Revolutionary Pamphlets, Propaganda and Political Culture in Colonial Bengal Shukla Sanyal, 2014-10-16 Pamphlets have usually been regarded as ephemeral literature with little permanent impact This work demonstrates the historical value of this genre of political literature The propaganda pamphlets help historians place a finger on the pulse of an extraordinarily important historical period when new ideas concerning the nation state the rights of the governed and forms of political protest complicated the political scene and opened up new fronts of conflict between the colonial state and the colonized subjects This study devises innovative approaches to reading these pamphlets and generates new insights into the world of

the pamphleteers thus providing the readers with a more nuanced understanding of the politics and political culture of early twentieth century Bengal In the process the book makes an important contribution to the historical controversies that the politics of this period has generated among scholars of Indian nationalism

The Radical Right in Germany Lee Mcgowan, 2014-09-25 The Radical Right has represented a major element in German politics and society throughout the history of the united country i e since the 1870s though the understandable concentration on the Third Reich 1933 45 has tended to distort the wider picture This book explores the history of the radical right through the full span of Germany s life as a nation thus putting the Third Reich in its natural context and also emphasising that the attitudes and policies of the radical right did not begin with Hitler s pursuit of power in the 1920s or end with his death in the ruins of Berlin

Root Causes of Terrorism Tore Bjørge, 2005-06-30 This team of international experts analyses the possibilities and limitations of preventing or reducing terrorism by addressing the factors that give rise to it and sustain it The key questions raised include what are the main circumstances that provide preconditions for the emergence of various types of terrorism what are the typical precipit

A Natural History of Peace Thomas Gregor, 1996 A stimulating and innovative consideration of the concept causes and practice of peace in societies both ancient and modern human and primate We know a great deal about aggression conflict and war but relatively little about peace partially because it has been such a scarce phenomenon throughout history and in our own times Peace is more than the absence of war Peace requires special relationships structures and attitudes to promote and protect it A Natural History of Peace provides the first broadly interdisciplinary examination of peace as viewed from the perspectives of social anthropology primatology archeology psychology political science and economics Among other notable features this volume offers a major theory concerning the evolution of peace and violence through human history an in depth comparative study of peaceful cultures with the goal of discovering what it is that makes them peaceful one of the earliest reports of a new theory of the organization and collapse of ancient Maya civilization a comparative examination of peace from the perspective of change including the transition of one of the world s most violent societies to a relatively peaceful culture and the decision making process of terrorists who abandon violence and a theory of political change that sees the conclusion of wars as uniquely creative periods in the evolution of peace among modern nations

International Handbook of Violence Research Wilhelm Heitmeyer, John Hagan, 2005-08-12 An international manual is like a world cruise a once in a lifetime experience All the more reason to consider carefully whether it is necessary This can hardly be the case if previous research in the selected field has already been the subject of an earlier review or even several competing surveys On the other hand more thorough study is necessary if the intensity and scope of research are increasing without comprehensive assessments That was the situation in Western societies when work began on this project in the summer of

1998 It was then too that the challenges emerged any manual especially an international one is a very special type of text which is anything but routine It calls for a special effort the state of the art has to be documented for selected subject areas and its presentation made as compelling as possible The editors were delighted therefore by the cooperation and commitment shown by the eighty one contributors from ten countries who were recruited to write on the sixty two different topics by the constructive way in which any requests for changes were dealt with and by the patient response to our many queries This volume is the result of a long process It began with the first drafts outlining the structure of the work which were submitted to various distinguished colleagues Friedheim Neidhardt of Berlin Gertrud Nunner Winkler of Munich and Roland Eckert of Trier to name only a few supplied valuable comments at this stage
