

A dark, atmospheric movie poster. At the top, the word "SIDEWORLD" is written in a stylized, metallic, serif font. Below it, a three-masted sailing ship is visible in the distance, partially obscured by a thick mist or fog. In the foreground, several large, dark, tentacle-like appendages with suckers are emerging from the water. A bright lightning bolt strikes down from the right side of the sky. The overall color palette is dark, with shades of blue, grey, and black.

be framed as a question How will the word of God overcome the human revolution Torah Story offers a student friendly introduction to the redemptive narrative housed in the first five books of the Bible Every main chapter introduces a section of Torah with attention to its basic structure This is followed by another look at how this portion of Torah connects to the rest of the Christian Bible The dynamic design includes opportunities in every chapter to make the most of Torah study including Helps for getting started focus questions key terms outline An interactive workshop with challenge questions and advanced questions Suggestions for research projects Next steps for further study A refreshingly new approach to the Torah neither an introduction nor a commentary Torah Story provides an apprenticeship on the Old Testament s first five books But it also provides a model of how to read Scripture intertextually with an eye to the New Testament gospels It leaves no doubt as to the overarching unity of the message and composition of the Pentateuch The second edition is streamlined and simplified throughout with updated examples and new sidebars and imagery
