

to take away those who'd been "punished," naked and swollen as they were. They dragged them along, they could no longer walk. Dragged them to this place, where they lined them up all together within sight of everyone. The officer called to the worst of the criminals—the Kaibiles, who wear different clothes from other soldiers. They're the ones with the most training, the most power. Well, he called the Kaibiles and they poured petrol over each of the tortured. The captain said, "This isn't the last of their punishments, there's another one yet. This is what we've done with all the subversives we catch, because they have to die by violence. And if this doesn't teach you a lesson, this is what'll happen to you too. The problem is that the Indians let themselves be led by the communists. Since no one's told the Indians anything, they go along with the communists." He was trying to convince the people but at the same time he was insulting them by what he

[the soldiers] lined up the tortured in them; and then the soldiers set fire to them. Many of them begged for mercy. I cried, many of them wept but uttered no sound—of course, that was because their breathing was cut off. But—and to me this was incredible—many of the people had weapons with them, the ones who'd been on their way to work had machetes, others had nothing in their hands, but when they saw the army setting fire to the victims, everyone wanted to strike back, to risk their lives doing it, despite all the soldiers' arms. Faced with its own cowardice, the army itself realized that the whole people were prepared to fight. You could see that even the children were enraged, but they didn't know how to express their rage. [The officer quickly gave the order for the squad to withdraw. They all fell back holding their weapons up and shouting slogans as if it were a celebration. They were happy! They roared with laughter and cried, "Long live the Fatherland! Long live Guatemala! Long live our President! Long live the army!"....When children reach ten years old [in our village], that's the moment when their parents and the village leaders talk to them again. It's also when they remind them that our ancestors were dislodged by the White Men, by colonization. But they don't tell them the way it's written down in books, because the majority of Indians can't read or write, and don't even know that they have their own texts. No, they learn it through oral recommendations, the way it has been handed down through the generations....Sometimes I'd hear how these teachers taught and what education was like in the villages. They said that the arrival of the Spaniards was a conquest, a victory, while we knew in practice that it was just the opposite. This taught me that even though a person may learn to read and write, he should not accept the false education they give our people. Our people must not think as the authorities think....When teachers come into the villages, they bring with them the ideas of capitalism and getting on in life. They try and impose these ideas on us. I remember that in my village there were two teachers for a while and they began teaching the people, but the children told their parents everything they were being

Counterfeit Politics David Kelman, 2012-10-20 In Counterfeit Politics David Kelman reassesses the political significance of conspiracy theory Traditionally political theory has sought to banish the paranoid style from the proper domain of politics But if conspiracy theory lies outside the sphere of legitimate politics why do these narratives continue to haunt political life Counterfeit Politics accounts for the seemingly ineradicable nature of conspiracy theory by arguing that all political statements ultimately take the form of conspiracy theory Through careful readings of works by Ernest Hemingway Ricardo Piglia Thomas Pynchon Don DeLillo Jorge Luis Borges Ishmael Reed Jorge Volpi Rigoberta Mench and ngel Rama Kelman demonstrates that conspiracy narratives bear witness to an illegitimate or counterfeit secret that cannot be fully recognized understood and controlled Even though the secret is not authorized to speak this silence is nevertheless precisely what gives the secret its force Kelmangoes on to suggest that all political statements even those that do not seem paranoid are constitutively illegitimate or counterfeit since they always narrate this unresolved play of legitimacy between an official or authorized plot and an unofficial or unauthorized plot a complot In short Counterfeit Politics argues that politics only takes place as conspiracy theory

A Shared Truth Julie Ann Ward, 2019-04-18 Lagartijas Tiradas al Sol Lizards Lounging in the Sun is a Mexican theater company that performs what is known as theater of the real By taking reality as its subject this genre claims a special relationship to reality truth and authenticity In A Shared Truth Julie Ann Ward traces the development of this contemporary and cutting edge collective s unique aesthetic Based on performances play texts videos and interviews this in depth look at a single theatrical troupe argues that the company s work represents a larger trend in which Latin American theater positions itself as a source of and repository for truth in the face of unreliable official narratives A Shared Truth critically examines the work of an influential company whose collaborative methods and engagement with the real challenge the bounds of theater

Insurgent Truth Lida Maxwell, 2019-05-31 When Chelsea Manning was arrested in May 2010 for leaking massive amounts of classified Army and diplomatic documents to WikiLeaks she was almost immediately profiled by the mainstream press as a troubled person someone who had experienced harassment due to her sexual orientation and gender non conformity and who leaked documents not on behalf of the public good but out of motives of personal revenge or as suggested in the New York Times delusions of grandeur Compared implicitly to Daniel Ellsberg s apparently selfless devotion to the truth and the public good Manning comes up short in these profiles a failed whistleblower

who deserves pity rather than political solidarity The first book length theoretical treatment of Manning s actions *Insurgent Truth* argues for seeing Manning s example differently as an act of what the book terms outsider truth telling Bringing Manning s truth telling into conversation with democratic feminist and queer theory the book argues that outsider truth tellers such as Manning tell or enact unsettling truths from a position of social illegibility Challenging the social alignment of credibility with gendered classed and raced traits outsider truth tellers reveal oppression and violence that the dominant class would otherwise not see and disclose the possibility of a more egalitarian form of life Read as outsider truth telling the book argues that Manning s acts were not aimed at curbing corporate or governmental bad acts but instead at transforming public discourse and agency and inciting a solidaristic public The book suggests that Manning s actions offer a productive example of democratic truth telling for all of us Lida Maxwell develops this argument through an examination of Manning s prison writings the lengthy chat logs between Manning and the hacker who eventually turned her in various journalistic artistic and academic responses to Manning and by comparing Manning s example and writings with the work and actions of other outsider truth tellers including Cassandra Virginia Woolf Bayard Rustin and Audre Lorde Showing the shortcomings of existing approaches to truth and politics Maxwell advances a new theoretical framework through which to understand truth telling in politics not only as a practice of offering a pre political common ground of facts to politics but also as the practice of unsettling public discourse by revealing the oppression and domination that it often masks
