Texas made its dramatic shift from Democratic stronghold to GOP dominance In November 1960 the Democratic party dominated Texas Democrats held all thirty statewide elective positions as well as the entire state legislature Fifty years later this stronghold had not only been lost it had reversed In November 2010 Republicans controlled every statewide elective office as well as the Texas Senate and House of Representatives The state s congressional delegation in Washington was comprised of twenty five Republicans and nine Democrats Red State explores why this transformation took place and what these changes imply for the future of Texas politics Wayne Thorburn analyzes a wealth of data to show how changes in the state s demographics including an influx of new residents the shift from rural to urban and the growth of the Mexican American population have moved Texas through three stages of party competition from two tiered politics to two party competition and then to the return to one party dominance this time by Republicans Thorburn reveals that the shift from Democratic to Republican governance has been driven not by any change in Texans ideological perspective or public policy orientation even when Texans were voting Democrat conservatives outnumbered liberals or moderates but by the Republican party s increasing identification with conservatism since 1960 Politics in the New South Charles E. Menifield,Stephen D. Shaffer,2012-02-01 Winner of the 2006 V O Key Award presented by the Southern Political Science Association This authoritative study of contemporary state legislatures in the South provides a fascinating account of how African Americans have achieved noticeable political power since the Voting Rights Act was passed in 1965 A history of racial discrimination and one party Democratic dominance is being supplanted by African American empowerment in a competitive two party system Contributors examine the evolution of the Black Caucus the growing number of African American lawmakers and the rise of black legislators to important leadership positions in the legislatures of each of the southern states Roll call data on key votes from several legislative sessions in Arkansas Florida Georgia Mississippi and Texas are analyzed
