Six Group Therapies:

Six Group Therapies S. Long, 2013-06-29 **Comprehensive Handbook of Psychotherapy Integration** George Stricker, Jerold R. Gold, 2013-06-29 This Handbook is the culmination of an interest in psychotherapy integration that led to our first professional collaboration in 1978 At that time we undertook in research conducted for a doctoral dissertation by the second editor and supervised by the senior editor to understand from and within a psychodynamic perspective the experiences of patients who had completed behavioral therapies At that time psychotherapy integration was a topic considered viable and interesting by only a few clinicians and scholars with little communication among them and less awareness concern and appreciation on the part of psychotherapists in general The situation today has changed The appearance of this Handbook may be taken as a significant sign of maturation and legitimacy of work in psychotherapy integration It is our hope and expectation that this volume will serve as an up to date and exhaustive overview of the status of ongoing scholarly and clinical work in the integration of the major schools of psychotherapy The Handbook opens with a section that will provide the reader with an overview of the history sociocultural context and empirical status of the broad field of psycho therapy integration **Highlights of the Annual Conference** ,1965 *Short-Term Psychotherapy and Brief Treatment Techniques* Harvey P. Mandel, 2013-11-27 The Scope of Brief Therapy Within the last two decades there has been a dramatic expansion in the uses of short term treatment Grayson 1979 Small 1979 Brief therapies have been and continue to be widely used with a number of different patient populations in a broad variety of service settings They have been reported in use with children adolescents adults and the aged in groups families and individual treatment on college campuses high schools in community mental health centers in child guidance clinics in private psychiatric clinics in hospitals as part of out patient or in patient therapy in programs of preventive community mental health with the rich the middle class and the poor Barten 1971 1972 Caplan 1961 1964 Small 1979 Wolberg 1965 Further short term methods of therapy range across all of the major and well known theoretical orientations found in the broader field of psychotherapy There are some unique theoretical contributions which can be found within this field as well **The Handbook of Psychotherapy** Petruska Clarkson, Michael Pokorny, 2013-11-19 Psychotherapy is a fast growing profession and The Handbook of Psychotherapy offers a unique and comprehensive overview of its many aspects The editors and contributors are all highly experienced practitioners who articulate singularly or jointly a particular viewpoint approach or opinion to produce an overall perspective on psychotherapy today Each brings a different emphasis to the relevant issues and the creative tension of this dialogue contributes to a lively and well informed picture of theory and practice Presented under five main headings the nature of psychotherapy and its research its culture modalities settings and issues the book offers a rich source of information and reference It has been written for all health professionals including nurses and general practitioners for social workers for psychotherapists in training for anyone considering psychotherapy as a career or seeking psychotherapy for voluntary
