Six Days:

Six Days of War Michael B. Oren, 2017-06-06 NEW YORK TIMES BESTSELLER The first comprehensive account of the epoch making Six Day War from the author of *Ally now* featuring a fiftieth anniversary retrospective Though it lasted for only six tense days in June the 1967 Arab Israeli war never really ended Every crisis that has ripped through this region in the ensuing decades from the Yom Kippur War of 1973 to the ongoing intifada is a direct consequence of those six days of fighting Writing with a novelist's command of narrative and a historian's grasp of fact and motive Michael B Oren reconstructs both the lightning fast action on the battlefields and the political shocks that electrified the world Extraordinary personalities Moshe Dayan and Gamal Abdul Nasser Lyndon Johnson and Alexei Kosygin rose and toppled from power as a result of this war borders were redrawn daring strategies brilliantly succeeded or disastrously failed in a matter of hours And the balance of power changed in the Middle East and in the world A towering work of history and an enthralling human narrative *Six Days of War* is the most important book on the Middle East conflict to appear in a generation Praise for *Six Days of War* Powerful A highly readable even gripping account of the 1967 conflict Oren has woven a seamless narrative out of a staggering variety of diplomatic and military strands The New York Times With a remarkably assured style Oren elucidates nearly every aspect of the conflict Oren's book will remain the authoritative chronicle of the war His achievement as a writer and a historian is awesome The Atlantic Monthly This is not only the best book so far written on the six day war it is likely to remain the best The Washington Post Book World Phenomenal breathtaking history a profoundly talented writer This book is not only one of the best books on this critical episode in Middle East history it's one of the best written books I've read this year in any genre The Jerusalem Post In Michael Oren's richly detailed and lucid account the familiar story is thrilling once again What makes this book important is the breadth and depth of the research The New York Times Book Review A first rate new account of the conflict The Washington Post The definitive history of the Six Day War Oren's narrative is precise but written with great literary flair In no one else's study is there more understanding or more surprise Martin Peretz Publisher The New Republic Compelling perhaps even vital reading San Jose Mercury News **Six Days** Ken Ham, 2013-11-01 Discover how many evangelical leaders willingly or unwittingly are undermining the authority of God's Word by compromising the Bible in Genesis Learn how allowing for an old universe of billions of years unlocks a door of compromise Heed the wake up call to the Church to return to the authority of God's Word beginning in Genesis Today most Bible colleges seminaries K 12 Christian schools and now even parts of the homeschool movement do not accept the first eleven chapters of Genesis as literal history They try to fit the supposed billions of years into Genesis and some teach evolution as fact Our churches are largely following suit Ken Ham international speaker and author on biblical authority examines how compromise starting in Genesis particularly in regard to the six days of creation and the earth's age have filtered down from the Bible colleges and seminaries to pastors and finally to parents and their children This erosive legacy is

seen in generations of young people leaving the Church 2 3 of them Get the facts discover God s truth and help bring a new reformation to the Church by helping to call it back to the authority of God s Word

The Six Days of Destruction Elie Wiesel, Albert H Friedlander, Cardinal B. Hume, Bishop R. Harries, Lord Jakobovits, 2014-06-28 If you do not take up this text to pray take it as a book to be studied Once you have read these stories they will not leave you for they are part of human history From the Introduction by Albert Friedlander The Six Days of Destruction is a religious text for use in both Jewish and interfaith services for Yom Ha Shoah it also stands on its own as a work of great poignancy The six stories were written by Nobel Peace Prize Winner Elie Wiesel with liturgies by Rabbi Albert Friedlander The book opens with prefaces by Cardinal Basil Hume Bishop Richard Harries and Lord Jakobovits and is illustrated with a collection of drawings by inmates of the Nazi concentration camps introduced by Elisabeth Maxwell and Roman Halter

On the Six Days of Creation Robert Grosseteste, Christopher F. J. Martin, 1996 This is a new translation of Grosseteste s masterful commentary on the Biblical account of the Creation Presenting a rich look at the unity of the medieval outlook the Hexaemeron combines the learning of East and West in a distinctively English way

The Six Days of Creation Daniel Negron, 2005-07 Lessons for the young on the six days of Creation François Samuel R. Louis Gaussen, 1860

On the Six Days of Creation , 2021-05-07 The first volume of our new series Fathers of the Church Shorter Works will be available in the summer of 2021 This series to be printed only in paperback format will offer English translations of treatises homilies poems and letters of the Church Fathers in slim easily affordable volumes In this way a multitude of important writings will become accessible to scholars and students as well as the reading public This is the first complete English translation of St Gregory of Nyssa s treatise On the Six Days of Creation In Hexaemeron It was probably written in 380 381 and is designed as both a defense and a critique of his recently deceased brother St Basil s better known homilies on the creation story as set out in the first chapter of Genesis At the same time it incorporates Gregory s own observations on the Genesis text which reflect his desire to show the consistency between Scripture and the philosophy and natural science of his day A notable feature is Gregory s presentation of God s creation of the world as what has been called a substantification of God s own will creatio ex Deo rather than creatio ex nihilo Other ideas of his seem interestingly to foreshadow those of modern science notably his challenge to the idea that matter is a primary ontological category and his theory that the world as we know it developed through a process of sequence akolouthia from an originally simultaneous creation of everything Gregory differs from Basil in maintaining that the waters above the firmament in Genesis 1 are spiritual rather than physical in nature He uses a modified form of Aristotle s theory of elements together with some interesting observations on geography and meteorology to construct a detailed and ingenious account of the water cycle This description enables him to refute Basil s notion that there needs to be an extra supply of physical water above the firmament so that the water lost from earthly seas and rivers through evaporation can be topped up

Six Days of Genesis Paul F. Taylor, 2007-06-01 Discover the five powerful truths within the phrase In the

beginning God Learn just how closely evolutionists and creationists agree on the division of land and water on the earth Uncover the biblical clue to where energy came from to explore life processes on an earth without form and void Explore whether there is any truth to the recolonization theory Can we really trust Genesis as the literal history of the world Many modern scholars and scientists would have you believe that you can't but this fascinating expository study by Paul F Taylor lays all doubts about the authenticity of the Bible to rest Follow this spellbinding verse by verse study Taylor takes you on from the Garden of Eden to the Fall to the Table of Nations Many Christians are alarmed by the disappearance of true biblical teachings in churches and even in many seminaries across America and Britain but this much needed resource for teaching prospective clergy and professors will help to battle the disturbing departure from biblical truth This exciting new tool is a wonderful aid for those who wish to defend against the evolutionary attacks leveled at them by society and sometimes even by the church
