Texfake An Account Of The Theft And Forgery Of Early Texas Printed Documents

Stephen L. Hardin

Texfake An Account Of The Theft And Forgery Of Early Texas Printed Documents:

Texfake W. Thomas Taylor, 1991 *Texfake* is the result of three years of investigation into the scandal surrounding the 1988 discovery of forged copies of the Texas Declaration of Independence The New York Times Texas Monthly and The New Yorker all carried articles on the affair but this is the definitive account of the history and impact of the Texas forger and his wares Austin rare book dealer Taylor lays out the facts concerning the forgeries who made them when and how they were made how they were discovered and whether or not the dealers involved know what they were selling He also reveals for the first time the devastating impact of the looting of Texas libraries by thieves in the 1960s Taylor discusses in detail all of the printed Texas documents known to have been forged or fabricated and includes a census of every known copy genuine or fake The thirty nine illustrations demonstrate how to distinguish between genuine and forged copies Pulitzer Prize winning novelist Larry McMurtry's introduction delivers on his promise to slap on a little of the color that Tom Taylor has had to leave off McMurtry offers an amusing but clear eyed account of the principal dealers in the affair Dorman David and John Jenkins and their top speed stampede through the trade from the perspective of a former employee of David's bookshop and later a dealer who knew both men Fake Dónal O'Sullivan, 2023-10-02 Throughout history forgers have attempted to fabricate documents to manipulate the historical record The book explores the most egregious cases their intent effectiveness exposure and significance from the Donation of Constantine to the Protocols of the Elders of Zion to the Hitler Diaries Ironically forgeries have helped advance the discipline of history Case studies trace how scholars worked to reveal the truth behind bogus manuscripts while developing new tools and standards for accuracy and authenticity In the age of fake news and digital editing software the spectacular history of fraud in print has never been more relevant Detecting Forgery Joe Nickell, 2021-05-11 *Detecting Forgery* reveals the complete arsenal of forensic techniques used to detect forged handwriting and alterations in documents and to identify the authorship of disputed writings Joe Nickell looks at famous cases such as Clifford Irving's autobiography of Howard Hughes and the Mormon papers of document dealer Mark Hoffman as well as cases involving works of art *Detecting Forgery* is a fascinating introduction to the growing field of forensic document examination and forgery detection **Texian Exodus** Stephen L. Hardin, 2024 As the Mexican army crossed the Rio Grande in early 1836 communities in the south central portions of Texas began to leave the area After the Alamo fell in March of 1836 Sam Houston dispatched couriers to carry the news across Texas Frightened Texians used any means of transportation or none at all to leave often without any preparation The mass evacuation congealed as groups including soldiers helped one another toward the Sabine River the border with Louisiana or Galveston Island On April 21 1836 the retreating Texian army doubled back and surprised Santa Anna's forces while they were at rest routing the Mexicans and essentially securing Texas's independence The Runaway Scrape as it came to be known ended when news of the decisive battle at San Jacinto spread announcing Texas's separation from Mexico First hand accounts by the Anglo American colonists Tejano residents and

enslaved people provide the backbone of the narrative bolstered with original interpretation and analysis **Beggars, Cheats and Forgers** David Thomas, 2014-06-30 *Beggars, Cheats and Forgers* is made up of new research into a neglected area of British history the stories of historical scams cheats and forgeries Former Director of Technology at the National Archives David Thomas has delved into the archives to uncover unusual tales from Tudor identity theft to the Spanish Prisoner letter scam of the eighteenth and nineteenth centuries This book provides a fresh take on criminal history and the roots of identity theft email scams and pyramid schemes still employed by criminals today As featured in Hertfordshire Life Magazine Wiltshire Times Bradway Bugle and My Croxley News Warmly Inscribed Lawrence Goldstone, Nancy Goldstone, 2001-06-20 With their typically warm and insightful style two amateur antiquarian book collectors reveal one of the dirty secrets of the book collecting world forgeries **Torn from Their Bindings** Travis McDade, 2018-05-30 In 1980 an antique print dealer was going broke from competition and lack of supply Then he discovered all the high quality antique prints he could ever want for free on the shelves of American university libraries *Torn from Their Bindings* tells the story of Robert Kindred's brazen theft of irreplaceable antique illustrations and maps from academic libraries across the country a crime spree that left the irredeemable wreck of countless rare books in its wake Travis McDade's account of Kindred's pillaging and the paper trail that led to his capture unfolds with the drama of a true crime page turner whose pages are replete with the particulars of archival treasures library science print preservation and the history bound up in the cultural heritage plundered by Kindred Along the way we observe the nature and methods of the book thief defacer of priceless volumes and purveyor of purloined pages and acquire a wealth of knowledge about the antique prints he favored Told by an author devoted to the preservation of books the story is propelled by an informed curiosity and just outrage from its suspenseful opening to its ironic conclusion the ultimate fate of Kindred's spoils *Encyclopedia of Library and Information Science* Allen Kent, 1998-05-15 *Automated Discourse Generation to the User Centered Revolution 1970-1995* **Edward Eberstadt & Sons** Michael Vinson, 2016-08-08 An unlikely bookseller in New York City became the leading dealer in rare Western Americana for most of the twentieth century After working in western U S and South American gold mines at the turn of the twentieth century Edward Eberstadt 1883-1958 returned to his home in New York City in 1907 Through luck and happenstance he purchased an old book for fifty cents that turned out to be a rare sixteenth century Mexican imprint From this bit of serendipity Eberstadt quickly became one of the leading western Americana rare book dealers In this book Michael Vinson tells the story of how Edward Eberstadt Sons developed its legendary book collection which formed the backbone of many of today's top western Americana archives Although the firm's business records have not survived Edward and his sons Charles and Lindley were all prodigious letter writers and nearly every collector kept his or her correspondence Drawing upon these letters and on his own extensive experience in the rare book trade Vinson gives the reader a vivid sense of how the commerce in rare books and manuscripts unfolded during the era of the Eberstadts particularly in the relationships

between dealers and customers He explores the backstory that scholars of art history and museology have pursued in recent decades the assembling of cultural treasures their organization for use and the establishment of institutions to support that use His work describes the important role this key bookselling firm played in the western Americana trade from the early 1900s to Eberstadt Sons dissolution in 1975 From Yale University and the American Antiquarian Society to the Newberry Library and the Huntington Library the firm of Edward Eberstadt Sons has left its mark in western Americana repositories across the nation Told here for the first time the Eberstadt story reveals how one family s business and legacy have shaped the study of the American West

Death of a Legend Bill Groneman,1999-06-15 This is the first book to compile all the accounts debates and legends relating to Crockett s death There is much controversy and Groneman discusses it all in this unique book It also shows how movies and television have addressed the issue of this notable Texan s death Readers in a

Revolution David McKitterick,2022-06-30 This book traces a revolution in values that transformed nineteenth century attitudes to second hand books bibliography and collecting *Manuscripts* ,1992

Guide to Security Considerations and Practices for Rare Book, Manuscript, and Special Collection Libraries Everett C. Wilkie,2011-09 The Guide to Security Considerations and Practices for Rare Book Manuscript and Special Collection Libraries is the first such book intended specifically to address security in special collection libraries Containing nineteen chapters the book covers such topics as background checks reading room and general building design technical processing characteristics and methods of thieves materials recovery after a theft and security systems While other topics are touched upon the key focus of this volume is on the prevention of theft of rare materials The work is supplemented by several appendices one of which gives brief biographies of recent thieves and another of which publishes Allen s important Blumberg Survey which she undertook after that thief s conviction The text is supported by illustrations a detailed index and an extensive bibliography The work compiled and edited by Everett C Wilkie Jr contains contributions from Anne Marie Lane Jeffrey Marshall Alvan Bregman Margaret Tenney Elaine Shiner Richard W Oram Ann Hartley Susan M Allen and Daniel J Slive all members of the ACRL Rare Books Manuscripts Section RBMS and experts in rare materials and the security of these materials within special collections This work is essential reading for all those concerned with special collection security from general library administrators to rare book librarians c From Amazon com Harmless to Homicidal University of Scranton. Weinberg Memorial Library.

Special Collections,2007 **Encyclopedia of Library and Information Sciences** John D. McDonald,Michael Levine-Clark,2017-03-15 The Encyclopedia of Library and Information Sciences comprising of seven volumes now in its fourth edition compiles the contributions of major researchers and practitioners and explores the cultural institutions of more than 30 countries This major reference presents over 550 entries extensively reviewed for accuracy in seven print volumes or online The new fourth edition which includes 55 new entires and 60 revised entries continues to reflect the growing convergence among the disciplines that influence information and the cultural record with coverage of the latest topics as

well as classic articles of historical and theoretical importance **The Papers of the Bibliographical Society of America** Bibliographical Society of America, 1991 **The Last Bookseller** Gary Goodman, 2021-12-07 A wry unvarnished chronicle of a career in the rare book trade now in paperback When Gary Goodman wandered into a run down used book shop that was going out of business in East St Paul in 1982 he had no idea the visit would change his life He walked in as a psychiatric counselor and walked out as the store's new owner In *The Last Bookseller* Goodman describes his sometimes desperate sometimes hilarious career as a used and rare book dealer in Minnesota the early struggles the travels to estate sales and book fairs the remarkable finds and the bibliophiles forgers book thieves and book hoarders he met along the way Here we meet the infamous St Paul Book Bandit Stephen Blumberg who stole 24 000 rare books worth more than fifty million dollars John Jenkins the Texas rare book dealer who probably was murdered while standing in the middle of the Colorado River and the eccentric Melvin McCosh who filled his dilapidated Lake Minnetonka mansion with half a million books In 1990 with a couple of partners Goodman opened St Croix Antiquarian Books in Stillwater one of the Twin Cities region's most venerable bookshops until it closed in 2017 This store became so successful and inspired so many other booksellers to move to town that Richard Booth founder of the book town movement in Hay on Wye in Wales declared Stillwater the First Book Town in North America The internet changed the book business forever and Goodman details how after 2000 the internet made stores like his obsolete In the 1990s the Twin Cities had nearly fifty secondhand bookshops today there are fewer than ten As both a memoir and a history of booksellers and book scouts criminals and collectors *The Last Bookseller* offers an ultimately poignant account of the used and rare book business during its final Golden Age [Bluffing Texas Style](#) Michael Vinson, 2020-03-26 In 1989 a woman fishing in Texas on a quiet stretch of the Colorado River snagged a body Her catch was the corpse of Johnny Jenkins shot in the head His death was as dramatic as the rare book dealer's life which read as the *Austin American Statesman* declared like a bestseller In 1975 Jenkins had staged the largest rare book coup of the twentieth century the purchase for more than two million dollars of the legendary Eberstadt inventory of rare Americana a feat noted in the *New York Times* and the *Wall Street Journal* His undercover work for the FBI recovering rare books stolen by mafia figures had also earned him headlines coast to coast as had his exploits as Austin Squatty playing high stakes poker in Las Vegas But beneath such public triumphs lay darker secrets At the time of his death Jenkins was about to be indicted by the ATF for the arson of his rare books warehouse and offices Another investigation implicated Jenkins in forgeries of historical documents including the Texas Declaration of Independence Rumors of million dollar gambling debts at mob connected casinos circulated along with the rumblings of irate mafia figures he'd fingered and eccentric Texas collectors he'd cheated Had he been murdered Or was his death a suicide staged to look like a murder How Jenkins a onetime president of the Antiquarian Booksellers Association of America came to such an unseemly end is one of the mysteries Michael Vinson pursues in this spirited account of a tragic American life Entrepreneur con man connoisseur forger and self made hero

Jenkins was a Texan who knew how to bluff but not when to fold **Practice to Deceive** Joseph Rosenblum, 2000 Nine stories of literary forgery s most notorious practitioners Introduction gives an overview of literary forgery from classic times to the modern Each story enlightens the reader about the cunning skill and techniques of the chosen forgers and also explores their personalities and varied motives *The Private Library* ,1992
