Territoires Occupes De Limaginaire Juif:

Comrades and Enemies Zachary Lockman, 1996-07-10 In *Comrades and Enemies* Zachary Lockman explores the mutually formative interactions between the Arab and Jewish working classes labor movements and worker oriented political parties in Palestine just before and during the period of British colonial rule Unlike most of the historical and sociological literature on Palestine in this period *Comrades and Enemies* avoids treating the Arab and Jewish communities as if they developed independently of each other Instead of focusing on politics diplomacy or military history Lockman draws on detailed archival research in both Arabic and Hebrew and on interviews with activists to delve into the country's social economic and cultural history showing how Arab and Jewish societies in Palestine helped to shape each other in significant ways *Comrades and Enemies* presents a narrative of Arab Jewish relations in Palestine that extends and complicates the conventional story of primordial identities total separation and unremitting conflict while going beyond both Zionist and Palestinian nationalist mythologies and paradigms of interpretation

The Emergence of Social Space Kristin Ross, 2020-05-05 The 1870s in France Rimbaud's moment and the subject of this book is a decade virtually ignored in most standard histories in France Yet it was the moment of two significant spatial events France's expansion on a global scale and in the spring of 1871 the brief existence of the Paris Commune the construction of the revolutionary urban space Arguing that space as a social fact is always political and strategic Kristin Ross has written a book that is at once a history and geography of the Commune's anarchist culture its

political language and social relations its values strategies and stances Central to her analysis of the Commune as a social space and oppositional culture is a close textual reading of Arthur Rimbaud's poetry His poems a common thread running through the book are one set of documents among many in Ross's recreation of the Commune experience Rimbaud Paul Lafargue and the social geographer Lise Reclus serve as emblematic figures moving within and on the periphery of the Commune in their resistance to the logic and economy of the capitalist conception of work in their challenge to work itself as a term of identity all three posed a threat to the existing order Ross looks at these and other emancipatory notions as aspects of Commune life each with an analogous strategy in Rimbaud's poetry Applying contemporary theory to a wealth of little known archival material she has written a fresh persuasive and original book

Muslims and Jews in France Maud S.

Mandel, 2016-08-02 This book traces the global national and local origins of the conflict between Muslims and Jews in France challenging the belief that rising anti-Semitism in France is rooted solely in the unfolding crisis in Israel and Palestine Maud Mandel shows how the conflict in fact emerged from processes internal to French society itself even as it was shaped by affairs elsewhere particularly in North Africa during the era of decolonization Mandel examines moments in which conflicts between Muslims and Jews became a matter of concern to French police the media and an array of self-appointed spokesmen from both communities Israel's War of Independence in 1948 France's decolonization of North Africa the 1967 Arab-Israeli War the 1968 student riots and François Mitterrand's experiments with multiculturalism in the 1980s She takes an in-depth on-the-ground look at interethnic relations in Marseille which is home to the country's largest Muslim and Jewish populations outside of Paris She reveals how Muslims and Jews in France have related to each other in diverse ways throughout this history as former residents of French North Africa as immigrants competing for limited resources as employers and employees as victims of racist aggression as religious minorities in a secularizing state and as French citizens In *Muslims and Jews in France* Mandel traces the way these multiple complex interactions have been overshadowed and obscured by a reductionist narrative of Muslim-Jewish polarization

Reinventing Tradition Klavdia Smola,2024-02-20 How was the Jewish tradition reinvented in Russian Jewish literature after a long period of assimilation the Holocaust and decades of Communism The process of reinventing the tradition began in the counter culture of Jewish dissidents in the midst of the late Soviet underground of the 1960 1970s and it continues to the present day In this period Jewish literature addresses the reader of the post human epoch when the knowledge about traditional Jewry and Judaism is received not from the family members or the collective environment but rather from books paintings museums and popular culture Klavdia Smola explores how contemporary Russian Jewish literature turns to the traditions of Jewish writing from biblical Judaism to early Soviet anti Zionist novels and how it re writes Haskalah satire Hassidic Midrash or Yiddish travelogues

The Shaping of

an Arab Statesman Patrick Seale,1983 El surgimiento del espacio social Kristin Ross,2018-06-18 Un apasionante recorrido a través de la literatura de Rimbaud por una Francia inmersa en la revolución La caída de 1870 el momento en que el meteoro Arthur Rimbaud el poeta genial y precoz por antonomasia cruza el firmamento de la literatura universal para trastornarlo para siempre suele ser soslayada en el relato convencional de la historia de Europa y en particular de Francia Sin embargo fue el momento de dos acontecimientos particularmente relevantes en lo espacial la expansión colonial francesa y en la primavera de 1871 la Comuna de París la construcción del espacio urbano revolucionario Argumentando que el espacio como un hecho social es siempre político y estratégico Kristin Ross ha escrito un libro que es a la vez una historia y un mapa de la imaginación política de la Comuna desde su lenguaje y relaciones sociales hasta sus valores estrategias y posturas adoptadas En el análisis que la autora despliega de la Comuna como un espacio social y de oposición desempeña un papel fundamental la poesía de Rimbaud Sus poemas un hilo que recorre todo el libro contribuyen grandemente a la reconstrucción que efectúa magistralmente Ross Además de Rimbaud Paul Lafargue y el geógrafo socialista Eugène Reclus brillan también como figuras emblemáticas que se desplazan dentro y en la periferia de la Comuna y cuyas resistencias frente a una concepción estrecha capitalista del trabajo amenazaban el orden existente como sucede con la poesía misma de Rimbaud Kristin Ross ha rescatado a Arthur Rimbaud para una izquierda que lo necesita desesperadamente y este libro con su estilo lúcido y cordial se mantendrá sin duda como una aportación importante y permanente a la historia socialista de la cultura moderna Terry Eagleton La nef marrane Anne-Lise Polo,2011-04-22T12:14:41-04:00 Les moments clés de l'histoire tourmentée des rapports juifs et chrétiens en Europe de l'Ouest de 1492 1986 travers quatre siècles l'auteur décrit l'arrivée et l'intégration des juifs dans le continent européen en Venise Amsterdam Londres Hambourg jusqu'à la naissance du sionisme au XIXe siècle Ce livre donne un éclairage sur l'exclusion en s'imaginant avancer vers la tolérance la pensée politique moderne ne s'aperçoit pas qu'en réalité elle glisse peu peu de l'expulsion physique des juifs leur exclusion mentale Peut-on tablir un parallèle entre la Grenade de 1492 et la Jérusalem d'aujourd'hui **Space and Place** Erica Carter,James Donald,Judith Squires,1993 Reflecting the ideas and issues which have found themselves at the forefront of cultural theory and studies this text addresses itself to the dilemmas and predicaments of the often bewildering experience of modern life covering such diverse topics as ethnicity architecture and urban spaces **Asian Affairs** ,1984 **Sionismes** Denis Charbit,2014-04-01 Consacrer une idéologie qui suscite traditionnellement des réactions passionnées qui vont de l'enthousiasme inconditionnel à l'anathème visant la disqualification comme un discours raciste cet ouvrage voudrait contribuer à une réflexion plus sereine sur le sionisme Du fait des enjeux politiques liés au conflit israélo-arabe et qui demeurent encore d'actualité tant qu'un règlement honorable et juste entre les deux parties n'aura pas couronné les efforts entrepris depuis la convocation de la conférence de Madrid le 30 octobre 1991 et en particulier depuis la signature de la déclaration de principes d'Oslo le 13 septembre 1993 la possibilité de mener en France avec le détachement nécessaire une étude scientifique et intellectuelle ce sujet a été jusqu'à ce jour extrêmement
