The Bible Reader's Commentary. The New Testament, in Two Volumes James Glentworth Butler, 1878

The Time Line New Testament Leonard R. Hoffman, 2023-01-17

The New Testament is so much more than you've been taught. Are you ready to discover the truth? Through a lifetime of research, Dr. Leonard Hoffman is able to reveal the true order and sequence of events in the New Testament in the letters of Paul and the Gospels. The Time Line New Testament presents an historically accurate timeline of the events of the entire New Testament. Go beyond the Christian owner's manual view of the New Testament as you follow Christ and His disciples through the years of His ministry on earth. Discover new insights and truths long obscured throughout the letters of Paul as you travel with him on his journeys among the early churches. Your eyes will be opened as you see the New Testament in a new light and discover deeper truths that reveal the answers to questions such as: What did Paul really teach about persecution and how can it help you today? What can you learn from First Century believers? What were the true foundational teachings of the First Century Church and how can you bring those teachings to life in your life? How did Gentile churches survive those early years and what lessons can the Modern Church learn from them? What are the real issues the Early Church faced and how should we deal with those same issues today? Let the New Testament come to life in you as your faith is strengthened and your eyes opened to the true stories of conflict, grace, struggle and overcoming through The Time Line New Testament.

A New Chronology for Old Testament Times Jan Van Tuyl, 2012

This book brings solutions to a very great list of hitherto unsolved chronological and synchronisation problems. The reason why those solutions could be found lies in the extensive research the author made in old and often rare texts instead of limiting himself to the near exclusive source of the Bible. Ample use has been made of information that is available in works like the Books of Enoch, The Apocrypha, The Legends of the Jews, The Seder Olam, the Book of Jasher and many more as well as in the texts from known historians like Herodotus and the famous Jewish historian and priest Flavius Josephus. Just a few of the many special findings are: The real reason why Joseph was so popular with the Pharaoh, Sarah was not Abraham's half sister, Moses was uncircumcised and even forbade the ritual for 40 years, Terah was not 70 years old when he begat Abraham. The exact period of the Judges when they started and when they ended. A solution for the verse of the about 450 years of Paul's speech. Why did the Lord God give form and then blew life into Adam? Eve was not made out of Adam's rib but from another body part. A solution to the impossible synchronism of Judah and his sons. Enoch made not one but 4 trips to Heaven. The definitive answer why did King Josiah attack Necho II? Why did King Ahab not fight at Qarqar? And many more. The book has a unique style. It has nothing of the study book difficult to understand texts. The subject is serious, well researched and treated with respect. But that does not mean that it cannot be presented at a fast moving pace in easy to read style with here and there even a bit of humour. The purpose of the book is to prove that the promise that the Lord God made to Adam was kept. It held that there would be exactly 5500 years between the arrival of Adam in this world and the arrival of Christ. Every person

who was of importance in that timespan has been visited For every single one there are his years of birth and death or the years of his rule Every person has a short story about some important part of his life his actions or the influence he had on the history of the Hebrew people that lived in that period
