**Pay, Quit, or Die** Don Herion,2008-03-31 Organized crime the Mafia or the Outfit as it is known in Chicago is surrounded by a false glamour that elevates mobsters to the level of swashbuckling folk heroes whose ready violence and savage murders are too often excused in the public mind as acceptable because they only hurt each other Similarly illegal gambling the bread and butter racket inevitably combined with loan sharking and extortion is widely tolerated because it is perceived to be a victimless crime Donald H Herion a US Army veteran during the Korean War who grew up in a

neighborhood where there was a bookmaker on every corner sometimes two or three learned just how wrong all that was when he returned home from the Army and joined the Chicago Police Department He wasn't sure that he was doing the right thing at the time because he really never liked cops but if he didn't like it he could always quit he thought After six years learning the ropes in the patrol division collaring burglars and stick up men chasing daredevil drivers calming adversaries in domestic disputes and riding herd on drunks and dope dealers he was promoted to plainclothes as a vice cop investigating illegal gambling narcotics prostitution and gang bangers He quickly learned that chasing bookmakers and busting up wire rooms was a fight against organized crime Illegal gambling was organized crime's biggest money maker the Golden Calf that financed most of its other illicit activities ranging from stock and bankruptcy swindles to the narcotics trade Herion and his partner were transferred to the Vice Control Section of the Organized Crime Division at police headquarters at 1121 S State Street He now had jurisdiction to make raids anywhere in the City of Chicago instead of only in his district He was promoted to detective then sergeant he rubbed shoulders with degenerate gamblers bookmakers prostitutes and stone cold killers while witnessing first hand how gambling destroys lives He broke up more than 4 000 gambling operations arrested hundreds of mob controlled bookmakers and other racketeers Herion also had the pleasure of busting up the mob's biggest floating crap game eight times costing the crime syndicate millions of dollars To accomplish this it was necessary for him to work on his own time as well as city time The mob moved the game into the suburbs which was out of his jurisdiction so Herion worked with Chicago Tribune crime reporter Bob Wiedrich to get the job done The crap game took every precaution necessary to keep from being discovered Lookouts with walkie talkies roved the area where the game was held to warn the operators of the game of any police in the area One suburb had a local police lieutenant and sergeant as lookouts the lieutenant who became aware of their presence in the area stuck his gun in their face wanting to know who they were Herion had used his own car to conduct a surveillance hoped that the lieutenant didn't check his license number When the reporter explained to the lieutenant that they were watching a crime syndicate crap game going on in a building down the street and would he like to accompany them on a raid the lieutenant at this point made an excuse and left the area This of course caused some heat but the reporter had already had his story about the game which made headlines in the Chicago Tribune the next day On another occasion the game began again and was next to a railroad track in another suburban building in Melrose Park a suburb west of Chicago There was only one road in and out lookouts with walkie talkies were posted everywhere in the area Herion had his son Don print a sign on plasterboard 4 by 6 with large letters in red paint CRAP GAME operated by Mob Boss JACKIE CERONE with an arrow pointing to where the game was being held Herion nailed the sign on a telephone pole on the road leading to the game Wi

who kill and the political economic social and sexual implications buried with each victim How many of us are even remotely prepared to imagine our mothers daughters sisters or grandmothers as fiendish killers For centuries we have been conditioned to think of serial murderers and psychopathic predators as men with women registering low on our paranoia radar Perhaps that's why so many trusting husbands lovers family friends and children have fallen prey to the female monster From history's earliest recorded cases of homicidal females to Irma Grese the Nazi Beast of Belsen from Britain's notorious child slayer Myra Hindley to Honeymoon Killer Martha Beck to the sensational cult of Aileen Wournos the first female serial killer as celebrity to cult killers homicidal missionaries and our pop culture fascination with the sexy femme fatale Vronsky not only challenges our ordinary standards of good and evil but also defies our basic accepted perceptions of gender role and identity INCLUDES PHOTOGRAPHS

*The Killer in Me* Olivia Kiernan, 2019-04-02 A deadly past refuses to stay buried in Olivia Kiernan's masterful new novel Death is no stranger to Detective Chief Superintendent Frankie Sheehan but she isn't the only one from her small coastal suburb to be intimately acquainted with it Years ago teenager Seán Hennessey shocked the tight knit community when he was convicted of the brutal murder of his parents and attempted slaying of his sister though he always maintained his innocence Now Seán is

finally being released from prison but when his newfound freedom coincides with the discovery of two bodies the alleged connection between the cases only serves to pull Frankie further from answers even as it draws her closer to her town's hidden darkness With a television documentary revisiting Sen's sentence pushing the public's sympathies into conflict on a weekly basis a rabid media pressuring the police like never before and a rising body count Frankie will need all of her resources if she is not only to catch a killer but put to rest what really happened all those years ago A dark irresistible cocktail of secrets murder and family Olivia Kiernan's latest is an impossible to put down triumph

**The Subject of Murder** Lisa Downing, 2024-05-31 The subject of murder has always held a particular fascination for us But since at least the nineteenth century we have seen the murderer as different from the ordinary citizen a special individual like an artist or a genius who exists apart from the moral majority a sovereign self who obeys only the destructive urge sometimes even commanding cult followings In contemporary culture we continue to believe that there is something different and exceptional about killers but is the murderer such a distinctive type Are they degenerate beasts or supermen as they have been depicted on the page and the screen Or are murderers something else entirely In *The Subject of Murder* Lisa Downing explores the ways in which the figure of the murderer has been made to signify a specific kind of social subject in Western modernity Drawing on the work of Foucault in her studies of the lives and crimes of killers in Europe and the United States Downing interrogates the meanings of media and texts produced about and by murderers Upending the usual treatment of murderers as isolated figures or exceptional individuals Downing argues that they are ordinary people reflections of our society at the intersections of gender agency desire and violence

**Kids Who Murder** Ellie Hayes, 2023-01-20 Generally naive about their world children are thought to be nearly incapable of serious wrongdoing and are rarely suspects in violent crimes Yet from the 1960s to the mid 90s the U S saw several waves of juvenile murders that caused widespread public concern The phenomenon created longstanding debates about the sources or causes of a child killer's mindset Some blame external triggers like video games rock music or pornography while others argue the causes are deeper issues such as an underdeveloped brain experiencing abuse and neglect The quest to uncover the causes of these crimes is ongoing and how the American justice system should handle these young killers remains a controversy This book assesses ten murder cases in modern American criminal history examining the minds of the children who perpetrated them Chapters compile decades of research on the psychology of child murderers in hopes of creating a more coherent understanding of why kids kill
