make war to the President Congress and the Court play a supporting role Congress when requested gives the President a blank check to use force the Court throws out any challenges to the legality of the war Everyone wins if the war avoids disaster If it turns out badly the President is held accountable His ratings fall reelection is out of the question congressmen say he lied to them his Party is likely to lose the next election In this way Quirk reminds us that The Happy Convention is not what the Founders intended for us For democracy to work properly the American people have to know what options they have Courts and Congress argues the case for reestablishing the balance of powers between the courts the Congress and the Presidency
