Making and Remaking Horror in the 1970s and 2000s David Roche, 2014-02-06 In Making and Remaking Horror in the 1970s and 2000s author David Roche takes up the assumption shared by many fans and scholars that original horror movies are more disturbing and thus better than the remakes He assesses the qualities of movies old and recast according to criteria that include subtext originality and cohesion With a methodology that combines a formalist and cultural studies approach Roche sifts aspects of the American horror movie that have been widely addressed class the patriarchal family gender and the opposition between terror and horror and those that have been somewhat neglected race the Gothic style and verisimilitude Containing seventy eight black and white illustrations the book is grounded in a close comparative analysis of the politics and aesthetics of four of the most significant independent American horror movies of the 1970s The Texas Chain Saw Massacre The Hills Have Eyes Dawn of the Dead and Halloween and their twenty first century remakes To what extent can the politics of these films be described as disturbing inasmuch as they promote subversive subtexts that undermine essentialist perspectives Do the politics of the film lie on the surface or are they wedded to the film's aesthetics Early in the book Roche explores historical contexts aspects of identity race ethnicity and class and the structuring role played by the motif of the American nuclear family He then asks to what extent these films disrupt genre expectations and attempt to provoke emotions of dread terror and horror through their representations of the monstrous and the formal strategies employed In this inquiry he examines definitions of the genre and its metafictional nature Roche ends with a meditation on the extent to which the technical limitations of the horror films of the 1970s actually contribute to this disturbing quality Moving far beyond the genre itself Making and Remaking Horror studies the redux as a form of adaptation and enables a more complete discussion of the evolution of horror in contemporary American cinema

The Terror's Touch Jun Shi, 2024-09-19 The

Terror's Touch draws readers into a chilling world where a pervasive darkness subtly corrupts reality leaving an indelible mark on everything it touches Elara a cartographer haunted by a family curse and the disappearance of her grandfather Silas Thorne embarks on a perilous journey to the Obsidian Archipelago This cluster of volcanic islands shrouded in perpetual twilight holds the key to the encroaching Shadow Blight and the origin of a growing terror Guided by cryptic journal entries and her own prophetic dreams Elara confronts not only the physical horrors of the archipelago from monstrous guardians and spectral entities to cursed artifacts but also the insidious psychological torment that threatens to unravel her sanity As she navigates haunted houses monster lairs and encounters with vampires werewolves and demons the narrative reveals the devastating impact of ancient malevolence This collection explores themes of fear survival the burden of lineage and the resilience of the human spirit in the face of overwhelming dread proving that while the terror's touch might linger the light of hope and enduring loyalty can ultimately prevail Countering Terrorist and Criminal Financing Scott N

Romaniuk,Christian Kaunert,Amparo Pamela H Fabe,2023-11-09 Countering Terrorist and Criminal Financing provides an up to date overview and critical analysis of terrorism financing focusing on tactics and practical measures directed at preventing money laundering and countering the flow of terrorism funding In doing so the book details some of the major doctrines outlining policies of states and key regional and global partnerships in Europe Asia North America South America the Middle East and Africa Chapters bring together a diverse range of expert scholars and practitioners who specialise in theoretical principles utilising empirical research and an analysis of the cross national networks and cross group collaborations that underpin the illicit activities that fund such groups The book serves as the most current and comprehensive resource in the area of countering the financing of terrorism and organised crime incorporating regional and group specific approaches challenges and consequences This focus encompasses legal measures social policies and military operations and security force responses by states and non state actors to assemble the most up to date counter terrorist financing information into a single volume **Unmasking Terror** Jonathan D. Hutzley,2007 Unmasking Terror provides a thorough snapshot of the

most important developments in global terrorist activities over the past year Featuring over 50 foreign experts on terrorism intelligence and security whose analyses derive from indigenous language sources originating in Iran Afghanistan Pakistan Indonesia Uzbekistan Libya Algeria Chechnya Europe and beyond the series provides unique information and objective analysis that are simply not found elsewhere The latest volume explains the motivations and underlying logic of the latest developments in global terrorist strategy doctrine and activity Unmasking Terror is organized by geographic region and is therefore an accessible resource from which to approach the complexities and everchanging terrain of international terrorism Time and again Unmasking Terror has provided insight for private sector analysts policymakers intelligence officials and anyone seeking a greater understanding of al Qaeda and the many challenges of combating terrorism **The**

Horror of It All Adam Rockoff,2015-05-19 Pop culture history meets blood soaked memoir as Adam Rockoff a passionate fan

of the horror genre in all its forms The New York Times recalls a life spent watching blockbuster slasher films cult classics and everything in between Horror films have simultaneously captivated and terrified audiences for generations racking up millions of dollars at the box office and infusing our nightmares with chainsaws goblins and blood spattered machetes Today's hottest television shows feature classic horror elements from marauding zombies and sexy vampires to myriad incarnations of the devil himself Yet the horror genre and its controversial offshoots continue to occupy a nebulous space in our critical dialogue The Horror of It All is a memoir from the front lines of the horror industry that dissects and occasionally defends the massively popular phenomenon of scary movies Author Adam Rockoff delivers the sharpest pop culture criticism you'll find in any medium today Rue Morgue as he traces the highs and lows of the genre through the lens of his own obsessive fandom which began in the horror aisles of his childhood video store and continued with a steady diet of cable trash From the convergence of horror and heavy metal to Siskel and Ebert's crusade against the slasher flick to the legacy of the Scream franchise and the behind the scenes work of horror directors and make up artists Rockoff mines the rich history of the genre braiding critical analysis with his own firsthand experiences as a horror writer and producer Filled with mordant wit and sharp insight The Horror of It All is an amiable and often amusing guide Kirkus Reviews that explains why horror films not only endure but continue to prosper Be afraid Be very afraid **Ladies' Home Journal**, 1925 **Object Driven** Darlene Fitzgerald, 2003-07 Step deep into the mind of a demented killer as seen through the eyes of the investigators who caught him Walk in the shoes of the personal and professional lives of these cops as they spin their investigative web using the Internet to catch this monster **Pakistan at the Crossroads** Christophe Jaffrelot, 2016-06-29 In Pakistan at the Crossroads top international scholars assess Pakistan's politics economics and the challenges faced by its civil and military leaders domestically and diplomatically Contributors examine the state's handling of internal threats tensions between civilians and the military strategies of political parties police and law enforcement reform trends in judicial activism the rise of border conflicts economic challenges financial entanglements with foreign powers and diplomatic relations with India China Iran Saudi Arabia Afghanistan and the United States This volume is critical to grasping the sophisticated interplay of internal and external forces complicating the country's recent trajectory **Griffith Review 89: Here Be Monsters** Carody Culver, Lisa Fuller, 2025-08-05 Portent symbol metaphor from the Bunyip to the Slenderman from Count Dracula to the far more sinister emotional vampire monsters of all forms have offered us ways to express and exorcise our fears for thousands of years Griffith Review 89 Here Be Monsters surveys beasts and bogeymen past and present real and imagined to peel back the layers of our social and cultural anxieties What are we most afraid of When is monstrosity alluring rather than frightening And what form might the monsters of the future take **Pakistan's Internal Challenges** Naeem Ahmad Salik, 2010-04-08 Pakistan is currently experiencing one of the most turbulent phases in its history throughout its 62 year existence it has often been confronted with one serious crisis after another The sources of this perpetual instability have

been both internal and external in their nature Parts of Islamabad which was once considered to be one of the safest and most peaceful cities in the region have the look of a war zone Concrete barricades on roads and in front of houses have turned traffic into a nightmare and houses into mini fortresses During the last year or so terrorist tactics have significantly and visibly evolved from suicide bombings or car bombs to military style raids and attacks on sensitive installations as well as targeted attacks on security personnel by well trained assassination teams In the areas of the Federally Administered Tribal Areas FATAs along the border with Afghanistan the so called Tehrik i Taliban Pakistan continue to challenge the writ of the state and occasionally even assume complete control of certain areas before being pushed out by security forces The ongoing operation in South Waziristan Rah i Nijaat is the largest counter insurgency operation ever launched by the Pakistani military Nuclear security has assumed added significance for Pakistan in the prevailing environment Firstly there is the obvious need to ensure the security of nuclear installations against any act of sabotage or terrorism given the current domestic security situation and Pakistan is mindful of its obligations in this regard Pakistan remains a pivotal state in Southwest Asia and its future will have a profound impact on the entire region It is therefore imperative that all regional states and especially Pakistan s immediate neighbors refrain from interfering in its affairs They should either do whatever they can to help Pakistan overcome its problems or leave well alone Given Pakistan s historically close cultural political economic and security relations with the Gulf states and other Muslim countries in the Middle East Pakistan s failure would have very serious repercussions for all these countries Thus Pakistan s friends should not only wish it well but also assist in whatever way they can to ensure that it succeeds in its struggle
