Sounds for Reading Frances James, Ann Kerr, 1998 Linked to the National Literacy Strategy this classroom resource is designed to help teachers to develop the essential phonic skills that children need in order to become fluent readers Practical activities and 86 worksheets focus on basic listening skills an understanding of the difference between words and letters the ability to hear separate syllables in words learning to hear and generate rhymes and alliterations learning about onsets and rhymes learning to use analogy to help with reading and learning to hear individual phonemes in words *Reading Circles, Novels and Adult Reading Development* Sam Duncan, 2012-02-23 Adult literacy teachers are constantly searching for effective engaging and distinctly adult ways to develop adult emergent reading and for at least the past two hundred years adults have formed themselves into reading circles to read and discuss novels on a weekly or monthly basis Why then are reading circles rarely used or studied in formal adult literacy provision This book explores adult reading development novel reading and reading circles in the context of a wider examination of reading pedagogies and practices in the English speaking world It discusses reading as both an individual and a communal act and investigates the relationship between literature and literacy development practice and pedagogy including a reassessment of the controversial approaches of reading aloud and phonics for adults Sam Duncan reviews a case study of an adult reading circle in a large London further education college and identifies the wider implications for the teaching and learning of adult emergent reading for the use and understanding of reading circles and for how we understand the novel reading experience more broadly

Making Progress in Writing Eve Bearne, 2003-08-29 Children s achievements in writing lag behind their achievements in reading speaking and listening National tests are beginning to expose this gap and inevitably it is raising concerns The issue is not without controversy but regardless of the politics of the situation national progress in children s writing is both needed and possible This new book from Eve Bearne makes a valuable contribution towards helping teachers close this gap Uniquely it follows the structure of the National Literacy Strategy whilst examining key areas such as bridging KS2 and KS3 writing and writing skills beyond the Literacy Hour Such a structure makes the book incredibly practical and easy to use providing essential information for both practitioners and academics
