned by its Commonwealth nations and the United States decision to accept their participation He shows how the interests of all allies were served by maintaining the coalition even in the face of disputes between nations between civilian and military leaders and between individual services and that allied participation despite its diplomatic importance limited the efficiency of final operations against Japan Sarantakes describes how Churchill favored

British led operations to revive the colonial empire while his generals argued that Britain would be further marginalized if it didn't fight alongside the United States in the assault on Japan's home islands. Meanwhile Commonwealth partners preoccupied with their own security concerns saw an opportunity to support the mother country in service of their own separatist ambitions. And even though the United States called the shots it welcomed allies to share the predicted casualties of an invasion. Sarantakes takes readers into the halls of both civil and military power in all five nations to show how policies and actions were debated, contested, and resolved. He not only describes the participation of major heads of state but also brings in lesser known Commonwealth figures plus a cast of military leaders including General of the Army Douglas MacArthur and Fleet Admiral Chester Nimitz on the American side and Admiral of the Fleet Sir Andrew Cunningham and Field Marshal Sir Alan Brooke on the British. He also paints vivid scenes of battle including the attack of the British Pacific Fleet on Japan and ground fighting on Okinawa. Deftly blending diplomatic, political, and military history encompassing naval, air, and land forces, Sarantakes's work reveals behind the scenes political factors in warfare, alliances, and explains why the Anglo-American coalition survived World War II when it had collapsed after World War I.

Angels Against the Sun James M. Fenelon, 2023-04-18 In the tradition of *Band of Brothers* historian and former paratrooper James M. Fenelon offers a grunt's eye view of the 11th Airborne's heroic campaign to liberate the Philippines in World War II. A soldier's history at its best. A Grunt's Eye View of Pacific Warfare The Pacific theater of World War II pitted American fighting men against two merciless enemies: the relentless Japanese army and the combined forces of monsoons, swamps, mud, privation, and disease. General Joseph Swing's rowdy paratroopers of the 11th Airborne Division, nicknamed the Angels, fought in some of the war's most dramatic campaigns: from bloody skirmishes in Leyte's unforgiving rainforests to the ferocious battles on Luzon, including the hellish urban combat of Manila. The Angels were trained as elite shock troops, but high American casualties often forced them into action as ground-pounding infantrymen. Surviving on airdropped supplies and reinforcements, the Angels fought their way across nearly impassable terrain, emerging as one of the most lethal units in the Pacific War. Their final task was the occupation of Japan, where they were the first American boots on the ground. *Angels Against the Sun* is an unforgettable account of the liberation of the Philippines.

In the tradition of *Band of Brothers*, historian and former paratrooper James M. Fenelon offers a grunt's eye view of the war. This is a soldier's history at its best.

Annapolis Goes to War Craig L. Symonds, 2025 America's preeminent naval historian offers a history of the Second World War based on the experiences of the young officers fresh out of the United States Naval Academy who served on its front lines. They arrived in Annapolis as teenagers the year Hitler re-occupied the Rhineland and graduated as young men the week the British Army evacuated Dunkirk. *Annapolis Goes to War* tells the story of their four transformative years at the Naval Academy and then four more annealing years in the cauldron of war. More than a hundred of them were on duty in Pearl Harbor on December 7, 1941. Ten

of them died that day seven remain entombed in the USS Arizona still Over the next four years these former Midshipmen participated in virtually every significant engagement in both the Atlantic and the Pacific from Pearl Harbor to Tokyo Bay from North Africa to Normandy They were at the front edge of the war in battleships carriers destroyers submarines and airplanes and led Marine Corps units ashore Some experienced the war as prisoners of the Japanese Fifty six of them died in the Second World War the greatest wartime loss any service academy ever experienced Taking readers into and through the lives of these young men in wartime Craig Symonds offers a poignant and powerful story of adjustment growth pain loss and eventually triumph Using their diaries memoirs and letters he evokes unforgettably their trials and bonds their loss of innocence and their discovery of the meaning of sacrifice Annapolis Goes to War is essential reading for anyone seeking to understand the experience of fighting the bloodiest war in human history Painters of the Ashcan School Bennard B. Meehan,2004 The Dominion and the Rising Sun is the first major study of Canada s diplomatic arrival in Japan and by extension East Asia It examines the political economic and cultural relations forged during this seminal period between the foremost power in Asia and the young dominion tentatively establishing itself in world affairs An overview of Canada s initial foray into Pacific affairs it begins with the opening in 1929 of the Canadian legation in Tokyo Canada s third such office overseas and concludes with the outbreak of

hostilities in 1941 Primarily a diplomatic history the book also explores the impact of traders interest groups and missionaries on Canadian attitudes toward Japan during the interwar years More fundamentally it examines Canada s diplomatic coming of age closely revealing its important Pacific dimension a fact overlooked by historians until now as well as the disjunct between Canada s commitment to peace and its trade with an aggressor Meehan suggests that Canada s initially benign view of Japan its reluctance to adopt positions in advance of its Anglo American allies and its lucrative Pacific trade led to a credibility gap in its policies towards East Asia The Dominion and the Rising Sun charts Canada s relationship with Japan and is essential reading for those interested in Canadian history international relations and Asia Pacific studies *The Rising Sun* John Toland, 2014-11-26 The Rising Sun is quite possibly the most readable yet informative account of the Pacific war Chicago Sun Times This Pulitzer Prize winning history of World War II chronicles the dramatic rise and fall of the Japanese empire from the invasion of Manchuria and China to the atomic bombing of Hiroshima and Nagasaki Told from the Japanese perspective The Rising Sun is in the author s words a factual saga of people caught up in the flood of the most overwhelming war of mankind told as it happened muddled ennobling disgraceful frustrating full of paradox In weaving together the historical facts and human drama leading up to and culminating in the war in the Pacific Toland crafts a riveting and unbiased narrative history In his Foreword Toland says that if we are to draw any conclusion from The Rising Sun it is that there are no simple lessons in history that it is human nature that repeats itself not history Unbelievably rich readable and exciting The best parts of Toland s book are not the battle scenes but the intimate view he gives of the highest reaches of Tokyo politics Newsweek The County companion, diary, statistical chronicle and magisterial and official directory for 1879 (-87,89), ed. by J.R.
